### A WORD FROM THE SENIORS OF '48

We are approaching the goal that we have been working toward for the last twelve years—our graduation. We have worked hard at times during those twelve years but probably never as hard as we should have. We have had many good times and also a few bad experiences. Before we reach our goal we would like to say—

First, that we wish to thank our principal, Mr. Robinson, who has been so interested in our welfare during the two years that he has been at our school. He has encouraged us, as a class and as individuals, in everything that we have undertaken and has always been willing to help us in any way.

Second, we wish to thank our sponsor, Mrs. "Lib" Sanderson. There are few people who could have done as much as she has done in one year. Sponsoring the annual, the school paper, coaching the senior play and managing the many other senior activities is no easy task. Besides all these, she has worked constantly to help the class to earn money for their road trip. Many times we have felt that we were ready to quit because there were so many, many things to do but with her encouragement and work we have managed to get the paper out, the annual completed, and have a very fine road trip.

Third, we wish to thank all the teachers that we have had who have taken such an interest in us and worked constantly to help us increase our knowledge even though many times we ourselves have not been interested enough to open a book.

Lastly, we would not forget our fellow students who have helped to make this year our happiest at L. O. H. S. We appreciate the interest the student body showed in our road trip and their willingness to help us as a class.

As we leave Lone Oak High, I, as editor, speak for the class of 1948 and say goodbye to each of you, assuring you again that we will always remember everyone who has helped to make our years here the happy years that they have been.

Nolen Allen, Editor

Eddie Cothron: Your girl's spoiled, isn't she?  
 Jimmie Timmons: Oh, no it's just that perfume she's wearing!

### THE WORLD AWAITS YOU

A coincidence! Last year Jimmy Timmons and Maydie went to the banquet together and herad Nolen speak. This year Nolen and Maydie will go together and hear Jimmy speak.

A sixty-four dollar question: What has the month of April done to all the couples? Was it a miracle or not?

What kind of set up is this case of James Claypool and Lois A. Charvat?

We need more plays to make less lovers or is it more lovers?

The hill by Aimee's is too steep to climb without resting several times, isn't it, Bob?

Why was Poyner trying to find out the name of the girl that's taking him to the banquet?

Well, Margaret J., what is this we hear about that swimming party?

Oh! That road trip!!

Ralph Higgins; at last a girl! We actually saw him talking to a cute little Soph.

Billy Joe Grimes—Melva Fondaw two nice Junior brunettes—an so-o-o friendly too!

Did you ever see so much jewelry as the seniors are wearing since they began getting their graduation presents?

Nothing is impossible, but some things take longer.

### TO THE SENIORS OF '48

I wish to take this opportunity to thank all those seniors whom I have been unable to thank personally for the lovely silver given me on the night of our senior play. Together with the setting given me at Christmas, these pieces make a gift which will prevent my ever forgetting you, as if I ever could. Again let me thank you for the gift as well as for the thought which prompted you to remember me this way.

Now that the time has come for you, the seniors of 1948, to leave L. O. H. S., I want you to know that I have enjoyed every minute of being your sponsor and in the years to come the memories of the many things we have done together this year will always give me pleasure. My interest goes with you as you graduate. Don't disappoint me. Whether you find great success—whether you accomplish much or little in the years ahead, I will always know that you have done your best.

Affectionately your sponsor,  
Mrs. "Lib" Sanderson

### Library Club Ends A Most Successful Year

The Library Club has had a very successful and pleasant year. There are 16 members who were faithful to their task, always on duty when their turn came to serve at the desk. This year two boys have been added to the force, and what Dulany and Courtney don't know about the books just isn't known. All of them are to be thanked for sacrificing their study periods to serve us at L. O. H. S.

The project of a circulating library in the grades has had favorable results, 6000 books being read by the grade students. One hundred and twenty-five volumes have been added to the library this year. We are looking forward to more books as a gift from the P.-T. A. Fifty current magazines have been enjoyed by the students each month. Among these are several suited to the primary grades.

Luncheons or theater parties have been regular social events of the club. At the last theater party, "Gentleman's Agreement" was enjoyed. Mrs. Page presented each member with a picture of the library.

The Librarians have tried to encourage a desire for reading by charts, posters, and printed book lists.

The expert supervision by the club's president, Anita Brannon, has made it unnecessary to collect overdue fines. No books or magazines have been lost except the new periodical "Scientific Detective," which leaves the shelf in some mysterious way each month.

#### TO THE STAFF

We would like to take this opportunity to thank the members of the Oak "K" staff and the journalism class for their work on the paper. We also want to thank our sponsor who has worked with us and shown us the many things about newspapers which we did not know. Without her work and the combined efforts of each person on the staff we could never have had a school paper like the Oak "K".

Also we appreciate those members of the Senior Class who have worked on the Flash, gathering subscriptions, typing and doing the other work which you have done. We hope that you enjoyed the work as much as we have.

### Seniors List Efforts To Finance Annual Trip Made This Week

In answer to a number of persons' questions who have asked different seniors how they raised money for their annual road trip, we will attempt to name some, if not all, of the different things done. First, when the class ordered their calling cards from the Balfour Company, Mr. McElya, the Balfour representative, gave us a 10 per cent cash discount on the order. The class voted unanimously to donate this commission to the road trip fund. Two drives were made for scrap paper and old iron (one drive each semester). Our first senior party was a measuring party, admission being one cent for each inch of the guests' waists. In December the senior boys planned and presented a Womanless Wedding (remember Fred, the blushing bride). The P.-T. A. Mothers very kindly gave us half the proceeds of the P.-T. A. game in which the Senior Girls played (And beat us too!) The senior girls made gift items and sponsored a Christmas Gift Bazaar at the K. U. office. After Christmas we were a little handicapped for a month because of the furnace trouble but we ordered and sold 144 mechanical pencils especially made up in the school colors of purple and gold. Carl Howard designed a pennant which the Feltcrafters at Plaistow, New Hampshire, made up for us. We sold 72 in the first order and then ordered 144 more and do not have a pennant left. We had a Valentine box supper (don't you remember the lovely boxes looking just like real Valentines?) and though the weather man let us down that night, we had a big crowd and sold all the boxes and drinks. We also had a Leap Year Party and such fun as that was! The girls brought the boys and paid 25c per couple admission.

We ordered and sold 50 boxes of greeting cards at \$1.00 per box. The first sale was so successful that we ordered 50 more. Thanks to super-salesman G. G. Grief and Sammy Newton (who sold 21 boxes in two days) the cards are all sold. Mr. Robinson let us have charge of the Magicians show which Mr. and Mrs. Glass presented. We made a nice sum on that, too. Then, there was that much talked of '47 vs. '48 basketball game which we sponsored. And the senior play—can anyone ever forget "Professor, How Could You!"? And this week end we are having a rummage sale and a second bazaar to help pay the cost of commencement programs and class night gifts. All

### Flash Plans Trip To Kentucky Lake

#### SENIORS PLAN BUFFET SUPPER

Seniors and the invited guests will enjoy a buffet supper in the high school library Wednesday evening at 7 o'clock. Supper will be served from the long library book counter which will be decorated with flowers and candles in the class colors of red and white.

Mary Agnes Sellers, Margaret Johnson, Carolyn Graves, Carl Howard, and Eddie Cothron will act as reception committee.

Mrs. Louise Wickliffe will present a musical program during the supper hour.

the seniors are sorry we did not get to have the minstrel; you would have simply loved that dancing chorus, and there was the mock operation we planned and the chicken supper we had the tickets printed for. Juniors—so soon to be seniors—we leave these ideas with you! May you have as good luck as we did!

Unfortunate accidents seemed to haunt Miss Jewell's room this last six weeks. Harold Arbuckle and Alton Yates were hit on the head with a baseball bat on the same day. Two days later Harold Reed broke his leg while playing ball.

The happiest thing that has happened to Mrs. Thursten's seventh graders is the success of our talent show and cake walk.

Members of the cast were: Mr. Pardew, Poodle, Carroll Elliott, Harry Champion, Carolyn Pennebaker, Jean Goin, Shirley Hook, Jimmie Kinsey, Max Johnston, Brucella Tilley, Rudy Schmidt, Patsy and Nancy Hines, Carol Fellows, Peggy Evans, Ralph Ball, Donnie Plumlee, Virginia Allen, Mrs. Alderson, Miss Peoples, Miss Polk, Patsy Gish, Rose Thursten, Roy Buchanan, Betty Reynolds, and Jerry Hook.

We want to express our thanks to Eldridge Perry for hauling two loads of scrap iron and paper to town for us. We also thank Mrs. W. F. Knarr for hauling one load.

Our mothers have baked pies and cakes for our pie and cake sale.

Through the above mentioned our trip to Mammoth Cave has been made definitely possible.

We are sorry that one of our members, Jimmie Kinsey, was not able to participate in the boxing tournament held at Paducah. His coach withdrew him because he could not be evenly matched.

Eight of us thus far have not missed a day of school. Eight have not missed a Sunday at Sunday School the whole year. Two have missed one Sunday.

Our room has read 1197 books this year.
