THE NEW ENGLAND THANKSGIVING

The first New England Thanksgiving was celebrated during the second winter the Plymouth Colonists spent in the New World. The first dreadful winter in Massachusetts had killed nearly half of the members of the colony, but new hope grew up in the summer of 1621. The corn harvest brought rejoicing. Governor William Bradford decreed that December 13, 1621 be set aside as a day of feasting and prayer to show the gratitude of the colonists that they were still alive.

The women of the colonists spent many days preparing for the feast. Foods were boiled, baked and roasted. The children were kept busy turning roasts on spits in front of open fires. More than eighty friendly Indians brought wild turkeys and venison. The tables were set out doors and all the people sat around them like one large family. Prayers, sermons and songs of praise were important

WHAT THANKSGIVING DAY SHOULD MEAN

Thanksgiving Day, November 25, is the day set aside by thousands of people to give thanks with feasting and prayer for the blessings they have received during the year. Do we observe this day as we should? This day should mean a great deal to every person as it should also be a time for serious religious thinking, church services, and personal prayer. Many people have forgotten that this day is set aside as a day of thanks.

In the United States, Thanksgiving is usually a family day, celebrated with big dinners and joyous reunions. Everyone seems to want to be home with the family on this day. Some people travel hundreds of miles to celebrate Thanksgiving with their loved ones, but while they are getting ready for this event they should stop and think what Thanksgiving really means.

Thanksgiving is a family day, so as we sit around the dinner table this Thanksgiving Day, let's all give a silent prayer for

SPORTSMANSHIP IS A FEELING

Sportsmanship is recognized from the outside, but only truly known from the inside!

It is not just seen, but felt! In a fan or in a player, it's a good sport who shows sincerity in his actions on the bleachers or on the playing floor.

It is hard to take a loss and still harder to congratulate a winner. If it seems easy for you to win, then make it a point to speak to your opponent with encouraging words and make them sincere. Don't rub it in!

All this and even more is true sportsmanship. A game or moment may bring a flare of anger to any fan or player—but remember— "When the One Great Scorer comes to mark upon your name, it matters not if you won or lost, but how you played the game."

New Books Ordered For The Library

Plans for improving the library were put into action Friday afternoon when most of the students promised to bring an old book from their home to donate to the library. On the following Monday morning, at 8:15 approximately fifty good books had already been turned in to Mrs. Mitchell, the school librarian.

Last year the school library was rearranged and each book was placed under its own classification. All of the old books were mended so that they can be of value to the library, and students may use them more easily.

Approximately one-hundred and fifty new books have been ordered for the library. Most of these are non-fiction, and five new dictionaries are included in this order. Mrs. Mitchell expects these books to be in use by Christmas.

SENIOR CLASS APPRECIATES ROOM MOTHERS

The room mothers are Mrs. Roe Wilkins, Mrs. Winfred Morris, and Mrs. Ronald Bazzel, assisted by Mrs. I. N. Hunt and Mrs. Claud Morris.

The room mothers have given the Senior Class a Halloween party at Southwood Country Club and are planning a party for after Christmas. They made new curtains for the senior girl's lounge and the room mothers, their husbands, Mr. and Mrs. Wewy Kent, and Jimmy Sanderson painted the senior girls' lounge.

The room mothers this year are backing the senior class one hundred per cent. Thank you, Senior Room Mothers!

Within the home is found character, security, love, and service, and a kind of spirit that is found in no other place. FHA girls carries out many purposes to strengthening homes. In our present day world, families find little time to be together. FIRST BALL GAME DRAWS BIG CROWD

The first game of Lone Oak's 1954-55 basketball season was played before a capacity crowd on Friday night, November 12, at the new gymnasium. The gym, as most of you know, is made to seat around 1,750 persons on the bleachers alone. Well, the bleachers were bulging, and a few, who happen to arrive a little late had to stand around the concourse walls.

You'll all agree that the entire ball team, it's coach, and the student body would like to see it that full at every game to come, so lets make them and at the same time support a very fine team, that by the way, won that first game.

GRADE NEWS

Mrs. Lamm's First Grade

November! What beautiful weather we are having. Our number of thirty seven is working very hard and thoroughly enjoying mother natures work. Its hard to tell which is the prettiest, spring or fall.

We appreciated the program given on Veterans Day, seeing the new flag go up, and thinking of the many blessings we have.

We wish to thank each one who has helped us in any way to start a successful year, room mothers, parents, children and all. Thanks to Nancy Godfrey for our paper towels this week.

The "First Grade" all are saying "Hurrah" for our first ball game in the "new gym". Keep it up boys, we are for you.

Our room is looking forward to our Thanksgiving party Wednesday which is so carefully planned by our faithful room mothers.

Happy birthday to Joey Walters, Carolyn Wallace and Patricia Childers.

Let none of us forget to be thankful on this Thanksgiving Day.

Mrs. McCarty's First Grade

The leaves are falling fast, and Thanksgiving is just around the corner.

We wish for each of you a most happy and pleasant holiday.

We have 35 children in our room. Bobby Shepard has transferred to the C. P. School in Paducah. We hope he is happy in his new school.

Renee Hartley, Rickie Hawes and Mrs. McCarty have November birthday.

Pamela May went to Alabama for a short weekend visit. She shared the cotton bowl she picked while in Alabama with the room yesterday. We are writing stories about experiences the children have on their trips.

Mrs. Wells and Mrs. Hartley are making new curtains for our room. Thanks so much, mothers.

Welcome Mrs. Charles Hartley to our room mother list.

Mothers, we welcome and invite you to our room to see us at work. Come and see your child in real work.

Gary Barks came from Concord on November 22. Welcome, Gary!

Mrs. Ray's First Grade

We have enjoyed the activities of the last weeks very much including the Boy Scout program and the furtherance of the motive of the programs in our class room during the remainder of the day. We can now sing America and Pledge Allegiance to the flag.

We have enjoyed the beautiful sunshine of the fall and are now preparing for rainy and cold days with games and music that we expect to use during winter.

We have lost one classmate, Ricky Jeffers, who has moved to Texas.

Iris Ann Hargrove, Patricia Slusmeyer, Norma Sue Vibbert, Rodney Springer and Robert

Earl Springer have birthdays in November.

Everyone is expecting a good time and a rest from school over the Thanksgiving holidays.

Mrs. Peyton's 2nd Grade

We are enjoying our clean room. We thank all of our parents that helped with the painting. Every child is trying hard to keep our walls clean. Our newly painted bookshelves make our room more cheerful. We sincerely "thank you" parents.

We enjoyed our Halloween party. We were happy to have so many mothers attend. We thank our room mothers for making it a success. All of the children are enjoying their Science Reader. We plan to have a science table, since we are having so many things brought in after each lesson.

We are real proud of our ball team. Come on boys, let's win every game. We are behind you one hundred per cent.

Birthday greetings to Billy Overstreet, Edward Walls, James O'Brien, and Ada Mae Farris.

Mrs. Record's 2nd Grade

The children have been enjoying the nice autumn weather at our play periods.

We have been talking and thinking about Thanksgiving. You may see turkeys large and small if you look inside our room. We have also been working on a little play which shows the real meaning of Thanksgiving.

There were a number of children who didn't miss a spelling word during the first six weeks of school. They are Larry Gross, Barry Poat, Gary Peecer, Billy Seay, Dickie Veazey, Linda Churchwell, Linda Flint, Daine Harris, Gladys Kimbro, Judith Robertson, Cheris Steger, Mary Margaret Strong, Susan Vaughn and Janice Faye Wyatt.

The November birthdays are Jimmy Lynch, Donald Streetman, Linda Flint, and Mrs. Record. We also have a new pupil from Chicago, Stanley Kedrowski.

Mrs. Athon's 2nd Grade

November has been a month of birthdays as well as turkeys, Indians and pilgrims.

Paula Burks, Linda Harris, Diane Henderson, Cheryl Hodson, Helen Reynolds, and Charles Ray Masters have all been spanked and wished many more happy birthdays.

We are very sorry that Charles Kay Masters had to spend his birthday in the hospital but we are sure that he will be back to help us plan for Christmas.

We are having a short program of Thanksgiving rather

than a party, as we have so much to be thankful for.

Turkeys are running all over the room and our main project has been stories of Pilgrims and Thanksgiving.

Jane Carol Scroggins is a new member in our room.

Mrs. Haselip's 3rd Grade

Our room mothers gave us a lovely Halloween party serving drinks, cookies, and suckers. Mrs. Leeper planned a short program which we enjoyed. Terry Burnett and Judy Clark won prizes for having the best costumes. Terry Barkley won a prize in a contest.

We are very happy that our parents came to the P. T. A. meetings and helped us win 2nd prize in October and 1st prize in November.

We thank Mrs. Leeper and other parents who have helped us get our new record player. We are really proud of it and have been enjoying the music and stories.

Thanks Mrs. Newman for making our lovely Sunday School Chart.

Happy birthday to Judy Clark, Dennis Charlton, and Mike Newman.

Mrs. Alcock's 3rd Grade

We have enjoyed the lovely Autumn weather outdoors and the pretty fall flowers and leaves which have been brought into our room.

We thank all who have helped buy paper towels and especially Marsha Yoho for bringing a new roll of towels a few days ago. We also thank Joe Kee Henderson for the box of Kleenex.

We miss Linda Jeffers who left for Texas on November 11. We welcome in her place Linda Loue Lemke, formerly of Owensboro who enrolled in our room the same day.

We are looking forward to the Thanksgiving party which our room mothers are planning. We thank them for all the lovely things they do for us and especially for the Halloween party last month.

**DR. HICKS AGAIN
TEAM PHYSICIAN**

For the third year, Dr. Freedom Hicks has consented to be the basketball team's doctor.

Last year Dr. Hicks treated the boys 261 different times, these treatments consisting of everything from pneumonia to sprained ankles.

Dr. Hicks has lived in Lone Oak all his life and attended high school here. He received his doctors degree from a Chiropractic College in Texas.

Dr. Hicks is a loyal supporter of our school and ball team, and we appreciate his doing this and many other things, among them making a present of the public address system in the gym to the school.

**Congratulations
Student Council**

The Student Council of 1954-55 are doing a fine job of having Chapels for the school. The topic for the first few weeks has been on a good subject, "Citizenship." The Student Council has worked hard on this project by getting the Ministers of the Community to speak to us on Citizenship. The Student Council expects to have the assemblies on different subjects throughout the year. We should all be thankful for the fine group of people we have to have such fine programs for us that are so helpful. We thank you, Student Council.

F. F. A. Has Wisdom

The F. F. A. boys have heard rumors that farming is no longer a respectable calling, and none enter into farming but peasants, and those men men are fitted for nothing else. Yes, these boys have heard this and they believe this to be a false creation.

The F. F. A. boys plan to prove this statement false by careful planning of the leading boy of the chapter, followed by the better wisdom of their advisor, Lester Goheen.

The chapter plans a Hog Cycle to improve the strain of hogs in McCracken County, to an all registered breed. Plans are to purchase two registered gilts, and place them with F. F. A. members who in turn will raise a little of pigs of which two gilts will be returned to the F. F. A. By this means four gilts will have been returned for replacement among its membership. To carry out this plan will mean a better and a larger hog raising project for Future Farmers of America.

This was really a day of Thanksgiving. Why don't we at least say a prayer, or give praise to God in some way this Thanksgiving. Pet Peeves Of Journalism Class

On Thursday and Friday of last week, the Journalism Class held a disclusion on "The Pet Peeves That Boys and Girls Have for Each Other." Each day the students talked and discussed the opposite sex in general.

Thursday, the boys had the floor on discussing their pet peeve's they had against the girls. Their main one are:

1. Girls that cuss and smoke.
2. Girls that have loud mouths in the wrong places.
3. Girls who do not use their manners properly.
4. Girls who do not dress properly for the occasion.
5. Girls that act like babies every time someone comes around.

Other points were discussed about the girls which the girls wouldn't think too seriously abot. So, girls, if you do any of these things now, think twice before you let them happen again, and you will be more poplas with the boys.

On Friday the girls had the floor on their pet peeves against the boys. Each girl in class named the think they disliked most in the boys. Their main points were:

1. Boys that cuss.
2. Boys that can't keep their hands to themselves.
3. Boys that were jealous of other boys.
4. Boys who have long greasy

thanking God for their freedom in this land, and for their successful journey from England to this new land. Although they had many hardships during this journey, they still gave thanks to God for their blessings.

When you compare the first Thanksgiving Day with the present day Thanksgiving, you will see that we should observe this day better than we do.

Lone Oak Attends Quad State Music Festival

Seventy-five students from the Lone Oak Music Department took part in the Seventh Annual Quad State Festival at Murray College November 15.

The session began at nine o'clock in the morning under the direction of Professor Robert Barr. There were about twenty different schools represented, and over six hundred students. Everyone met in the large auditorium and practiced on the seven songs until twelve o'clock which was lunch time. We met again at one thirty and sang until four. From four until five we had a dance in the Fine Arts lounge.

At seven o'clock we gave our program which was broadcast on the radio. The songs were as follows: Salutation, A Joyous Christmas Song, The Rich Old Miser, Patapan, Hallelujah, Hulloballo Balay, and Psalm 33.

hair and long long fingernails.

5. Boys that wear loud clothes.
6. Boys that drink.
7. Boys that do not use manners.

The thinks that the girls disliked most in the boys are listed above. Oother thinks were brought up and discussed.

If each student in school would think about these things and try to avoid them, then you will be better liked and have more friends.

There were several things that were talked about that everyone was in favor of both boys and girls doing. They are:

Boys and girls that go to church. Ones that respect their parents. Students help their parents around the house.
