## SCHOOL FAIR A GREAT SUCCESS

### Cheerleaders Elected

Lone Oak is on the ball this year! On Friday, September 26, we elected cheerleaders for the 58-59 basketball season.

Four seniors and one junior plus four pony tails make up the squad. Elene Burnett is the only new member. Elene is a senior who is well known around school. She sings in the A Cappella choir and has held the position of class treasurer for her four years of high school. We are all very proud of her.

Jolene Parker is another popular senior and also a member of the A Cappella choir. She was B-Team cheerleader for two years and this is her second year on the varsity.

Another veteran cheerleader is Danette Littleton, the only junior on the squad. Danette has been varsity cheerleader for the three years she has been in high school. She accompanies the 8th grade chorus and also sings in the A Cappella choir.

This year also makes the fourth year of cheerleading for Janice Padgett. She was B-Team cheerleader for two years and this makes her second year on the A-Team. Janice sings in, and accompanies the A Cappella choir.

David Coram will sport 3 bars on his sweater this year for his 3 years as varsity cheerleader. He was B-Team cheerleader for one year. David is active in the Hi-Y and also a member of the A Cappella choir.

We believe the school songs should be led on tune (or at least loudly enough) this year! We also believe that with the students' support, your Lone Oak cheerleaders with the experience, pep, love and loyalty for their school will make Lone Oak, as always, the best.

### The Fashion Show

by Sherrell Jarvis

On October third, Lone Oak was host to a fashion show, opening our school fair. Girls from Reidland, Heath and Lone Oak participated in the event.

During the evening, fashions were modeled varying from formals to bermuda shorts.

The setting for the stage was the patio of a house and a group of girls having a slumber party.

Later, the A Cappella choirs of Reidland, Heath and Lone Oak entertained the crowd with a few music selections. Following and closing the program, a Combo, consisting of the music teachers of the schools displayed their talent by playing the "Birth of the Blues" and the "Lullabye of Birdland".

### Lone Oak School Has Fire Drill

The students had a fire drill on October seventh at fifth period. The drill took about two minutes.

The teachers were the last ones out of the building and the windows were all pulled down. This fire drill was conducted well. The students did not run out of the building and they did not talk. This drill was conducted by the Hi-Y Club of Lone Oak High School.

### Welcome— New Teacher

Mrs. Copeland is a new teacher. She is to take over for Mrs. Henderson.

Mrs. Copeland is a graduate of Gibbs High School of Knoxville, Tennessee. After graduating she went on to receive a B. S. Degree in the University of Tennessee.

Mrs. Copeland did Post-Graduate work at Vanderbilt University of Nashville. She taught student nurses in Nutrition.

Before coming here she worked as a head Therapeutic Dietitian in the St. Louis, Missouri Deaconess Hospital. She was in charge of the hospital kitchen with 300 employees. About 3,000 meals were served to the patients a day. She did outside work as a consultant in Therapeutic Diet's for the hospital.

She has been in Paducah for only a month now. Every one please cooperate with her. Make her feel at home.

### STUDENT COUNCIL

The class officers elected will represent their class on the Student Council this year. The Student Council will meet with Mr. Robinson, once a week to discuss the problems of the high school students and other things that should come before them.

One of the aims this year is to help with the assemblies and chapel programs we will have this year.

These are your representatives from your class, so see and talk to them about any problem that comes up. Mr. Robinson is the adult advisor of the Student Council.

### New Secretary

This year we have a new secretary at Lone Oak. Her name is Mrs. Bill Powell, formerly of Princeton, Kentucky. She attended Butler High School of Princeton and majored in bookkeeping, typing, secretarial work, and shorthand. Mrs. Powell was secretary for the county agent for six years and enjoys secretarial work at Lone Oak very much. She has two children attending Lone Oak, both of them are in the grades.

### Lone Oak High Accredited Class "A"

Lone Oak High School is accredited Class A by the Kentucky State Department of Education.

The following letter written to Mr. Robinson by the State Department of Education is on the bulletin board at Lone Oak School.

"This is to certify that Lone Oak High School is accredited Class "A" and is entitled to all the privileges and recognition resulting from that action."

Signed by

Robert Martin, State Superintendent

Don Bales, Head Bureau of Instruction

Jane D. Sublett, Secretary, State Board of Education

### BACK TO SCHOOL NIGHT

by Ann Morris

The Lone Oak Future Homemakers of America members represented the school well at the annual Back to School Night held at Lone Oak Monday night, October 13.

The girls set up exhibits on the areas in Home Economics that they study during the year. The girls explained to the parents some of the things about the units.

The areas covered were: Housing, Child Care, Foods, Health, Clothing, Family Relations, Management, Adult Classes, and Home Projects.

Approximately four hundred parents and friends viewed the exhibits.

### F. F. A. Holds Meeting

The F.F.A. held a meeting Oct. 9. The president, Jackie Powell, called the meeting to order. The first item of business was to elect a new reporter. Tinker Moore was elected by acclamation.

Dale Reeves made a motion that the Lone Oak chapter buy the officers and chapter meeting team F.F.A. jackets. The juniors, and Mr. Goheen overruled the president on this motion.

The meeting closed leaving a motion before the house concerning the members taking a subscription to a farm magazine.

### P. T. A. DRIVE

On Wednesday, October 15, Lone Oak High School started its annual P.T.A. Drive.

Mrs. Alexander, president, gave a pep talk to the students and teachers.

The drive started with a bang, the Seniors were 200 per cent before they went to the assembly.

Each year a poster is kept and the room selling the most memberships receives a prize.

Last year we were first in the state, with memberships. Everyone get on the ball and let's go past last year's record.

Every student should have at least two members. Just remember that Lone Oak is the biggest and the best and to keep it that way we have to work. Come on let's show them we can go over last year's goal.

### The New Practice Teacher

This year, we have a new practice teacher who is from Murray State College. He is Mr. Larry Powell, and he is teaching American History for one semester. He is under the supervision of Mr. Blackburn, who is our regular American History teacher. He is also graded by Mr. Blackburn for the effort which he puts forth in teaching a class.

Mr. Powell's home is in McCracken County and he is a graduate of Heath High School.

Were you at the 2nd annual McCracken County School Fair, which was held Friday, October 3, 1958? If not, you certainly missed an important and interesting highlight of this school year.

Each school in the county had an exhibit or a booth on display in Floral Hall at Carson Park. Lone Oak's exhibit was a model of the new grade school to be built in the near future. The model showed seven buildings — there were six identical buildings grouped around a larger exhibit. In the center of Floral Hall, an attractive display was the lawn scene, which had children playing in it throughout the day.

Lone Oak took several honors in the athletic events:

Archery—1st place—Sandra Kinsey

3rd place—Lillian Briney

High Jump — 1st place—Ernie Owen

Mile Run — 1st place — Thomas MacDonald

2nd place — Johnny Davis

Hula Hoop Race — 1st place — Enna Meeks

2nd place — Glenda Davison

3rd place — Judy Cooper

Mule Race — 3rd place — Lawrence Otey

It was an honor to have these students represent our school in the fair. Don't you agree?

### Junior Magazine Drive

By Larry Lane

The Lone Oak High School Junior Magazine Drive ended with a total of \$2,622.69 being turned in. A little less than last year's record, the drive was still a very big success under the conditions. Most people were out of work and had no money and only one class meeting was held to pep up the drive.

The five highest salesmen for the class are as follows, (1) Gayle Kelly, (2) Molly Trainor, (3) Sue Puckett, (4) Andy Clark, and (5) Larry Davis. All others did a good job but these five sold the most.

Those winning daily prizes, were Gayle Kelly, Molly Trainor, Sue Puckett, Ernie Owen, Jan Nolte, Larry Powers, Andy Clark, and Victor Carmichael.

Daisy May, the girls team, led the Captain Gayle Kelly beat Little Abner, the boys team, led by Captain Jack Gilbert. The girls did a wonderful job to lead all the way and out sell the boys.

Congratulations go to the officers, President—Andy Clark; Vice-President — Fred Elliott; Secretary — Shirley Moore; Treasurer — Tommy McIntosh; and Reporter — Molly Trainor, for selling so many magazines and boosting the drive.

Many congratulations go to Mrs. Goheen, the leader of the drive, for talking up the sale and leading the class wonderfully well. She deserves a lot of credit because she had a hard job and also sold quite a number of magazines.

### LETTER FROM THE EDITOR

Students:

This is a letter from the editor. I want you to take a look around and then think about what you have seen.

We, the students of Lone Oak have a wonderful school, so let's keep it that way. The noise during the lunch period is too loud, there is too much loitering in the hall and I might remind you there are also waste paper cans in every corner.

No one wants to be ashamed of their home, so when you're in school, act as if it were your home. Before you throw that paper on the floor, or stick your gum under the study hall table, ask yourself if you would do that at home. When you do this, I'm sure you will take a few extra steps and drop the paper in it's proper place.

Do you run through your house knocking chairs out of their place? Do you interrupt your parents when they are talking? I'm sure you don't, so why do it at school?

Each student has a responsibility to this school and to themselves. This isn't one person's school, it's everyone's. The teachers are doing their best to make this a better place for us. What are you doing?

You are in high school now and a high school student is supposed to know how to act. If you are in doubt about what you are supposed to do, take a look in Emily Post and then do the right thing and remember it for future use. You will make this a better place for not only yourself but for everyone else also.

### Do Not Use Back Drive

At the beginning of school, Mr. Robinson announced that no one, not even the teachers were to drive on or park on the back drive. Last year, cars were parked on it and the children had all their play ground taken up by cars.

Mr. Robinson urges all students and teachers not to park on the back drive and for the students to tell their parents to let them out in front of school.

Since there is so much danger of hitting small kids, children should get out of the car in front of school, instead of in the back drive.

So, all students and teachers, please do not drive through or park on the back drive.

### It's TORTURE !!!

Crash! Bam! Bang! Will I ever make it? Rrrrrrrrr! The final bell-I just did make it. Whew! Trying to get through the halls between classes is pure torture. Everywhere you turn you get stepped on, mashed, and elbowed. Even when you try to get your books out of the locker, you get shoved in head first. It seems as if every time you are really in a hurry you always wind up going in the opposite direction. And when you get to class, the teacher always says, "My goodness, must you always be late?!?!"

### "WHAT KIND OF STUDENT AM I?"

Have you ever stopped to think what kind of student you are. Just for a second, stop and think what kind of student you are here at Lone Oak. Do I participate in school activities? Do I support my school functions? What are the answers? I hope all the answers are yes. If you have a talent, why sit back and let some one else do it when you may be much more capable at the job. In this wonderful school of ours there is plenty of room for all of us to show what we are able to do and what we want to do. So if a job is to be done, do it and do it the best you know how and to the best of your abilities. With basketball coming up, we here at Lone Oak will need to give all the support we can during the season so the ball team will feel and know that we, at Lone Oak, want as badly as they, to see our name listed as one of the *Sweet Sixteen*.

### JANITORS

The janitors this year are the 4 we had last year at the end of school. They are Homer Houpp, Claude Downey, Marvin Wagner and Ovid Moore. The four men are doing a splendid job in keeping our school looking neat and clean.

Claude Downey has been working at Lone Oak now for eight years. Before he came to Lone Oak he was a full time farmer, although, he has some livestock now.

Homer Houpp, better known as "Poodle," has been at Lone Oak for seventeen years. Poodle came to Paducah in 1929. In 1936 he came to Lone Oak. In 1942 he started working at the cannery and has been connected with the school ever since. He enjoys his work and takes a lot of kidding from everyone.

Marvin Wagner came to Lone Oak the 10th of February, 1958. He farmed before he came to Lone Oak.

Ovid More also came to Lone Oak on the 10th of February, 1958. He has been a bollermaker at I. C. Railroad. Also he does some carpenter work on the side. He enjoys his work very much.

### Be Quieter In Hall

There is too much noise in the hall after lunch and it must be cut out to make our school better. The noise also disturbs the grade room's who are trying to have class and learn something.

If everyone will go to a room and sit there and not run in the hall we all could have a better time and not be called down by our teachers.

If the hall were quieter it would be one way to show our respect to the grade rooms.

Mr. Robinson thinks we can't be quiet, so let's all show him our respect by being quiet in the hall.

### What Happens When

### "THE SNOOPER"

Kenny Randle, why are you always singing "Good Night Irene?" What's so interesting at Tilghman? Even though you've got an interest there, a certain girl at Reidland thinks you're awfully interesting.

Sonnie, have you taken an interest in Agriculture or Jackie?

Bertha Jeane, why in the world have you got that silly grin on your face? Is it because Ted's home?

Dannette, can't you tell when a certain boy has a "going steady" look?

Janet, you certainly seem to be confused these days. It seems after you got a phone call from a college, you don't know which way to turn.

Nellie Clayton, you aren't making future plans all ready are you? Good luck gal. We're for you all the way.

Phyllis Edwards is really doing okay. Don't you think so?

Sharon Wetton, why do you moon every time a certain junior boy walks by you?

Jolene Parker, did you foot the bill for that telephone call you got?

Sherron Miller, why is your theme "Singing the Blues"?

Norma Sue, why do you have your hair fixed on every Monday morning before school?

What is so interesting in Sandy Cole's little huddle every morning before school?

Winnetta, we think you have a swell senior boy, namely Johnny, for your fellow. Good luck.

Benna, did you get your cashmere sweater with Top Value stamps?

Becky, why do you sit and stare at the back table in fifth period study hall? Is it because of O. T.?

### AUTUMN

After the long hot summer days, Autumn is most welcome. Some people call this period of the year "Fall" because it is the time of falling leaves. Autumn is a sad time of year, for some people, because birds, flowers, leaves and other pleasant things of nature are dying or disappearing. Autumn has its beauty too. The trees are beautiful, when the leaves are putting on their fall colors, every shade of yellow, orange and all the hues of red, intermingled with a green leaf now and then.

On September 17, Lone Oak beat the Pope County Tigers by a score of 3 to 2. It was a close game all the way but Lone Oak came out on top. Pope County scored their first run when Jack Gilbert dropped a fly ball out in right field allowing the run to score from third base. In the bottom of the third Lone Oak came to bat and scored their first run to tie the score. Neither team scored until the bottom of the fifth when Lone Oak scored two runs. In the top of the seventh Shelby Summer-ville got into trouble when he load- ed the bases then Phillip Clark came in relief to retire the side and win the ball game. Lone Oak has won 3 and lost 1.

**No One But You**

Down on "Thunder Road" one "Lazy Summer Night" I sighed, "It's Raining Outside" and "Gee, But It's Lonely" cause I'm not "Near You" so "Look Who's Blue."  
 "I Lost My Love Last Night" when I was "Fibbin". But I must have had "Fever" when I said I wanted to "Break Up", now I'm a "Blue Boy", "Susie Darling."  
 You said you'd "Wait For Me" "All Night Long" and I said "Everybody Loves a Lover" so "Sorry, But I'm Gonna Have to Pass"—but "It's All In The Game".  
 Now I'm crying "Just One More Chance", "Patricia"—Oops, "Susie Darling". Don't let this be "The End" because I'm really "Devoted To You" and I want to "Win Your Love" so don't put on "The Freeze" because you give me that "Itchy, Twitchy Feeling" so "Come Closer To Me". "Put A Ring On My Finger" and be my "Lucky Love."  
 Lets watch that "Little Star" and get a "Moon Tan" there in the "Stardust" and fight off "The Green Mosquito" or "Old Mac Donald's" "Bird Dog", because I want "The Best Thing For You".  
 Roll your "Big Brown Eyes" for me because that's "The Secret", why you're "Always In My Heart". (Only "The Shadow Knows".)
