

## Lone Oak Drops Bandana In First Game Of Tourney

Lone Oak's powerful Flash won its first game of the second district tournament by overpowering Bandana 89 to 58 on Thursday night, March 1.

Both teams were hot in their shooting but Lone Oak's rebounding power and superior ball handling told the difference.

Lone Oak's lead kept mounting so in the third stanza Coach Eans put in a new team. They too, kept building up a lead.

All 10 of Lone Oak's boys scored and the starting five all scored in double numbers. Slick Herndon topped all scorers with 21.

Lone Oak	25	47	68	89
Bandana	11	29	45	58

### Lone Oak (89)

Forwards: Allen 10, Herndon 21, Lane 1, Knight 2.

Centers: Donaldson 13, Douglas 7.

Guards: Hubbs 16, Seward 15, Dexter 2, Stephenson 2.

### Bandana (58)

Forwards: Lowery 6, O'Donley 20, Champion 11.

Centers: Allen 5, Holt 5.

Guards: Yancey 7, Kinsey 6.

After defeating Bandana, the Flash met Wickliffe in the semifinals and was downed 78 to 65. Lone Oak couldn't quite slow down Rollins enough to get rolling themselves.

Carney Allen, ace Lone Oak forward was elected to the all district team by the coaches and officials of this district. This was quite an honor for Carney. All players named to the team received miniature gold basketballs.

## Fire Protection Is Secured For Lone Oak

The Lone Oak Fire Department, the first in McCracken county, is well on its way. The Lone Oak Lions launched this drive about a year ago. Then the Lone Oak community, tired of homes burning and being able to do nothing about it, joined the drive.

The department at first consists of a well-equipped truck, operated by the citizens of Lone Oak, who have worked diligently on the campaign. The truck body was designed with the help of the Paducah Fire Department and Benny Holt and others. Brown Sheet Metal Works, for a cut price, built the body. Holt and the Lions and other helpers put on the main 500-gallon-a-minute pump, main 371-gallon tank, ladders, main pump, the bell, siren, 300 feet of booster hose, C. O. 2 fire extinguishers for fighting gas and oil flames, four 2½ gallon pump tanks, hand tanks and other equipment.

Many Paducahans have helped immensely on this campaign; for example: The Illinois Central System donated a sand blasting job for the truck. A wrecker company donated its services in working on the equipment. A Lone Oak garage painted the vehicle. Many others helped on the project.

Although Lone Oak has a good start they have far from finished. Lone Oak water residents must give some \$4,125 for 33 fire plugs, must pay unpaid bills, and raise funds for a concrete block fire station with a highly organized department.

Work on the station will be donated labor, "as much as possible."

The Lions will need about \$16,000 to make the department complete.

The department will go any-

## Lone Oak's Junior High Comes Out Fourth In Tourney At St. Mary's

In a tourney field of 16 teams, Lone Oak's Junior High team emerged as fourth place winner in a tournament held in the St. Mary's gym during the week of February 22. The Junior Flash played four games in the tournament and were winner of two of them. One of those losses was to St. Mary's who has one of the classiest Junior High teams in this area.

David Glisson brought honor to himself, the team and the school by being awarded a plaque acclaiming him the best high school prospect in the tournament.

Teams besides Lone Oak competing in the tournament were St. Mary's, Blandville, Smithland, Sharpe, Heath, Sturgis, Hopkinsville, Mayfield, Benton, Cuba, Fulton, Marion, Morganfield, Trigg County, and South Christian.

Lone Oak competed in four games and won two of them.

### Lone Oak (34)

Forwards: Robinson 12, Utley 4.

Center: Strong 2.

Guards: Glisson 15, Pirtle 1.

### Marion (26)

Forwards: Hina 1, C. Vanhoozier 7.

Center: Towery 7.

Guards: Tabor 15, D. Vanhoozier 3, Hunt 2.

### Lone Oak (44)

Forwards: Robinson 15, Utley 3.

Centers: Strong 8, Faith 5.

Guards: Glisson 9, Hayden 3, Pirtle.

### St. Mary's (62)

Forwards: Rogers 9, Robinson 3.

Centers: Myrick 3, Ward 4.

Guards: Cochran 14, Kortz 10, Sullivan 6, Gus 8.

### Lone Oak (51)

Forwards: Robinson 11, Yates, Utley, Keeling 2.

Centers: Strong 7, Faith 4.

Guards: Glisson 9, Hayden 4, Pirtle 12, Edwards 3.

### Blandville (20)

Forwards: Hamilton, Gunn 3, Dublin 2.

Centers: Blackman 3, McGowan 2.

Guards: Allredd 8, Douglas 2.

### (Lone Oak) (40)

Forwards: Robinson 6, Utley 2.

Center: Strong 6.

Guards: Glisson 18, Pirtle 8.

### Smithland (44)

Forwards: Threlkeld 3, Weaver.

Centers: Thompson 10, Smith 2.

Guards: Cooper 10, Gardner 12, Kraus 7.

## Varsity Netters Receive Jackets

At an assembly on February 6, Coach Jack Eans presented to each player on the varsity and to the two managers, a jacket, given as a gift from the school.

The jackets were purple with gold trimmed collars and sleeve cuffs. The letters and service bars given with them were also purple trimmed in gold.

All the boys are very proud of them because they do represent our school.

## Mrs. Mary Allen North Commerce Dept. Head

MRS. MARY ALLEN NORTH

Mrs. Mary Allen North, one of the senior sponsors, is the head of our commercial department. She graduated from Heath High School in 1926, attended the University of Kentucky and Murray State College, where she received major training in commercial work.

As the mother of our children, who are attending St. Mary's Academy, she has the understanding of young people that is needed to become a good teacher.

She is a member of the National and State Business Education Association, Southern Business Education Association, the P. T. A., M. E. A., Daughters of Isabella and St. Francis de Sales.

Mrs. North has taught commercial courses at Lone Oak High School for the past seven years, developing it so that it is one of the best departments in this county.

## F. F. A. Heard On WKYB; Dexter MC's

In connection with national F. F. A. Week, WKYB gave 15 minutes of their time each day to the F. F. A. Chapters in this district so they could have a program about their chapter and what they are doing.

We had seven boys in our program. Glen Dexter was master of ceremonies. Cleatis Shaffer told about our chapter and emblem; Terry Goin told the aim and purpose of our creed; Harold Lynn told about all our activities; Paul Anderson told how the pig chain works and how it helps our chapter. Wilbur Pirtle said a few words about his Soil Conservation essay. Charles Douglas sang two songs and Ruth played for him.

## Flash Edges Calvert City By Two Points

Lone Oak had to come from behind in the fourth quarter to down Calvert City's Wildcats 73 to 71 Friday night, February 16.

The game was closely contested throughout with both teams fighting for a lead. The Flash was trailing by five points at the close of the third quarter but managed to get ahead and stay there for the closing minutes of the game.

Lone Oak	21	40	55	73
Calvert City	18	41	60	71

### Lone Oak (73)

Forwards: Allen 23, Douglas 2, Herndon 15.

Center: Donaldson 10.

Guards: Hubbs 6, Lane 2, Seward 15.

### Calvert City (71)

Forwards: Smith 9, Hamilton 6.

Center: Hargrove 21.

Guards: Hail 8, McLemore 27.

## Lone Oak Overwhelms Blandville 110 To 84; Set Scoring Record

Lone Oak toppled Blandville 110 to 84 Tuesday night, February 20, in a record breaking game one the Lone Oak hardwood.

Unofficially, about six records were broken. One hundred and ten points is a record total for the state this year and it is the highest ever in the first region. It is also the highest number ever scored by a Lone Oak team and the most ever scored in the Lone Oak gym. An average of seven points per minute is probably close to a record for two high school teams. Besides all that it is something for a high school team to score 84 points in a game and still get beat.

The game was never very close. Although both teams scored at will, Lone Oak always managed to stay in front by several points.

Kenneth Donaldson topped all scorers with 25 points. Byassee was high for Blandville with 23.

Lone Oak	26	46	77	110
Blandville	14	37	58	84

### Lone Oak (110)

Forwards: Allen 12, Douglas 4, Herndon 14, Lane 18.

Centers: Donaldson 25, Knight.

Guards: Hubbs 10, Dexter 1, Seward 22, Stephenson 4.

### Blandville (84)

Forwards: Tisdale 15, Sommers, Tilford 22, Glisson 5.

Centers: Byassee 23, Batts.

Guards: McGowan 14, Maxie 4, Dewese, Atteburn.

## F. H. A. Starts New Semester Projects

The F. H. A. organization with the help of its sponsor, Mrs. Lester Goheen has taken the girl's rest room and coat room as their projects for this semester. Plastic curtain, dressing tables, coat racks, and mirrors have been added by various classes. This has helped the appearance of the room greatly.

Many girls have been busy making attractive posters and formulating new rules. Monitors are assigned for each period and are on duty at all times. Let's all cooperate with these girls and do what we can to make this project a success.

We want to say "Hats off" to the F. H. A. president, Ruth Douglas and its sponsor, Mrs. Goheen.

## P. T. A. Unit Meeting Held February 19th

The unit met Monday night, February 19, 1951, at the school with Mrs. Tuttle Lockwood giving the Founders' Day message. Joe Lee Boyd gave the devotional and Mrs. Bobby Rogers sang one solo.

Mrs. John Holshouser and Mrs. Oscar Gilbert had charge of the silver tea, with Mrs. C. S. Allbritten and Mrs. Haselip, teachers and the third grade room mothers as hostesses.

W. J. Helm discussed the "Tax Re-assessment Program."

A nominating committee was elected, composed of Mrs. Tom Asher, Mrs. Joe Lee Boyd and Mrs. John Robinson.

The Sunday School attendance award was won by Mrs. Ray's first grade room. The senior class and Mrs. Allbritten's third grade won the attendance awards.

We will have better law enforcement in this country when citizens generally are more willing to obey the law themselves.

## Jean Peyton Crowned Basketball Queen In Impressive Ceremony

On February 13, in an impressive ceremony held in the Lone Oak gymnasium, Jean Peyton, freshman candidate was crowned basketball queen for the season of 1950-51, by Carney Allen, Captain of the Flash. Contestants from the other classes and serving as attendants were: Betty Dunning, senior; Phyllis Clark, junior; and Carolyn Pennebaker, sophomore.

Each class nominated one girl to compete in the contest, then programs were given by each class to earn the \$50 set as the fee for entering their contest. On February 8, all from the fourth grade through the twelfth grade voted and Jean Peyton won by popular vote.

Mrs. Euna Mae Hicks, freshman sponsor, worked hard to develop a unique and beautiful ceremony. Part of the freshman class formed a L. O. H. S. formation and the remainder made an aisle to the queen's throne. The queen's attendant's, the cheerleaders, and the basketball team were dressed formal for the occasion.

Jean is an ardent fan of the Flash and has been present at most of our games. She is an active member of several extra-curricular activities such as music, Home Economics and F. H. A. We are proud to have Jean as the first freshman basketball queen in the history of Lone Oak High School.

Blonde, blue-eyed, Betty Dunning was representative of the senior class. Her pleasing personality and ready smile won the hearts of many and presented stiff competition in the contest. Betty is on the office force and has always been ready to help in class activities.

Another blond who has the title, Lady Beautiful, is Phyllis Clark from the junior class. Phyllis is a member of the Beta Club and takes her place in music and the F. H. A. Her sweet disposition has made her popular with all of the students.

Last, but not least is Carolyn Pennebaker, who has certainly contributed her hard work throughout the contest. Carolyn was in charge of the making of the crown—which was made of gold sequins and trimmed in tiny jewels. Besides her being F. H. A. treasurer, an active member of the Beta Club, and in music, Carolyn has worked hard as manager of the cheerleaders.

Congratulations to Jean Peyton, queen, and thanks to all of these girls, who have been such good sports in the contest, and, also to those who helped in making the coronation possible.

## WORK CONTINUES ON "FLASH" YEARBOOK

The Flash, sponsored by the Senior Class, is a book of memories for the entire school. It contains pictures of some of the grade rooms, their playground, and group pictures as well as pictures of interest to the high school. The pictures appearing in the annual were made by Sacra's Studio. The editor of this year's annual is Lou Enderlin and working with her is Charles Rayburn, co-editor.

The price of the 1950-51 annual is \$3.00 and anyone who has not subscribed, contact Delores Spears or Ann Overton and pay the small deposit of \$1.50 to reserve your annual until it arrives sometime in May.

# THE OAK "K"

## ATOMIC McCracken County

**McCracken County 1949:** This county was made up of people who were chiefly interested in their farms and dairies, their home and community life, their churches and schools. These people were contented people, striving for the betterment of their schools, churches, and communities. McCracken county was a clean county, all precincts having voted to keep out intoxicating drinks, and trying to keep down lawlessness. The people were slow-moving, easy-going, and were living a well-balanced life.

**McCracken County 1951:** A changed county, a changed people. In some sections of the county one would hardly recognize it because of the drastic changes that have been made. New roads have been built, old buildings torn down, and new ones being erected. The people have changed even more. Instead of a contented people, there seems to be confusion and unrest.

What has brought this about? The coming of the atomic plant to McCracken County.

The coming of this plant brings many advantages. It has opened up many jobs, and because the plant pays such high salaries, many local employers must raise their salaries so they can keep their employes. That means the average person is making more money. The value of property has increased tremendously and many houses are being built. All of this makes better business. The building of this plant has brought in many people, some of whom are good, influential people; these are an asset to any community. Also before the coming of the plant McCracken County was just a dot on the earth; now the eyes of the Nation are focused upon us.

Possibly the disadvantages out-numbered the advantages, for the coming of the atomic plant brought many problems. One of the greatest problems is the over-crowded conditions. So many new people have come in that there is a housing shortage. Trailer camps have rapidly appeared, many people are opening up their homes and are renting out sleeping rooms, and yet many people are forced to sleep in their cars. This condition is felt in the schools even greater than anywhere else. The children of the workers who have moved to town fill the classroom too full for everyone to get the full benefit from school. Eventually the Federal Government will give aid, but until that time, both faculty and pupils must do the best they can. Much damage will be done because teachers cannot be their best and pupils cannot do good work in such over-crowded conditions.

Lawlessness will abound, when there is a boom in any place as the atomic plant has brought to McCracken County. There are always many people who will follow these jobs. These people are transit people, here as long as the job lasts, then gone on somewhere else. A great number of these are not interested in anything but making money and spending it. Many undesirable people come in—gamblers, murderers, and drunkards. That makes the field ripe for bookie joints and taverns. The law enforcing agency of the county has a big job on hand; it will take the co-operation of all law abiding citizens to keep McCracken County the morally clean county it was before.

It is up to the people of McCracken County to solve these problems and if they are solved, the benefits reaped from the coming of the atomic plant will be great for McCracken County.

## County School Pay Upped; Funds Assured

A \$25-a-month wage raise for all McCracken county school personnel, teachers, custodians, bus drivers and others—was approved recently by the county board of education.

Superintendent Henry Chambers said the raise was based on an assurance that the system will get \$13,000 in federal government emergency funds to supplement personnel expense money for the remainder of this year. The board sought the money to meet conditions created by the Paducah atomic plant.

The school system, he said, qualified for the \$13,000 immediately under the law allowing emergency U. S. funds for schools in critical defense areas.

The \$13,000 grant materialized after representatives of the U. S. and Kentucky departments of education "explored" the emergency fund issue here in January and after school leaders—including Mr. Chambers and Paducah Superintendent Mark F. Scully—attended meetings arranged by Governor Wetherby in Frankfort.

Mr. Chambers and Roy McDonald, Trigg school head, were named on a committee to continue an effort to get regulations changed so schools affected by defense projects "can get aid quicker and easier."

## "Who's Who" Poll Is Taken By Music Dept.

Being so good to us most of the time, we thought our "Nora" was really O. K. But did we ever get fooled.

After everyone got settled, Miss Overstreet called the roll and *quietly announced*, "get out paper and pencil; you are going to have a test." *Some people were made out this did not falter* Miss Overstreet. Oh no! Mind you we had the test. But to everyone's surprise, it was something we all liked. We were asked a few questions like these: Who is your favorite girl singer? Your favorite band and so forth. The results have been tallied and here they are:

**Favorite Girl Singer:** Jo Stafford by a large margin with Doris Day second and Patti Page a close third.

**Favorite Boy Singer:** Everybody's favorite, Bing Crosby with popular Perry Como coming second.

**Favorite Band:** Guy Lombardo leads this one with Tommy Dorsey, Harry James and Wayne King in order.

**Favorite Musical Program:** Club 15.

**Favorite Hillbill Band:** Spike Jones.

The last question was whether the students preferred popular music to semi-classical and popular to hillbilly. It turns out our students prefer popular to all of it. But who can blame them! Doesn't everyone like good music!

Now to get to the serious side

of things. Our music department has really been doing things not too many people know about. They have been working for about the past two weeks. Yes, contest time is getting close and all of us have settled down to work. The district music festival, held in Murray College Auditorium, will be March 30 and 31. In years heretofore, we have brought home many superior ratings and naturally we want to do the same this year, so you see the reason for the hard work. The small groups began work Thursday, February 22 while the Girls' Chorus and Mixed Chorus began about three weeks previous. The selections made by Miss Overstreet are "In A Monastery Garden" by Ketelbey for the Mixed Chorus and "O Yellow Moon" by Carter for the Girls' Chorus.

Everyone has enjoyed the work and fun we have had and we

## Two Lone Oak Scouts Honored At Banquet

Two local Scouts, Bobby Brannon and Randal Robinson, both of Lone Oak, along with Scouts from other local troops, were honored at a Scout banquet held at the Irvin Cobb Hotel in Paducah.

Bobby, one of the highest ranking Scouts, was honored still further by receiving his bronze and gold palms. This is a real honor.

Randal, one of the younger Scouts, received his Eagle Scout Badge.

Lone Oak High School is very proud of them and we hope they have as much success in all of their activities as they are having in the field of Scouting.

only hope that when we go to Murray, we can make Miss Overstreet very proud of her music department.

**Junior Flash Defeats Franklin Red Devils**

The Lone Oak Junior League ball team registered its first victory of the season on Monday, February 19, by downing Franklin 46-34. The Junior Flash grabbed an early lead and held it the entire game. At the top of scoring list was Pirtle with 16 points, followed by Glisson 15 and Robinson with 12. Top scorer

for Franklin was Mathis with 9 points. The line-up was as follows:

- Lone Oak**  
 Forwards: Utley 2, Robinson 12, Yates, Keeling.  
 Centers: Strong, Faith 2.  
 Guards: Glisson 15, Pirtle 16, Hayden.
- Franklin**  
 Forwards: Mitchell 6, Lane 6, Dowdy 2.  
 Center: Mathis 9.  
 Guards: Falkerson 7, Evans 2, Rudolph 2.

**Lone Oak's Commercial Department Aids Students In Life Before And After Graduation**

Lone Oak's commercial classes: typing, clerical office practice, bookkeeping, and shorthand, help our students in many ways both before and after graduation.

Before graduation, typing helps the students to make better grades in their lessons. Papers that are typewritten are easier for the student to prepare and much easier for the teachers to grade. A pupil saves time by typing his lessons. This gives him more time to study his other lessons which do not have to be written. The knowledge of shorthand helps the students to take notes when a teacher is lecturing on an important subject.

Lone Oak's commercial department has helped many of our graduates to get the jobs they now hold. Ruth Williams, Norma Jean Harris, Juanita Harris, Lavon Baker, Maggie Hicks, Peggy Utley and several others are using the knowledge gained at Lone Oak in the various offices of Paducah.

The department plays an important part in the school program. It helps the P. T. A. by typing or mimeographing programs and bulletins for their meetings. It aids the teachers by typing reports and duplicating tests. The Seniors have used the department extensively this year while preparing the basketball programs to sell at home games. Commercial subjects have helped the journalism students. To be prepared properly, a story for the paper has to be typed. The school annual and the cafeteria are also among the things that are helped by this department. All copy for the annual must be typed and the forms for the cafeteria reports are mimeographed in the commercial rooms.

There are 54 Juniors taking first year typing; 15 Seniors studying bookkeeping; 31 Seniors in the clerical office practice class and 11 Senior girls studying shorthand.

Clerical office practice is a new class at Lone Oak this year. It has been designed to meet the needs of non-secretarial business majors who are training for office work. This finishing course for non-secretarial majors provides intensive and integrated pre-employment training. The objectives of this course are to:

1. Aid the student in mastering office skills that are usually not taught in other courses. Examples of such skills are filing, duplicating, keeping payroll records, and operating calculating machines.
2. Provide refresher training in once-learned understandings and skills that are partially lost if they are not used constantly.
3. Integrate the old and new understandings and skills by means of a series of realistic office assignments.
4. Develop those personal qualities and traits that are essential for success in a business office. Shorthand greatly speeds up

writing. The fastest writers can write as many as 250 words a minute and most shorthand writers are able to reach a speed of 150 words a minute. Court reporters must have speed in shorthand because they must take down all the exact words spoken during a trial. Most court reporters can write well over 200 words per minute. The average speaker speaks at the rate of 150 words per minute.

It is impossible for the average person to write in long hand as fast as even the slowest speaker speaks. Few persons can write even as many as 60 words a minute. Therefore, the only way to write as fast as people speak is by using this system of symbols called shorthand or sometimes called stenography.

**QUIETNESS IN THE HALLS**

Quietness is the mark of a good school. It is pleasing to see how teachers and students are working together for this goal. We can be proud of our school when we have visitors if it is quiet. For the past few weeks we have had one of the quietest buildings in the United States so keep up the good work.

## Grade School News

### Mrs. Lamm's First Grade

From all accounts "Old Man Ground Hog," must have seen his shadow for we really have had bad weather.

Our room attendance hasn't been so good this month. Several of the children have been sick but nothing too serious.

When we think of noted birthdays we have none to report in the room for this month, even though several of our great men came to the world in February.

We wish to thank Mrs. Buckingham, Mrs. Trainor, Mrs. Wallace and Mrs. Wilderson for our lovely Valentine party.

The children have really enjoyed their cutting and coloring for the month.

What our room wishes is "more sunshine and less mud holes and water."

### Mrs. Ray's First Grade

The children of Mrs. Ray's room have been a very busy group this month. Our enrollment is now 28, and despite the weather conditions and sickness we are able to report an average attendance of 24.33.

Our activities for this month were based on "Old Ground Hog." His shadow pictures, our two patriot's birthdays, Valentine with free hand design cuttings, scribble work, and color charts.

A lovely Valentine party was given by our room mothers, Mrs. Rayburn, Mrs. Henry Morris, and Mrs. Maurice Rudolph. Home decorated cookies and ice cream were served as refreshments.

We also are glad to report a good Sunday School attendance this time.

Our birthday greetings go to Jimmie Lee Harris, Jackie Shaffer, Rebecca Lee Johnson, Mary E. Rayburn, and Marilyn Sue Wallis.

### Mrs. Meunier's Second Grade

The little month of February has brought us many interesting experiences. We have learned about Abraham Lincoln and George Washington.

On Valentine Day, Mrs. N. E. Chrisman, our room mother had a party for our room. Prizes were won by Betty Rose Hook and Frances Pippin. Our visitors were Mrs. Chrisman, Mrs. Lincoln Cole, Mrs. Frank Bean, Mrs. Wayne Trevathan, Linda Cole, Danny Hook, Freddie Griffith and Martha Lynn Trevathan.

Happy birthday to:  
Charles Lynn Shields—Feb. 25.

### Mrs. McCarty's Second Grade

We are enjoying the bright sunshine.

The children were delighted over the Valentine party. Mrs.

McCarty was assisted by the room mother, Mrs. Weitlauf.

We have 38 pupils in our room at present.

Douglas Curlee came from St. Clair Shores, Michigan, Tuesday morning. We are happy to have Doug, and hope he will be happy too.

We have planned an Easter egg hunt for our room this year.

The children have been recording the many signs of spring—some have seen the wild geese going back to the north. The catkins of the pussy willow are peeping out to welcome the warm spring air. Several children are ill with colds and sore throats.

Mrs. Meunier and Mrs. McCarty's room are to serve the P. T. A., March 12.

### Mrs. Haselip's Third Grade

We had a lovely Valentine party. Leon Lunsford received the prize for coloring the most original design on his napkin. There were Valentines galore! Thanks, Mrs. Freeland for the good time we had.

James Matheny is a new pupil, who came from Hendron School.

We are looking forward to spring and warmer weather, since so many of the children have missed school this month on account of sickness and bad weather.

Happy birthday to Jeanette Herndon, Hal Farris, David Freeland and Jerry Sullivan.

### Mrs. Allbritten's Third Grade

We had a lovely Valentine party, and want to say, "Thank you" to our room mothers, Mrs. Puckett, Mrs. Vaughn, and Mrs. Yates. Each of us received so many Valentines that when the bell rang we were not through giving them out.

We have two new pupils, Jan Noite from Paducah, and Don Dalton from Oak Ridge. We now have 48 boys and girls in our room.

We appreciate everything that each of our mothers did in helping us serve at P. T. A. this month.

We were happy to win the attendance award at P. T. A. this month.

The following boys and girls have February birthdays: Marcia Ann Fitzsimmons, Betty Jean Poat, and Leslie Joe Gill.

### Miss Futrell's Fourth Grade

We now have 50 enrolled, 30 boys and 20 girls. We were sorry to lose David Wallace, who moved to Wesson, Mississippi.

On the afternoon of February 14, we had our Valentine box, all children received several Valentines.

Thanks to Fay Owen for the Valentine cookies.

Happy birthday to these students: Margaret Meadows, Feb. 12; Janice Padgett, Feb. 20.

Thanks to Mrs. Cary (one of our room mothers) for the treat of candy and chewing gum she brought to us.

Thanks also to the Coca-Cola Bottling Company for the cokes they gave us.

### Mrs. Peyton's Fourth and Fifth Grades

Just one look in our room after the Queen contest ended, showed our happiness as a group. We had more activities going on at once, than any other time during the year. There was crying, laughing, cheer leading, shouting and various other signs of complete happiness. We all love the other girls in the contest and they were beautiful in the coronation. We thank the student body for electing Jean our basketball queen.

We wish a speedy recovery for Jean, Ruth, Gloria Ann, Martha and our own Linda Sutton. We have learned a new word—"Appendectomy," but—Oh, My! We are afraid of it. Every time we

think of basketball queens, Freshman class and Mrs. Hicks we think of putting a "quarantine sign" on their door.

We miss Phyllis Hedge and Linda Hooper who moved out of the district last month, but we are happy to have Charles Ekwurzel from Jacksonville, Florida and John Matheny from the Hendron district to replace them.

Everyone enjoyed a lovely Valentine party. We surely did enjoy the beautifully decorated home made Valentine cookies served us by Mrs. Stanley, Mrs. Miller and Mrs. Rein.

Birthday greetings to Jerry Pierce, John Fetty and John Rein, who have birthdays this month.

### Mrs. Dulaney's Fifth Grade

We have a new pupil in our room—Gale Carney from Andrew Jackson in Paducah.

We are enjoying the literature which the Coca-Cola plant gave us. We have already had cotton, steel, and lumber. We also enjoyed the cokes.

We are very grateful to our room mothers for the fine Valentine party. All three of our room mothers came: Mrs. Adams, Mrs. Ligon, and Mrs. Williams. The winners of prizes are: Peggy Viabert, first prize; the others, Kenneth Weatherspoon, Bobby Irving, Netsy Curtis, Phyllis Wyatt, Phyllis Skaggs, and Joe David Allbritten. The refreshments were popsicles and chewing gum.

We thank Joyce Ross for the political maps of the U. S., which show the Governors, Senators, and population.

We have a new assignment of library books. In all the children in our room have read 1,031 books this year.

February birthdays are: Jerry Purvis, Phyllis Skaggs, and Peggy Viabert.

### Mrs. Hoffman's Sixth Grade

We had a nice Valentine party. Games were played and refreshments served. Janice Carter, Margaret Ward, Nancy June Watkins, and Wayne Ritchie won prizes.

We are glad to have Barbara Garnett back at school. She missed her first day of school this year because of an appendicitis operation.

We finally have our new curtains, a new bulletin board and a new coat rack.

Birthday wishes to the following: Sammy Pat Lee, Shirley Howard, Janice Carter and Betty Jean Hayden.

Congratulations to Jean Peyton and the Freshman class for winning the Queen contest.

Our basketball team beat Lee School at P. J. C. Saturday by a score of 37-9. Bill Ross made 10 points.

### Mrs. Rue's Sixth and Seventh Grades

February is called the month of famous birthdays. Along with George Washington and Abraham Lincoln the following in our room, have celebrated birthdays this month: Jimmy Clark, Patty Sue McNeill, Joseph Freeland, Harold Irvine, Nancy Shannon, Gerald Patton.

We had a lovely time on Valentine day. Favors, cookies and decorations were found on our tables when we went to lunch. After lunch, games were played and prizes won by Phyllis Coleman and Robert McDaege. Our Valentine box was then opened and everyone received lots of Valentine greetings. By this time our room mothers came and served refreshments. We want to thank Mrs. Presley, Mr. Clark and Mrs. Carrigan for the nice treat.

We also thank Beth Pippin, Nancy Jo Myers and Nancy Lane for the cookies they made and brought for lunch that day.

The following pupils have had perfect Sunday school attendance this year:

Mary Lou Carrigan, Patty Sue McNeill, Donnie Moore, Sue Peyton, Jerry Sims and Frances Watkins.

### Mrs. Owen's Seventh Grade

We want to thank our room mothers for the lovely Valentine party. They served us cracker-jacks with a Valentine attached. We played bingo and gave out the Valentines.

On January 28, we gave Billy Don Hollowell a surprise personal shower. His home was destroyed by fire. Mrs. Holland served orange juice and cookies.

We want to welcome back to our school Annita Kelly, who has been living in Florida for the winter.

Our room has started on another geography trip. The girls are going to Latin America and the boys to Alaska.

We have started on our science projects. Several posters have come in the last few days. We hope to have them finished by the first of April.

We want to thank Luther Carson for the cold drinks he gave to the school. February birthdays: Lealand Coleman and Annita Kelly.

### STUDENTS HOSPITALIZED

Within the last three weeks four students of our school were admitted to the hospital for an appendectomy. They were Ruth Allen, Jean Peyton, Martha Hollowell, Gloria Ann Price, and Joyce Clark. All of them are patients of the Riverside Hospital. There seems to be an epidemic in the school, especially in the Freshman class, since all of the patients are members of that class. The student body and members of the faculty wish them a speedy recovery and hope to see them at school soon.

### F. F. A. HAS QUARTET

Tuesday morning, February 20, a group of F. F. A. boys tried out for the quartet that will participate in the field day this year. After much consideration it was

decided to have a double quartet. This consists of eight boys instead of four. The members of the quartet are as follows: Alton Yates, Eddie Schoening, first tenors; Randol Robinson, Rex Jeffrey, second tenors; Bobby Buchanan, Glenn Earl Dexter, baritone; and Charles Douglas, Bob Bell, bass.

Miss Overstreet will be the instructor.

### HORSE SENSE

A horse can't pull while kicking. This fact I merely mention.

And he can't kick while pulling. Which is my chief contention.

Let's imitate the good old horse

And lead a life that's fitting; Just pull an honest load, and then

There'll be no time for kicking.

—Anonymous.

No one can afford soil erosion. It cost the United States more than \$3,300,000,000 a year, and already has damaged half the land of the country.
