Demonstration Given At Lone Oak Cannery

A beef canning demonstration was held at the Lone Oak Cannery on Saturday, November 13, with Home Economic and Agriculture teachers, principal, and cannery supervisors from West Kentucky counties as guests.

These were some of the things that were canned: steak, roasts, hamburger meat and soup steak.

Representatives from the American Can Company, together with staff members from the State Department of Agriculture and Home Economics, gave the demonstration.

A main feature of the day was the delicious meal served in the school cafeteria at the noon hour. Miss Lovett, Mr. Kelley, and Mr. Lynch were the hosts.

The cannery is open to the public on Wednesday and Thursday of each week. Call Mr. Kelley or Miss Lovett for appointments at the high school.

Students Hear South American Missionary

Friday, December 3, Miss Mariam Dickason, of Columbia, South America, spoke to the Lone Oak student body about the customs, speech, and differences of the people of Columbia from those of the United States.

Miss Dickason has been a missionary teacher in Columbia for fifteen years and gets a vacation every two or three years. This year she is on a ten month vacation and plans to return next fall to Columbia.

With Miss Dickason is a student from Columbia, a graduate from the college in which she was a teacher.

Following her address, Miss Dickason plans to spend her vacation with her mother in Wooster, Ohio.

SPEEDING CAR KILLS LONE OAK "COP"

One of Lone Oak's best friends was killed by a hit and run driver last week. "Cop," a brown mongrel, was a friend to everyone. He was head chief and policeman and number one friend of the whole community.

No one knows exactly where "Cop" came from, he just took up with some children going to school one morning and from then on he has made new acquaintances and almost everyone here in Lone Oak knew him.

He took care of the children around in their back yard and you could always find him around a group of children.

The Parent Teachers Association went together and paid for his license so he would not be picked up. Then one time when he was exposed to rabies

"Christmas"—yes, it is nearly on us again. It seems only yesterday that the news came out that Pearl Harbor was bombed. Naturally some of our boys were over there and some lost their precious lives. Christmas that year went on, but the feeling exists. "What will take place before another one?"

Lots took place and millions of our boys are now or have been serving our country. It makes Christmas in many of our homes very sad to think of what they are going through. Even if they can't be here they are "Dreaming of a White Christmas."

On that day, we, or most of us, will attend some kind of service and we should pray and think of our loved ones, they would like to be right along beside us, as much as we would like for them to be, but they are fighting where the fighting is fiercest for us. They are under the bomb shaken sky and we think, "I'll Be Home For Christmas if Only in My Dreams."

The word Christmas means more than pine trees, presents and decorations; it means that on that day our Savior was born. We should put our boys into His care and think that for sure next Christmas they will be home to have Christmas dinner with us.

MERRY CHRISTMAS

The staff of the Oak "K" wishes every Lone Oak student
A VERY MERRY CHRISTMAS and A HAPPY NEW YEAR

Students See "Major," Dog With Human Mind

Billie Watkins and his dog "Major" entertained the students on December 1.

Major, who is now 13 years old, but has been touring the country since he was 13 months old, walked on the stage and barked a hello to everyone. The program consisted mostly of him counting, but he also distinguished between objects and did a few other things.

"Little Major," who is only 9 months old, is another of Mr. Watkins' dogs. He also performed.

English Students Present Thanksgiving Program

On November 24th Mrs. Cooper presented her chapel program which consisted of three parts: Celebrating Book Week and Thanksgiving. Two skits were presented entitled "The Vicar of Wakefield" and "Rip Van Winkle."

The cast included: Norman Williams, Dorothy Dennis, Oneida Bearden, Martha Mitchell, Alton Ross, Johnny Johnson, J. D. May, Lorella Kirks, Louise Graves, Harold Sherron, J. W. Shelton, Billy Webb.

The program closed with a Thanksgiving pageant, "Lest We Forget."

NEWS FROM THE OFFICE

Our service room is coming along rather well, having twenty-two pictures and write-ups. There should be others who are doing a great deal for our country, so bring their pictures so we can look back at them in the years to come. Let's all co-operate.

Junior Class Presents "No Women Wanted"

Yes; That's right! "No Women Wanted!" But that's only the name of our play—ladies, you are welcome, when the curtain rises at 8:13 p. m. in the gym of Lone Oak, Thursday, December 16.

The scene of the play is a camp on an island in the Canadian north woods, where Jimmie, played by Warren Fordham, his father Allard, by Hal Clamptt, and Angus ("Sandy") McDougal, played by Dwight Timmons, have retired to enjoy a two weeks vacation—with no women within at least 100 miles. At least that's what THEY think!

Of course there is something behind this sudden vacation. Jimmie has become engaged, for the fourth time in three years; this time the girl is Lolita, played by Marjorie Lofton, a fiery little Mexican novelty dancer. Allard and Angus hope to change Jimmie's mind for him this time—as they have before—during their vacation. Two weeks are almost gone and Jimmie is still certain there is no girl in the world for him except Lolly, when suddenly the quiet is broken by the noise of a storm, and out of it, and into the lives of these three, comes the queerest conglomeration of women one can imagine! Of course Lolly would be one of them, and then there is Mary, played by Martha Wrather; Pat, the woman scientist, Betty Joe Jackson; and Val, the wise-cracking chorus girl, played by Ruth Morris. Can you imagine what happens next? Angus, the woman hater, meets Va, who sets her mind on capturing him at once; Lolly begins a one-woman "blitz" to get rid of any possible contenders for the heart of her "Jamie". In the meantime, Mary has her hands full holding at a distance the amorous Jimmie, who has decided that Mary is his dream girl after all.

Unimpressed by the position in which they find themselves, Pat continues her research—she is anxious to obtain a sport of the Bufonidae tree toad. You're right she has interest in nothing except the scientific! Poor girl! Allard tries vainly to keep peace in his "adopted" family and waits anxiously for the return of Gus, Max Robinett, who left just before the girl's arrival.

When Pat's snake is assisted in escaping, and roams almost at will, until it bites one of the company and is discovered—when Val proposes to Angus—when life becomes more hectic by the minute for these poor men—well, you can't afford to miss the smashing rip-roaring climax!

The play is under the direction of Miss Norma Billington. Technical crew is as follows:

Assistant Prom.—Willie Jo Bram and Arnett Winn.

Technician—J. D. May.

Electrician—Billi Hayden.

Let's Have Physical Ed. Classes For The Students

It's seven thirty. Time to get up! You jump out of bed and throw on your clothes. Maybe you have time to eat breakfast and maybe you don't; anyway it doesn't matter because you have to catch the bus at eight. Now that you're on the bus you have a little breathing spell, but just a little one, for you're the last person to get on before going straight to school. The bus arrives at school just as the second bell is ringing. You take the steps two at a time; hurriedly deposit your coat and rush into class just in the nick of time, for by now the tardy bell is ringing.

First period is so tiring; what time you're not studying you're trying to wake up. The bell rings; you go to second period. Now you begin to get just a little tired; by then it's time to go to third period. After this period, you can go to fourth period. By then you're really tired, but when the bell rings you go on to fifth period. At last sixth hour rolls around and you drag to your last class. Maybe you had two study halls during the day but probably only one; even if you did you had no time to relax for you had to get your lessons.

If only one hour could be set aside each day for a gym class, the students would appreciate school more. We need something to break the monotony of classes. Not only that but we need the exercise. Sitting in school all day with no exercise whatsoever is not good for one. Students could do much better work if they could relax awhile each day. On nice days it would be healthful for them to go out of doors. So, all in all, I think school would be a much more pleasant place in which to spend practically your entire day if a physical education class was organized for both boys and girls.

Memories

Since Christmas is coming on, I know that there are a lot of boys who are planning on furloughs for Christmas. And there are many who won't have that joy. Wonder how they'll spend their Christmas? Some were lucky enough to get home for Thanksgiving. I was down at one of our leading places for the teen-agers to gather for fun. Bob Bell, one of our former graduates, came in for a visit here in Paducah. He is in on furlough.

Ardry Taylor has been in on a furlough. He has been in San Antonio, Texas, and has received his wings. R. C. Ward is in Virginia, in the Army, building airports. Otis (Kays) Vick is in the Marines and was home on a nine-day furlough. Wendell Shelton has completed navigation training and has become 2nd Lieutenant. He was also home on a 12-day furlough. Milton Thompson is at North Camp Hood, Texas, on tank destroyers. He has been in the hospital on account of an injured knee. Harvey Key is at Camp Crowder, Missouri. He has finished his basic training and is in radio work as he was previously before entering service. Athel Shephard, Jr., is in the thick of the battle in North Africa.

Lucky Paul Terrell is in Camp Campbell. He gets to come home almost every week end. Henry Armand Bichon is stationed at Great Lakes and has finished his basic training. Brooks Luttrell, who left a few weeks ago for the Army, is in Camp Wheeler, Georgia. Allen Ross, who left and hoped to go to the Air Corps, made the grade, but is still in Fort Benjamin Harrison.

Oh, my goodness! There goes the bell. I'll see you later and tell you more about our gallant boys in service.

Lunch Hour

Gulp! Gulp down goes the food, then run up two flights of stairs at the fastest speed allowed, speak a few "hellos," and then before you have time for a good deep breath—"Bring-ing-ing-g"—you've guessed it, the bell.

We don't have enough time at noon to relax our mind and get ready for our afternoon classes. We hardly have time to eat. I realize that we can't have a whole hour for lunch, but by cutting 3 minutes from each class and 2 minutes from the home room period we could have twenty extra minutes. With this extra time we could have a period of relaxation and recreation.

This is not asking much and it will give us time to eat.

CLUBS

F. F. A. CLUB

Thursday noon, thirty-five members of the F. F. A. Club from the upper four grades served hamburgers and soft drinks.

Around 175 hamburgers were fixed for the feast. An average of five hamburgers for each member. Johnny Johnson and Jack Winn had a contest to see which one ate the most, and Johnny won by a small margin. He ate 15 to Jack's 14. Both are suffering ailments as a direct result. There were a few more who complained.

Mr. Lynch and Mr. Kelly attended the feast. The chefs were H. Knight, J. Winn and B. Hayden.

TASTE AND BASTE CLUB

The Taste and Baste Club, under the leadership of Miss Lovett, met at 2:15 on December 3. A candle light program was conducted, centered around the life of Ellen H. Richards, one of the founders of Home Economics, whose birthday is December 3.

The club is affiliating with the State and Home Economics Association and plan to secure club pins later on.

Names were drawn for the exchange of Christmas gifts and a program is being planned for that occasion.

"But Definitely"

Somewhere out west in the endless blue
Where the ocean and sky are of similar hue.

A ship and a crew wain to enter the fog,

To fight for the good old American way.

To fight for a hot dog and Lux toilet soap,

For picnics on Sunday and bottles of Coke,

For sodas and milkshakes and drive-ins and stuff

For popcorn and movies and bills on the cuff.

For Saturday football and loud college roars,

The crowd at the race track and colors galore,

An earful of music with Glen Miller's band,

And java and pie at the hamburger stand.

We'll sweat and we'll push through mud and through heat

We'll said her through hell and never be beat;

And the star of peace will shine some day

Then we'll all go home to the U. S. A.

Martha Nell: 2762-J.

Doris: Hello, Williams Insane Asylum. Martha Nell: Well, how is the main patient today?

Doris: Improving, but nobody would believe it.

Martha Nell: What's the latest?

Doris: Well, this may be ancient history but did you know that it is rumored that Charles Harton is secretly married to a girl from Tilghman.

Martha Nell: Well, he sits by Grayce in assembly.

Doris: Those seniors are paring off in assembly here lately aren't they?

Martha Nell: Who for instance?

Doris: Well, Jack and Frances, Oneida and Charles, and Hershel and Fern.

Martha Nell: I wonder which "Warren" is going to win out with Betty Hopkins?

Doris: I don't know the fight's still on or should I say fight?

Martha Nell: How did you like the girls' basketball game,

Doris: Okay, it seems to me that Jack and Floyd got the worst of it.

Martha Nell: I wish that some one would give Margie K. some gas stamps, the situation is desperate. Let me speak to Norman a minute.

Doris: Okay.

Norman: Hello.

Martha Nell: I want to ask you a serious question. Why do you call Doris an angel?

Norman: Well, because she is always ready to fly off, she's continually harping and she never has an earthly thing to wear.

Martha Nell: That was some blonde Jack Winn had the other night. Where did he get her?

Norman: He told me he just started counting his gas stamps and there she was.

Martha Nell: Let me talk to Doris again.

Doris: Did you know that Joe Morris uses the Columbus system of typing?

Martha Nell: I don't get it.

Doris: He discovers a key and then lands on it.

Martha Nell: What's the latest in the way of service news?

Doris: Did you know that Warren Fordham is joining the Navy?

Martha: I hear that a certain senior girl would prefer him in the Army.

Doris: Johnny ought to take as much care of himself as he does our team. Well I guess I had better hang up now, Sonny wants to call Barbara. Bye.

Martha Nell: Bye.

Lone Oak Cagers Take Four Straight

The Lone Oak Purple Flash got off to a flying start by defeating Reidland in the initial game of their cage season. The game was nip and tuck through the first three quarters, but the Flash opened up with a barrage of field goals in the fourth quarter to increase their margin to 25-15 for the final score.

The line-up:

November 19, Lone Oak defeated the Sharpe Green Devils for the first time in many years. Although Sharpe had a margin of height over the Purple Flash, they were dealt their first defeat of the season. Lone Oak ran up eight tallies during the first quarter, against the opponent's 4, and held the lead throughout the game. The contest ended with a score of 30-22.

November 23, the Purple Flash defeated the St. Mary's Knights by a narrow margin of 19-18. The game was expected to be a one-sided affair, but turned out to be one of the best games of the season, due to several new plays the Knights had worked out. The game was nip and tuck; first the Flash and then St. Mary's scoring.

The B team game turned out to be a victory for St. Mary's with a score of 17-16. This was Lone Oak's B team's first defeat, however it took place in an overtime period. The line-up:

Greyhounds Black-Out Purple Flash, 25-22

The Lone Oak Purple Flash received its first defeat of the season Friday night, December 3, when the Reidland Greyhounds pulled into the lead by a score of 25-22, on the Greyhound's home hardwood.

The first quarter found the two teams battling to a tie with 6 points each. Reidland opened the scoring with a foul shot, but Fesmire, within a few moments, put the Purple Flash out in front with a field goal.

The close of the second quarter told a different story, however, for the Flash ran wild, led by the capable Fordham, who scored 8 points in the quarter, and the whistle found the Lone Oak out in front by a score of 17-12.

The third quarter was a close battle as both teams tightened their defense. During the third period the Greyhounds scored 5 points to three tallies by the Flash, and narrowed Lone Oak's margin to 17-20. In the closing quarter Reidland pulled ahead of the Flash and spurred to victory with a final score of 22-25.

SPEEDING CAR KILLS LONE OAK "COP"

(Continued from Page 1.)

and had to be taken to Dr. Warner, the business men of Lone Oak paid for the bill.

He took up the habit of running after cars, barking and making speeding cars slow down. By doing this he became less popular with the citizens of Lone Oak. They were afraid he would run out and get hit. But he always seemed to slow them down this way.

"Cop" did this one time too many though and met his death by his old habit of chasing cars.

Special funeral rites were held for "Cop" Tuesday afternoon at 3:30 o'clock. The funeral services were held in front of Craig's Drug Store, with a large crowd attending. Johnny Johnson officiated.

After the service he was interned on the Wild Cat Road.

"Cop" will always be remembered by Lone Oak and especially by Lone Oak high school students.

The seniors received their rings on Thursday, November 4. They were presented by Mrs. Cooper, their home room teacher.
