Henry Chambers Entering 6th Year As Superintendent

One of the best educated men in Kentucky is Superintendent of the McCracken County Schools, Henry Chambers. He has been in school work 25 years and has served the citizens of McCracken County 14 years, the last six as Superintendent.

He received his B. S. degree at Bowling Green and his graduate work at the University of Kentucky. He was elected President of the Kentucky Educational Association for the 1949-1950 term.

Mr. Chambers believes the trend in education in the latter years has been away from scholarship rather than toward it. This is brought about by too much extracurricular activity. He blames it almost entirely on the schools. "By encouraging so much outside activity, we automatically discourage study," he explains.

The most important job of the Superintendent is the bringing about of good teaching in the class rooms. His work falls into three categories, supervision of transportation, school plants, and the personnel of the entire system.

Mrs. Dulaney's Room Wins Subscription Drive; Sold 51

Mrs. Dulaney's fifth grade room was announced as the winner of the Oak "K" subscription drive in October. The members of the class sold 51 subscriptions.

Jane Hubbs, daughter of Mr. and Mrs. Cletus Hubbs, Clinton Road, was the leading saleslady by selling five subscriptions. Practically all of the students sold papers.

Mrs. Dulaney said, "We won because we worked together."

Mrs. Albritton's room was second in the contest.

The journalism class appreciates your cooperation in selling subscriptions for the school paper.

Coach Don Stevenson Begins Second Year At Lone Oak

After a very successful season, Don Stevenson is entering his second year as basketball coach for Lone Oak.

Coach Stevenson was graduated from Valley High School in Jefferson County near Louisville. During his Junior year in High School he joined the Navy, returning later to graduate. He went to college in Murray and majored in physical education.

Mr. Stevenson lettered three years in basketball and one year in football and was captain of both teams. He also played baseball.

Coach Stevenson married Miss Norma Pickard of Mayfield and is now the father of a baby boy.

Several hundred parents attended the election meeting and took part in the "back to school night" after the session.

Parents "went to classes" attended by their sons and daughters and heard teachers explain their progress and aims of the year.

Mr. Bazzell is not the only man president in the P. T. A. in McCracken. Phil Magruder heads the organization at Magruder School near the Paducah Atomic Plant.

Mr. Bazzell has lived in Lone Oak for many years. Both his daughters have attended Lone Oak School, they have been very successful in all their studies. We are sure that Mr. Bazzell will make a very successful P. T. A. president.

Mr. Carl Osborne, Member Of Board Of Education

Mr. Carl Osborne has served on the board of education for the past four years. Mr. Osborne has three boys attending Lone Oak High School. They are, Tommy, Bobby and Jimmie Osborne. He is now running for re-election without any opposition.

The members of the board are elected in the general election. Two members are alternately elected every two years. The duties of the school board are to represent the public, and to work with the superintendent and various personnel, in the operation and maintenance of the county school system.

The law provides that each board of education shall appoint a legally qualified superintendent who shall be the executive agent of the board, and who shall meet with the board except when his own tenure, salary, or the administration of his office is under consideration.

We wish to thank the board for the good work they have done in the past and hope they keep up the good work.

ARE YOU A GOOD CITIZEN?

EDITORIAL

With the presidential election in November our thoughts begin to turn toward governmental affairs. As we think of the word government we begin to wonder what it is and how it is run. It is carried on by the consent of the people. Just how do we voice our consent? First of all it is the duty of every citizen to vote who has become of age. Voting is a means of electing someone to an office or to receive an honor, secondly it is a reflection upon the maturity of the voter. A good citizen will vote for what he thinks is best, and not for what someone else has influenced him to vote for. Of course no one here in school is expecting to vote in the coming election, but we should be interested in our government.

As students of this school we are taught the meaning of taking part in governmental affairs through our school elections. A good citizen must take his part of the responsibility even if that responsibility is nothing but voting. And when we cast our votes we should use this privilege wisely and conscientiously. When election day comes vote for those who have the qualifications of a good leader, but primarily for those who are examples of Christian ideals.

SOCIETY NOTES

Fifty-three girls were initiated into the Future Homemakers of America organization on Tuesday evening, October 30, and Wednesday, September 1. These girls had to go through a very difficult initiation in order to become a full-fledged F. H. A. member.

The initiation began at 7:30 on Tuesday evening with everyone meeting in one large group in the gymnasium. Linda Stephenson, president, presided at a short business meeting. In closing, Linda, assisted by the First Vice-President, pinned an F. H. A. emblem on each of the new members.

The initiation carried out different areas of Homemaking.

The initiation was continued through Wednesday with the main attraction being the costuming of the incoming members.

Each girl was required to wear: print dress above knee, a large ribbon around head tied under the chin, pajamas with ribbons at ankles, sandals with bobble soles, no make-up, onion jewelry, fingernails on one hand polished, and carry an umbrella and a doll.

The new and old members enjoyed this initiation very much, but the new members, especially, are looking forward to initiating the freshmen of next year.

The fall meeting of the Paducah First District F. H. A. will be held at Trigg County High, Cadiz, Kentucky, on November 8.

WHAT IS A TEACHER?

To a child thrust into a strange world, a good teacher is the best thing that can possibly happen.

A teacher is Courage with Kleenex in its pocket, Sympathy struggling with a snowsuit, and Patience with papers to grade.

Teachers spend 12 hours a day searching for truth and the other 12 hours searching for errors.

They are incorruptible, indispensable, infallible, invincible, and nearly inexhaustible.

A teacher does not really mind sniffles, squirmings, stomach aches, spills, sloth, and sauciness. Neither does she disintegrate before tears, trifles, fights, futility, excuses, parents who spout, little boys who shout, and little girls that pout. Most of all a teacher is somebody who likes somebody's else's children and have strength enough to go to a P. T. A. meeting.

THANK HEAVEN FOR TEACHERS!

Juanita Barker Surprised By Shower Recently

Juanita Barker was surprised recently with a shower from her classmates and the faculty. The occasion grew out of the desire on the part of all to share in her misfortune. All her things were consumed when her home recently was destroyed by fire.

From the senior girls she received two new sweaters and a skirt, three blouses, a pair of cotton pajamas, anklets and miscellaneous lingerie. The boys gave her a new, grey wool suit. The high school and faculty remembered her with a winter coat which her aunt helped to select.

"This is the only school I've been to where they do things like that but it is typical of the friendliness I have found since coming to Lone Oak," was Juanita's happy comment.

Mrs. Marion Ward Re-elected Chapter Mother Of F. H. A.

Mrs. Marion Ward was elected chapter mother of the Future Homemakers of America at the second meeting of the year which was held on Monday, October 13. This is her second year as chapter mother.

The F. H. A. was also honored by Mrs. Thompson who gave a very helpful and interesting talk on "The Problems of Teenagers."

Who is the cute girl who lives in Paducah that Ludwig likes to go see so much? We know part of her name is Mary Jane but what is the rest of it?

Nancy Hunt can't seem to make up her mind who she wants to go with. They are all right nice aren't they, Nancy?

We have noticed lately that Sarah Ward and Alton Yates eat together in the cafeteria every day. Could this mean anything?

Patsy and Jesse seem to be having their little troubles. Could Frank have anything to do with it?

Now that Oliver has gone to college he sends Betty sugar through the mail, a lump, that is!

Say Carolyn Pennebaker, which is the most interesting, writing notes to LOVELACEVILLE, or writing letters to ICELAND?

Why does Robert Harper like to stay in the office sixth period? Does he like to be with Mr. Rob-

inson or could it be Betty Hayden?

Say, Ruth Allen, we hear you have been on the verge of robbing the chradle. Didn't you say his name was Pete?

If our eyes don't deceive us, we think Barbara S. and Bobby B. enjoy hayrides quite a lot.

What do the initials J. D. C. stand for? Maybe a certain brunette in the senior class can tell us more about it. Huhh?

The question of the day is, "Do you remember when you used to receive chewing gum through the mail?" Betty Watkins does. Anyone else remembering the same, please contact Betty.

GRADE NEWS**Mrs. Lamm's First Grade**

Here we are and October is fast slipping away from us! Every minute seems to be full! The majority of the children are learning to work. There are so many things we need to know.

Our science project for this time of year is Mother Nature. We are watching the leaves change the color of their dresses to beautiful red, yellow, and brown and then come tumbling down to Mother Earth. The flowers are gone. Old Jack Frost really plays his tricks when he comes in the night.

We wish to thank our 30 parents who visited us on our P. T. A. night.

Thanks to the mothers who were so nice to the children this week.

Happy Birthday to: Jerry Buchanan, Randal Grief, Gary Hutcheson, Linda Farmer, Jean Harless, and Suzanne Strong.

Birthday greetings this month go to Bonnie Doyle, Dennis Whisler, Nancy Sims, Richard Purvis, Margaret Delk, and Brenda Gale Wright.

Mrs. Peyton's 5th Grade

The beautiful colors of nature causes us to realize that "Jack Frost" has been working nights. The cool, crisp feeling of the air make us put on our coats and

hurry to school. Maybe the cool air has caused most of the boys and girls to realize vacations are over, because most everyone is working now. We are enjoying making our Languages booklets on "Autumn Changes."

Our room is taking on the look of "ghosts" and "Witches". We are looking forward to our Halloween party that Mrs. McIntosh, Mrs. Puckett and Mrs. Nolte are planning for us.

We were happy to have our parents who visited our room on "Back to School Night". We welcome all parents to visit with us because we have learned that America was built on cooperation of early settlers. Our school year will be better with your cooperation. Birthday Greetings to Harold Bromlett, Bobby Sullivan, Gary Johnson, Altie Tox, and Donna Clark.

Mrs. Butt's 6th Grade

We have been very busy decorating our room in preparation for the Halloween party our room mothers, Mrs. Coram, Mrs. Claypool, and Mrs. Vaughn are planning for us. We have received many complements on the art work some of our pupils have displayed in decorating.

Our thanks goes to Mrs. Claypool, who made us a nice Sunday School Chart. We are trying to get as many gold stars on it as we can. We have one new pupil this month. He is Leo Seay.

"Happy Birthday" to Jimmie Lovelace, Linnie Parker, Judy Moore, John LaMarr, Kenneth Gross, and Mrs. Butts.

First prize was won by Eddie Gene Usher and Second prize was won by Lynn Ferguson. We have bought a record player and are listening to records on our program each day.

There are three teachers in the first grade; two in the second; three in the third; three in the fourth; three in the fifth; two in the sixth; and two in the seventh.

A LOYAL SUPPORTER

Our good friend, Jimmie Sanderson painted the boundary lines on the gym floor and put up a sign over the doors. The sign reads: "Be A Booster Which Means Be A Supporter Of Your Team." Mr. Sanderson is going to place a sign on the score board with the players names and their numbers. He has sold tickets for the ball games for six years and has been a loyal supporter also. The ball team wishes to express our appreciation for the things he has done for us.
