## Street Widened In Front Of School

The street was widened in front of school in order to make more parking room for the cars and make more room for cars passing through the street during school hours.

The county road department did the work. They pulled all the white posts up and filled the holes then put down tar and white gravel.

By doing this it will make a lot more room for parking during school and all events that take place at school.

## F.F.A. Holds Meeting

The F. F. A. met in the agriculture building November 3, 1958 at 10:00 A. M.

The meeting was called to order by the president, Jackie Powell.

The chapter's business was as follows: Election of chapter meeting team; Selling ads for the F. F. A. calendar; Planning the program for the Lone Oak P. T. A. that was held November 10, 1958.

There were 56 members and two guests present.

The meeting was closed at 10:45 A. M.

## Tri-Hi-Y & Hi-Y Holds Party

The Tri Hi Y and Hi Y had a party at the Highland Presbyterian Church on November 3rd for all members of each club. All club members that were present enjoyed the party very much.

Games were played and refreshments were served. Each member of the clubs helped clean up the mess after the party. We are glad to say the party was a big success and want to invite all to come to our next meeting on November 17th.

## New Resuscitator

At the October meeting of the P. T. A., the buying of a Resuscitator for the Lone Oak community was discussed. The Resuscitator is a device for helping people to breathe after they have an accident.

The P. T. A. is selling pictures of "My Old Kentucky Home" to purchase the new resuscitator. It is being used throughout the country in the larger cities. The resuscitator will be kept at the Lone Oak Fire Station. If you haven't bought your picture, buy one so that the Lone Oak community might have a resuscitator.

## Junior Rotarian

Each Wednesday a Senior from the Paducah and McCracken County schools meet with the Rotary Club for lunch.

The boys are called Junior Rotarians. Our Rotarian for September and October was Richard Schumaker. Richard is president of the Senior Class and is a very good student at Lone Oak.

Buddy Rushing will be the Rotarian for November. Buddy is a Senior and is vice-president of the Senior Class.

## F.F.A. CHAPTER SELECTS CHAPTER MEETING TEAM

The 1958-59 Lone Oak F. F. A. chapter selected its chapter meeting team November 3, 1958.

The team is composed of six officers and four members. The ten boys that will make up the team are the following: Jackie Powell, president; Kenneth Gross, vice president; Tommy McIntosh, secretary; Dale Reeves, treasurer; Tinker Moore, reporter; John Lamar, sentinel; Eddie Kinnerley, Johnnie Raffidy, Roy Copeland, and Carrel Childress, members.

The chapter meeting team plans to go all the way to the state contest this year.

## Fire Prevention

In every hall there should be fire fighting equipment. In case a fire should break out, remove burning materials before the fire spreads if possible, take away air by closing the windows and smothering the fire with some wet materials.

If there should be a fire everyone should be calm and not panic. Panic can cause fatal accidents which could have been prevented.

Clear the building as soon as possible, and stay away from the burning building.

## SAFETY

Safety in school is an important factor just as it is in the home. Students should not run in the halls, or skip steps. A person could hurt themselves seriously from a fall. Doorways and fire escapes should be kept clear. Students shouldn't put their feet in the aisles, this could cause a person to fall and hurt themselves. If all students would obey safety rules, school would be a very much safer place.

## B-Team Cheerleaders

On Friday, September 26, the B Team Cheerleaders were elected in the traditional fashion to represent the second squad ball team.

There are two Freshman and three Sophomores on the squad. The freshman are Becky Johnson and Winetta Wilkerson. This is their first year as cheerleaders.

The sophomores are Shirley Rushing, Pam Leeper and Laverne Kinkred. This is Laverne's first year as a cheerleader. Pam and Shirley were B Team cheerleaders last year. Let's all back the B Team for they will be the A Team in a few years.

## WATCH THE BULLETIN BOARDS

There are two bulletin boards and one exhibit cabinet in the school.

These bulletin boards are located at convenient places in the school. One bulletin board is located on the first floor of the newer section of the school. It is near the music department. Another bulletin board is located on the second floor of the newer section of the school, across from the Study Hall. The exhibit cabinet is located by the steps going to the cafeteria and in the rear lobby near Mr. Robinson's office.

Dates of special meetings are always posted on the bulletin boards.

Also lost articles of clothing and other miscellaneous objects are on the boards or put in the exhibit cabinet.

In the exhibit cabinet you will usually see some kind of hobby or exhibit presented by a grade room, Hi Y, Tri Hi Y, F. H. A., F. F. A., or even an individual student. There also will be Thank You notes and interesting news on former students.

Feel free to use the bulletin boards at any time.

## Slow That Car Down

By Tinker Moore

When you are driving, always drive with the best of care. You will not be only protecting your life, but also other people using the public roads.

One of the most dangerous places to drive without care is around schools. You cannot tell when a small child will dart out from behind a car, and run out in the street. Even if you are driving the 35 mile per hour speed limit, you cannot stop in time to miss the child. You should never exceed 15 miles per hour in and around school zones.

If you were to hit one of these small children and either cripple or kill the child, you would go through life with it on your mind always.

So if everyone will just drive carefully in school zones, there will be no danger of anyone getting hit by a car.

## Talent Show

On Tuesday afternoon, November 4, tryouts for the Talent Show were held in the Lone Oak Gym. All high school classes were represented and the tryouts were very good.

On Friday night, November 7th, the Talent Show was held and the winner was to receive a very nice prize. The program was very entertaining and all participants did a very good job.

The winner was very hard for the judges to select, but they finally voted Sylvia Rogers to be the winner. She received five dollars for first place. All people who were in the Talent Show deserve a lot of credit.

## 1,308 Enrolled At Lone Oak High School

Lone Oak High School opened its 1958-59 school year with an enrollment of one thousand three hundred and eight. This is the largest enrollment of any school in McCracken county. The building is so crowded, that three classes are being held at the church.

Lone Oak has a great school year ahead with the largest student body and an excellent faculty.

## Pep Club Has First Meeting

On October 23, the Lone Oak Pep Club had its first meeting of the year. A large number attended. A and B Team cheerleaders gave yells with the students and taught the new yells to be used during the year. The club will meet every Thursday afternoon from 2:30 until 3:15. If you were not there why not try to attend the next meeting. Show the ball team you are behind them, by joining the "Pep Club".

## 25 Greenhands Initiated

The Lone Oak F. F. A. Chapter held the 1958 initiation October 28, 1958.

The boys that were initiated received a Greenhand button to show that they are in the F. F. A.

The boys that were initiated are the following: Kenneth Blackburn, Jimmy Bruce, Bill Ed Grimes, Joyce Gross, Jerry Hines, Louie Lamar, Artie Lockwood, Bobby Otey, Charles Price, Terry Thurston, Terry Coleman, Sam Riley, Don Tabor, Tommy Walters, Victor Carmichael, John Houser, Robert Rollo, Archie Claypool, Eugene Colson, Larry Crotchett, Larry Lane, Joe Moss, Dennis Oliver, Carl Page, Laurie Richard.

## Change Your Attitude

Are you the kind of student that is always talking smart to a teacher? If you are, you had better change your attitude. You might say, why should I have a good attitude toward teachers and older people, some day they are going to be too old to run their business, and we young people of today will run their business's. However if it was not for the older people, the younger people of today could not run America tomorrow. They are the ones that get the young people started in life.

If you have a bad attitude toward teachers, you will find it hard to find a good job for yourself. The people that you asked for a job have to have a reference, so the first place they go to get one is school. If you had a bad attitude, the teachers will put it in the reference.

The best thing to do is to change your attitude toward other people and try to get along with everyone. If everyone can do this, we will live and have a better life for everyone.

### A Letter From The Editor

#### ATTENTION STUDENTS:

This is another letter from the editor. We the students of Lone Oak High, have forgotten the most important thing we have learned, the meaning of "RESPECT".

Have you forgotten it or is it that you just don't practice it. You are now old enough to practice using good manners and to have good manners you must have respect for your school, church, town, teachers and elders.

Do you think you are showing your teachers their due respect? Do you talk out in the study hall and in your classes? Do you chew gum and pop it at any time? Are you late handing in assignments and themes? Do you sleep in study hall or do you use that extra hour to increase your knowledge? If you do any of these things you are not using good manners or showing respect toward your fellow students and teachers.

If you will use good manners and respect others you will be an ideal person and help others at the same time.

Just ask yourself this question, "What would my school be if each and every student acted like me?" I, for one, know that I wouldn't want to live in a world where everyone was just like me. How about you, would you like it? Let's make this world a better place to live in and our school a better school to attend. We can do all of this by using good manners and showing others respect.

### Noise In The Hall

Noise in the hall is a thing that can be prevented if all students will co-operate. Noise can be kept to a minimum by keeping the talking down, and closing the locker doors gently, not slamming them. A lot of noise will disturb students who are trying to study, by distracting their attention. If noise is kept down you will find it easier to study, and you can concentrate on what the teacher is saying. This will also help you to enjoy school more.

### Tri-Hi-Y And Hi-Y Basketball Game

The Lone Oak Tri-Hi-Y and Hi-Y were rivals in an exhibition basketball game on October 28th. The boys were dressed as Cowboys and wore basketball trunks and cowboy hats. The girls were dressed as Indians and wore Bermuda shorts, long socks and Indian feathers.

Each team was represented by cheerleaders and Mrs. Helfer was coach for the Indians (girls) and Mr. Cooper was coach for the Cowboys (boys).

There was a good attendance and everyone enjoyed the game.

### How Do You Like The School Paper

Is the school paper satisfactory to you?

Is it the kind of a paper that you like to read? Just what is your idea about it? If it is not satisfactory we would like to hear your complaint.

If you would like to see more editorials, jokes, safety features, sports or any other news items in the school paper, the journalism class would like to hear from you. After all, this is a school paper and we want to make it as interesting as possible.

Remember, if you have a new idea for the paper, we will be interested in hearing from you.

### Courting In the Halls

Are you the one that is holding your girl's hand between classes, and being late for class. Always standing at her locker when she comes out of class. As she slams the locker door, you are looking into her eyes, then you suddenly realize that she has slammed the door on your fingers. To get over the pain soon, your girl kisses your fingers, for fast relief.

If some older person were visiting the school, and saw this going on, they would not understand her kissing your fingers.

If you are in LOVE and must court, court somewhere besides in school.

### Help Keep The School Grounds Clean

Keeping the school grounds clean is very much of a problem.

Everyone can help if you will just stop to think for a second before throwing something down. There are wastepaper cans at convenient places, such as at exits, all rooms, and in the halls.

These cans are to be used, not just looked at. From now on, let's try to keep the grounds as beautiful as possible, and save the student body and faculty members a lot of hard work, just because of your forgetfulness.

### Assistant Coach

Everybody seems to know the coach but nobody seems to know the assistant coach. He just does not stay after school every day for his health, he stays to help Mr. Stephenson. He does a lot more than you would think, he is a lot of help to Mr. Stephenson, because coaching is hard and more than one man can do. He needs help so the assistant coach is there to help. It takes a good man to be an assistant coach and I think that we have one of the best, so let's don't forget that we have an assistant coach, and we are proud of Mr. Dexter.

### Missing School

By Tinker Moore

Have you been absent from school very much this year? A lot of students stay out of school because of sickness, but there are others that are absent for hardly any reason at all. Some have to work at something at home on a school day, but they don't have to work three and four days a week. However, there are exceptions to all cases.

If you have been *missing* school you should stop and think, if I don't *attend* school, what will I be able to do in the later years when I have to support a family?

### Isn't It Wonderful

That Lone Oak has well trained teachers.

That High School students can go to Lone Oak for lunch.

That Lone Oak has such good ball teams.

That Lone Oak has a good and clean school.

That Lone Oak is getting a new grade school.

That Lone Oak has a good library.

That Lone Oak has outstanding clubs within the school.

That Lone Oak has dependable transportation for students to and from school.

That grade students have more playing room.

That Lone Oak offers so many subjects.

That Lone Oak has such a nice student body.

That Lone Oak has paved drives.

That Lone Oak has such a nice Home Economics Department.

### "Coram's Corner"

What kind of person do your fellow students think you are? Can you help change their opinion? Are you the person who comes to school and speaks to just a few of the people you like? There is a lot of that in schools today. Students should try to be nicer to everyone they come in contact with. When you come to school feeling bad, people can tell without you making a scene of it and always biting someone's head off. Just because you hold a position in school that is admirable, you don't have to be "STUCK UP" and never speak to anyone unless they are in good anyway. Why don't some people get those "chips" off their shoulder and be a little more sociable. Let's make school a better place to be, so speak to people and let's all be a little friendlier. Students, Teachers, Janitors, and all here at Lone Oak.

### Student Courtesy

By Jimmy Cruce

Everyone in our school should want a school he can be proud of. We should strive to keep our school one of high standing. The students of Lone Oak should keep the noise down. Don't be slamming locker doors. Pick up all the paper you find. Keep our school respectable and clean. Remember to walk on the right side, in the halls and on the stairs. Don't skip steps, and stay in single file. Let's all be ladies and gentlemen. We should be as quiet as possible when eating in the cafeteria. Remember . . .

THE STUDENT OF  
LONE OAK IS A COURTEOUS  
STUDENT

### "Calendar Girl"

Our calendar girl is Orlane Darnell, daughter of Mr. Orlan Darnell and the late Mrs. Oia Darnell.

Orlane is a junior and her subjects are: American History, English, Spanish, and Home Economics. She is 16 years old, 5 feet, 6 1/2 inches tall, and weighs 125 pounds. Her pet peeve is: "Speedy, the petrified man." Her favorite song is: "The End." Besides her school activities she likes to bowl.

Orlane attends the Trinity Baptist Church. She lives at 201 Illinois. Her ambition is to be a beautician.

### "THANKSGIVING"

When Thanksgiving time rolls around again this year, which one of the following thoughts will enter your mind? "Oh, boy! Today is the day when we go visit grandma and have a big Thanksgiving turkey with pumpkin or mince-meat pie for dinner," or "today is the day of thanksgiving for having the opportunity and privilege of living in a safe, free country."

Maybe both thoughts enter our mind but we wouldn't be enjoying either one of them if it weren't for our forefathers. When I think of all the hardships they faced in coming over to the New World from England. I sometimes wonder if WE had lived at that time, could WE have been as brave and courageous as our ancestors were.

So this year when Thanksgiving Day is here and we sit down to eat why don't we stop for a moment and give our thanks to the good Lord for all that we have?

### "Wouldn't It Be Nice"

If a few girls at Lone Oak were as pretty as they thought they were?

If Ted and Bertha were stranded on an island out in the Pacific?

If Ann Morris had a garbage disposal to get rid of her five cans of garbage in her kitchen?

If Bridget Bardot had a special class for boys?

If George Youngblood was a girls' gym teacher?

If Janet Womble could make up her mind between ? and ??

If Hilton was as compact as he is but had the strength of Charles Atlas?

If we could have a lovers' lounge for couples at Lone Oak?

If "Every Little Breeze Seems To Whisper Louise" David?

**TOM DOOLEY**

By Janet Womble and Bertha Pace

"Tom Dooley" escaped from jail the day he was to hang.

"The World Outside" looks too good to stay here, he said. Don't try to "Call Me" because you'd be playing "The Waiting Game".

"I Got A Feeling" it won't be long "Till You Come Back Again" the jailer said. You're not such a "Mighty Man", and unless you take one of the "Ghost Trains", you'll be "Walking Along" this time next week.

I'll be "Long Gone" in "One Night", "Big Daddy", Tom replied as he locked the jailer in a cell.

"Am I Lucky", he said as he rode along on "Cimarron", a horse he took as he left. I'll leave this "Lonesome Town" far behind me and go see "Janie". "It Seems To Me" she said she lived on "Hideaway" Street over the "Bridge of Sighs".

He rode faster, singing a catchy little tune called "La Do Doda" to himself and watching "The Mockingbird" sing, unaware that a "Pussycat" was eyeing him hungrily from beneath the tree.

Oh Tom! When did you get out? Janie asked when he arrived at her house. There are "Pretty Girls Everywhere" and you came to see me first! "Gee Whiz".

"Oh Yeah", "I'm Sitting On Top of the World" when you're with me. A guy aint nothing "Until He Gets A Girl". I had the "Summertime Blues" when I looked at the "Blue Moon" and knew I couldn't be with you in the "Tunnel of Love".

Tom needed some money so after awhile they agreed that the only thing to do was to rob the bank.

"Billy Bayon" was the teller and when "Janie" drew a gun on him he exclaimed, "Shame on You Miss Johnson"! "Please Believe Me", you'll be sorry.

"Poor Boy", she replied, you're all "Wrapped Up In A Dream" about right and wrong.

Just give us the money, Tom

snapped, let's don't go through this "All Over Again".

"I'll Wait For You" outside, Janie said.

Tom got the money but when he went outside the sheriff was waiting for him.

"Peek-A-Boo", "I'm Watching You", he said as he put the handcuffs on Tom.

So "Tom Dooley" and "Janie" were both taken to jail. But we must not judge them too harshly. After all they were "Just Young".

**"THE SNOOPER"**

Carolyn and Lynn seem to have patched things up. Good luck.

Shelby Weitlauf really seems confused. We see she's going steady with Alfred again. How long is it going to last this time?

We hope your voices won't change because if they do Benna Settle won't know you. She got contact lens and they couldn't make them as thick as her glasses so she probably can't see you.

Barbara Puckett seems to have her old flame, Sonny, back.

Buddy, we wouldn't dare think of writing anything in the paper about you dying to date Linda Saucier.

Between Janet Womble and Sylvia Rogers Poor Pete will go broke paying for phone calls.

Ronnie Barlow is still on the prowl. What's wrong girls, can't any of you hook him?

Susan, did you go to Murray to sing or "to LOOK" around?

J. D., what girl caused you to get those six stitches on your head?

Famous last words - "Don't tell me to shut up". "Shut up." "Billy Joe, don't you DARE leave!" "Bye."

**"How About Some Excitement?"**

Students, do you realize what you are missing by not using the facilities of your school library? In certain books you can find entertainment, excitement, and pleasure, in others you can find important facts and figures that are helpful in your school work.

Several new books have been ordered which will be very good reading material. Would you like a "sneak preview?" O.K. Here is a list of some:

- "I Leap Over The Wall" *by Monica Baldwin*
- "Popular Girl" *by Lynn Bronson*
- "Take My Life" *by Eddie Cantor*
- "Gone Are The Days" *by W. Bruce Bell*

Three books have been given to the library besides the new ones. Just a glance at the titles will show they are interesting. Care for a look?

- "Kidnapped" *by Robert Louis Stevenson*
- "Great American Automobiles" *by John Bentley*
- "The Valley of Wanted Men" *by E. B. Mann*

Subscriptions to two important newspapers have been ordered. They are the Louisville Courier-Journal and the Paducah Sun-Democrat. The library also receives the Christian Science Monitor, and the college papers from S. I. U., Western, and Murray State. Mrs. Helfer urges you students to check out these papers and to read them in your Study Hall.

There have been several faces seen checking out books. Among them were: Sharon Wetton, Jackie Livingston, Pam Leeper, Sharon Bouland, Stella Purvis, Leta Duncan, Janet Womble, Glenda Davidson, Dorothy Carmichael, Don Brindley, Judy Cooper, Ena Meeks, Louie Lamar, and Martha Allison. As you can see, they are mostly girls. Come on boys, follow Don's and Louie's example and start doing more reading.

**What's Happened?**

*By Bertha Jeane Pace*

What's happened to the students of Lone Oak? Why doesn't anyone volunteer for anything anymore? Why don't you help your school?

In former years, it seemed the school was buzzing with activities. Everyone was doing something. Clubs were overflowing, the music department had more members than it could handle and all of the other organizations were filled. Now, it seems the same people are doing everything.

Tri Hi Y and Hi Y need members. What are you doing the first and third Monday of every month? Are you so busy that you can't spare a little of your time to belong? You'd enjoy coming. Why not give it a try?

How about your class play, Juniors and Seniors? Of course, everyone can't act, but you can try regardless. You might make it. You never know.

When ball games start, why not support your team. The boys will do a lot better if you do. They'll try harder if they know people are interested.

Enjoy your school years. For some of us it's our last one. Take an interest in its activities.

**"How Does Your Master Treat You?"**

(Dedicated Especially To School Books)

Ouch! Stop! Stop! Please don't throw me around that way. It really does hurt! Just how would you, a student, like to trade places with me, a book? Let's take a look at my hectic life and form your opinion. Just because you don't like school, why take it out on me?

Early in the morning before school, my day starts with a bang. I mean B-A-N-G. I get slapped around when Johnny says, "gee, Mom, do I hafta go ta school agin today?" and mom answers, "yes, son." So there we are - I get slammed down on the table and then picked up and we start to school. While we are walking to school, Johnny remembers his conversation with mom and gets mad again. Since I happen to have the rotten luck to be with him, I get thrown down and stepped on. Believe me, I thought I was dead because my arm (cover) was nearly torn off. While I am down my monster of a master just can't refuse the urge to give me a gentle (ha) kick against the sharp rocks. Well, this is the end I know - who could survive slaps, kicks, and bruises the way I did and still live?

The prospect of dying seemed so wonderful and restful. There would be no more Johnny to hurt me and make me cry - but wait a minute! Oh no, I am still alive and I must continue to live for several more years so I can accompany Johnny in his journey through grade and high school. I suppose I'll go on suffering and try not to show my feelings. Well, there is my life's work - now would you like to change places with me?

**Basketball Team**

On Tuesday afternoon, November 4, Lone Oak's A Team played Paducah Junior College. The main purpose for the game was for the coach to see which boys had the most ability to play and then teach them plays to work on. Both Lone Oak's coach and P. J. C.'s coach played all their boys and every boy got a chance to play.

Our boys really hustled and the game turned out pretty good, considering the fact that we were playing a college team.

### WHAT IS IT?

Recently a survey was taken among some Lone Oak students. The question, "what would you do if somebody handed you a CAROB?" was asked. Here are some of the replies:

Sandra Kinsey — "I'd ride in it."  
Lillian Briney — "I'd push it."  
Jackie Livingston — "I'd bury it."  
Billy Ritchie — "I'd kill it."  
Patsy Byrd — "I'd feed it."

Ann Morris — "I'd throw it in the garbage and put the lid on it"

What would you do with it? By the way, a CAROB is an evergreen tree of Southern Europe.

### SCHOOL SPIRIT

by Bertha Pace

What does your school mean to you? Just a place you have to attend until you're old enough to quit? Or maybe until you graduate? To most people it means much more than that. They love their school. They're loyal to it. They respect its name and what it stands for.

A man once said "Youth is a wonderful thing. Too bad it has to be wasted on young people." The man has a point. So often you hear someone say they can't wait to get out of school. For what? To work the rest of your life? That's what always happens after graduation.

Why not enjoy your school years? They're the best years of your life, no matter what you may think. Let's everyone get the school spirit and make this school year a good one. Enjoy it now while you can. You'll never have this same chance twice.

for you to accept.

5. When thanking a girl at the end of the evening what would you do?
  - a. Thank her and express the hope that she had a good time, too?
  - b. Thank her and say perhaps you will telephone her again sometime?
  - c. Thank her and mention some sport or entertainment that you and she could see in the near future?

The correct answers are: 1-b; 2-c; 3-b; 4-b; 5-c. What was your score?

### ROVING REPORTER

How long do you think it will be before man reaches the moon?  
Mr. Hall - quite some time.  
Bob Steele - in the near future.  
Eugene Hughes - six years, two months, three days, ten hours, five minutes, and twenty-eight seconds.  
Larry Williams - two years.  
Judy Moore - about 20 or 30 years.  
Ozzie Tapscott - a few days.  
Tinker Moore - it all depends on who is driving.

### SAFETY

**SAFETY:** One of the most important things about school. The best time to be safe is around lunch time when everyone is out for lunch, also everyone driving, watch out for the smaller children in the morning coming to school, and the afternoon leaving the school. Everyone keep their lockers closed because someone could come down the hall, not looking and run into the locker door and hurt themselves very bad. Remember everyone that drives, please be careful.
