Teacher Of The Month

This month, Mrs. Goheen has been selected as teacher of the month. Mrs. Goheen has been a teacher of Home Economics at Lone Oak for 10 years. She has been very active in school and community activities. Mrs. Goheen is the sponsor of a very active chapter of the F.H.A. Under her guidance, the Lone Oak Future Home Makers of America have had several girls to serve as district officers; one president, two secretaries, one first vice president, and one parliamentarian of the Paducah District of the F.H.A. One girl has served as State Historian for the State F.H.A. Federation. Besides all this, Mrs. Goheen has had 20 girls to receive the state F.H.A. degree.

Besides her work in the F.H.A., Mrs. Goheen is a Junior class sponsor, and sponsor of the annual magazine drive, for the Junior class. Mrs. Goheen is also sponsor of the Junior and Senior banquet.

Mrs. Goheen is a graduate of Murray State College with a B S degree and she has just finished her work for her Master's degree at Murray State College.

Mrs. Goheen thinks that Lone Oak is a wonderful community and a wonderful place to teach. Lone Oak is one of the outstanding schools of the state and has an enrollment of very outstanding Administrative Leadership.

All of the students at Lone Oak say that Mrs. Goheen is one of the best teachers at Lone Oak High School.

F. H. A. News

By Joyce Vaughn

The Lone Oak F.H.A. had a meeting on February 2. We had a panel discussion, about "How Home Economics Helps Me In My Everyday Living." On the panel were: Mrs. Boyd Helfer, Mrs. John Leeper, and Mrs. Charles Hartwell. They told us many things about homemaking and they pointed out that we should have a good education in home economics. The committee presented a code of ethics for the F. H. A. girls. I know everyone enjoyed the meeting and would like to thank the women who participated on the panel for their cooperation.

The Home Economics Department entertained with a Valentine Tea Friday, February 13. Approximately 120 girls were served. The spirit of Valentine's Day was carried out through the decorations of the table and servings.

First NOMA Test Is Given

On January 30, the first NOMA spelling test was given with 6 girls and 1 boy making 100. The NOMA list was given to each Clerical Office Student in November to study the 600 words.

The students making 100 were: Elene Burnett, Judy Barnett, Judy Bean, Wanda Shaffer, Delores Torian, Rose Jett and Larry Lane. These students received a NOMA Certificate Feb. 26, in the FFA assembly. The second test was given March 12. We want to say congratulations to these students for a wonderful job of representing our school.

Junior Rotarion

The Junior Rotarion for February was David Coram. David is a very popular Senior, active in the Hi-Y Club and the A Cappella Choir. He is President of the Hi-Y Club this year. David went and ate with the Rotary Club of Paducah each Wednesday during February. We were proud to have David represent our school during February.

Library News

More and more new books are coming in. Another order has been received. Some of them are:

The Golden Warrior, Our State Police, Queen Victoria, The U. S. in Color, Hope Muntz, Irving Crump, Lytton Strachey, and Holiday

Movies were shown of the Library Club's Christmas Party, which met with Mrs. Helfer, at their last meeting. The student librarians want to say that they enjoy working with the new librarian, Miss Puckett.

Hi-Y News

The Hi-Y and Tri-Hi-Y held a party at the Presbyterian Church on February 16. Games were played and drinks and cookies were served.

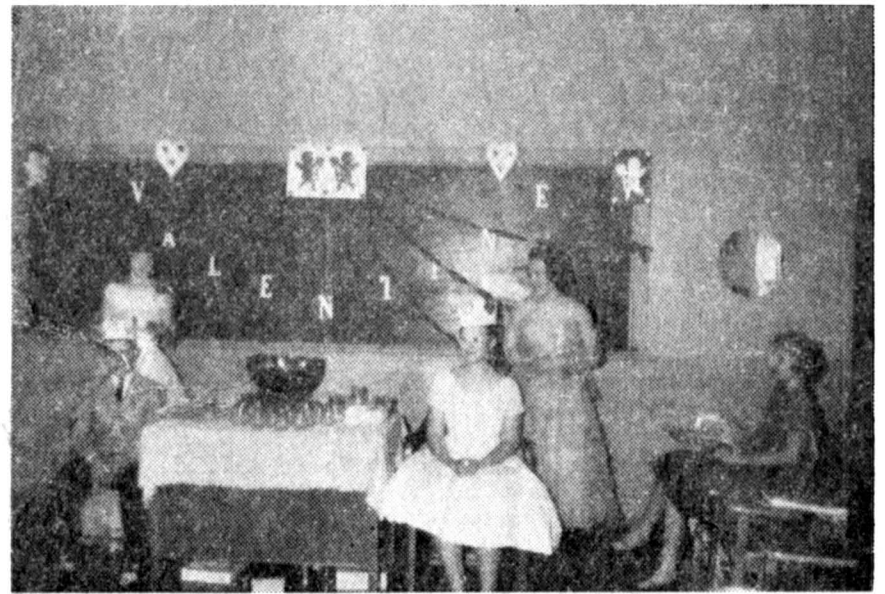

The Tri-Hi-Y gave a short program which everyone enjoyed.

The Hi-Y group is working on a project to raise money for Youth Assembly. We urge all members of Hi-Y to attend the next meeting on March 2.

Trifles Make Perfection

By Archie Claypool

Trifles make perfection; perfection is no trifle, was the motto of Michelangelo to his students. There are three points to remember in life, (1) Ride Bareback. Don't depend on your mother or father to help you along or the teacher to tell you whether a thing is right or wrong. (2) Hit the bull's-eye! Whatever you do, do it right, and try it until it is done right. Some of our greatest men kept trying until they succeeded. (3) Keep your shield. If you go off to battle with a shield, either return with your shield in your hand or return lying upon your shield to show you have been in battle and weren't afraid of your enemy.

KING AND QUEEN CROWNED

The race for the seventh grade king and queen ended at 1:00 p. m. Friday, February 13. The two students who received the title of "King and Queen of Hearts" were: Miss Pamela Smith and Mr. Frank Harris.

Pam, a very popular twelve year old, is in Mrs. Christensen's room. Her votes totaled 2,642. Joetta Walls came in second with 1,700 votes and Gloria Durrett followed her closely, having 1,622.

Frank, the handsome new king, is also twelve years old and in Mrs. Christensen's room. He had 1,171 votes. His runner-up was John Strong, who had 339 votes.

Valentine decorations set the scene and mood for the coronation. The royal thrones were placed on each

side of the refreshment table, which was attractively set. The blackboard was decorated with red crepe paper streamers, red and white hearts and with several pictures of cupid.

The crowns, which were white, trimmed with red hearts, were presented to the royal couple by the queen's attendants. Joetta, crowning Queen Pam said,

"I crown you queen, Pam, Queen of Hearts."

Gloria, when placing the crown on King Frank said,

"I crown you king, Frank, King of Hearts."

John Strong presented the newly elected couple with candy in boxes shaped like large red hearts. Cupcakes and punch were served for refreshments.

YOUR CAREER

By Archie Claypool

Every year thousands of young people start out in careers in laboratories and hospitals, on the farm, in construction and industry, in education and public welfare, in trades and services, and in many other fields.

Choosing a career, with the help of parents and career-guidance counselors, and preparing for it, in high school, vocational school, and college, are vital parts of every young person's life. If one starts out in a career not suited for his like, he will be sorry for it all the rest of his life and won't enjoy his work.

What's Wrong With Our School

Why is it necessary for high school students to destroy school property such as bathroom facilities, chairs and desks in classrooms, and other school property?

Students who have reached high school age should have enough intelligence not to destroy expensive property even if they destroy it at home. Students who do this are about as low as a human can get and are the same ones who are helping ruin our school's reputation.

Everyone at Lone Oak who cares anything about our school should help get this destruction put to a finish. Let's all join and catch the guilty ones and then our school can stay clean and not be destroyed by those people.

Practice What Is Preached

You have heard the evils of gossip stressed many times since you came to L.O.H.S. You agree that gossip is wrong and harmful. Do you apply your beliefs to your daily life?

All of you know the meaning of sportsmanship. You've heard it often, yet "boos" can be heard coming from the L.O.H.S. students during a ball game.

You know how you dislike to be disturbed while studying. Do you consider that when you are disturbing someone else?

Learning what is right is not enough. It will not do us any good until we use it in dealing with others.

FROM THE EDITOR

Does anyone at home have to continuously remind you of your duties there? Do we have to have guards with guns stationed in the rest rooms, to make you act like ladies and gentlemen?

Why do you students insist on writing profanity on the walls in the grade school's rest room? Do you have to put so much lipstick on that you have to kiss the wall? Are you that desperate because you can't get a date?

WHAT IS IT STUDENTS, THAT MAKES YOU DO THESE THINGS?

Aren't you big enough to know right from wrong, why do you insist on throwing tissue paper on the floor instead of the handy waste basket at the right of the room.

Please keep the school's rest room like you would want yours at home.

Boys, you too, should take better care of your rest rooms.

It is a shame and a disgrace to have our rest rooms look so bad.

WON'T YOU HELP US KEEP THEM CLEAN.

Using The Library

By Archie Claypool

Making use of the library is essential to your education. If you as a student in high school acquire the library habit, it will serve you well in your college work or in whatever situations come about in your experiences requiring information beyond the range of your general knowledge, whether you wish to find answers to certain questions, or whether you wish to assemble facts to reinforce your position in regard to some community issue. Besides, library books have much to offer you, either books for pleasure or for a general study.

Unless you are familiar with your school library or the public library, you should become closely acquainted with it. Learn the location of all necessary books and remember it for your own use.

Throngs Of Holy Week

By Edgar Daniel Kramer

Alone, while even His disciples slept,
He sweated blood in dark Gethsemane

And prayed, as through the haunted shadows crept

These same throngs, who had shouted Him to be

Messiah, Master, King, their Lord of Lords;

With soldiers, elders and the temple priests,—

Now armed with lances, staves, sticks, stones and swords,—

Fools, led by knaves, whose madness made them beasts;

He murmured, "Father, can not this cup pass

From Me; this agony be spared Thy Son,

Whose salty anguish dews the mourning grass?

Yet, Father, let Thy will not Mine, be done!"

Then from the crowd, his breath a serpent's hiss,

Black-hearted Judas came with his foul kiss.

These same throngs lined the road to Calvary,

When, clad in purple, thorns red in His hair,

His body stooped beneath the cruel tree,

He stumbled through the blackness of despair

Alone, until, gold gleaming in the dross,

Lo! sturdy Simon of Cyrene came—

To help Him bear the burden of His

cross,
To share His awful sorrowing and shame.

They heaped Him with their curses and their jeers,

As nails were driven in His feet and hands,

And with their ribald mocking filled His ears,

Until a tempest shook the seas and lands,

While Jesus murmured through the pain He knew,

"Forgive them, for they know not what they do!"

When dawn was heaping roses on the earth,

And lilies filled the garden with perfume,

Where lyric larks were chorusing their mirth

Above the Savior's sealed and guarded tomb,

That Mary, broken-hearted, mourning Him,

Found empty with the great stone rolled away.

While music of the flaming seraphim

Was adding splendor to the shining day,

Forgetting they had, oh' so lately cried,

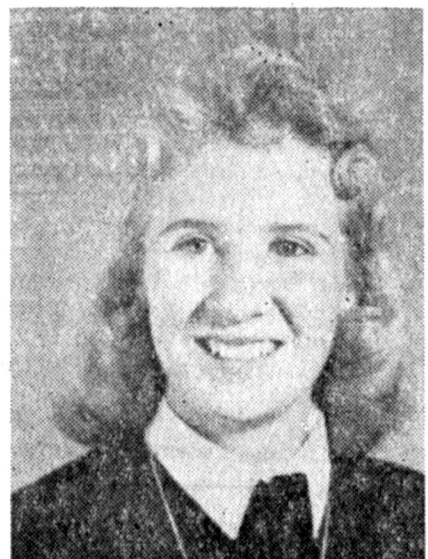

"Give us Bafabbas! Crucify the Lord!"

Once more adoring Him they had denied,

No longer blind, their simple faith restored,

These same throngs, kneeling on the dewy sod,

In awe declared, "He was the Son of God!"

"Calendar Girl"

This month we have chosen Jolene Parker as our Calendar Girl. Jolene, daughter of Mr. and Mrs. Robert C. Parker of 3545 Lovelaceville Road, is a Senior. She is 5 feet, 3 inches tall, weighs 118 pounds and is 17 years old. Her classes are: Biology, Shorthand, Plane Geometry, and English.

Jolene has been a varsity cheerleader for the past two years. Her favorite food is chicken and dumplings. Her ambition is to become a nurse.

We are proud to have her represent our school this month. With her friendly smile, Jolene is sure to accomplish much in her future life.

ROVING REPORTER

The question for this month is—"What do you think about going steady?" We have asked a few people their opinion on this much talked about question and here are a few of the answers we got:

Janet Womble — It's O.K.
Jimmy Cruce — Nice.

Nellie Clayton — It depends on who you are going with.

Mike Thompson — Crazy Man.
David Coram — It's for the Birds.

Buddy Rushing — It ties you down to one person and you can't play the field.

Archie Claypool — It's not very good.

J. D. Bristoe — It's not very good, but it's o.k. if you want to.

Joyce Vaughn — Watch out.
Sherrell Jarvis — It's for the Birds and I can't fly.

Jolene Parker — It depends on how you feel about the person and how long you have been going with him.

Sherry Miller — It's stupid.

Expressions

Kenneth Gross — Suit yourself.
Larry Lane — I don't think I should get ten licks.

Archie Claypool — Like a frog.
John Lamar — Who got my spinners?

Joe Wilson — Who turned me in?
Jim Cruce — I have a fast ford.

Linda Shaffer — I sorry.

Flash Splits Card With N. Marshall

On February 3, at North Marshall, the Flash "B" Team played a very close game.

Ike Huff hit two free shots to win the ball game with only two seconds to go in the last quarter.

At the close of the first quarter the score was; North, 17 - Flash 8, and at the end of the second quarter the score was; North, 25 - Flash, 15. The game became more exciting as the Flash began to rally in the third quarter with a closing score of 33 to 27 for the Jets. The fourth and last quarter was certainly thrilling as Ike made the last two points to a thrilled and screaming crowd of Flash fans to end the ball game with 39 points for the Flash and 38 points for the Jets.

Scoring for the Flash were: McIntosh, 13; Overton, 11; Huff, 7; Gilbert, 6; Dallas, 4.

Our "A" team was not as fortunate as the "B" team as they bowed to N. Marshall with a score of 58 to 41.

Scoring for the "A" team were: Tapscott as high point man with 16 points; Brown 8; Clark 7; Powers 6; Owen 3; Davis 1.

The score by quarters was:

- First quarter, Jets 16—Flash 11;
- Second quarter, Jets 31—Flash 17;
- Third quarter, Jets 43—Flash 29;
- Fourth quarter, Jets 58—Flash 41.

Coram's Corner

Getting out a paper is no joke. If we print jokes, people say we're corny. If we don't they say we're dull.

If we don't print all our contributions, we're biased. If we do, the columns are filled with junk. If we make a change in a write-up, we're too critical. If we don't, we're blamed for poor editing. If we print our views on the editorial page, they're wrong. If we don't we're wishy-washy.

If we print stories on coming events—plans are changed or nobody's interested, they've already heard about it. If we write about things that have already happened it's just history.

If we clip material from other papers, we are too lazy to write it ourselves. If we don't, we're stuck with our own stuff.

Now more than likely, some guy will say we swiped this from some other paper. We did.

"THE SNOOPER"

Carolyn Clymer really took the South Hopkins ball game hard. She couldn't control herself and had a serious little accident.

Tommy Lowe seemed to hit Lone Oak at the right time. Girls were desperate for a "man" . . . he suited their taste. (Especially one 8th grade girl.)

Bertha Pace brought Joyce Vaughn a **souvenir** back from Indianapolis.

Seems like Judy V.'s love affair is over. Watch her boys — She's on the prowl again.

Linda Shaffer and Tinker Moore seem to have worked up a case. Good luck, Tinker—you've got a **mighty** nice girl!!

Seems like we have been seeing Sandy W. and Larry B. together a lot.

Lorrie Faith always did like storms, especially **"Tornados."**

Did You Know????

'way back in March, 1959 A. D., it was rumored about that—Eddie Kennerly was Mrs. Cooper's favorite English student.

Dale Reeves was misbehaving in all his classes especially English.

Some stray dog got in Mr. Goheen's closet and ate his dinner.

"Wonder Boy—Jim Cruce" has done it again! What? We don't know.

Mickey Williams was about to take Connie away from Jim and Dale.

Marilyn Wallis and Troy Barkley were getting along fine.

Tinker Moore kept his 6th Period English class from failing the semester by letting them copy off of his paper.

Ernie Owen was trying to reduce, to get shorter instead of thinner.

Carl Page and Larry Lane couldn't laugh in Agriculture or they would get suspended for at least 3 days or forever.

Larry Davis seemed to enjoy going to Ballard. We don't know why!

The Wearin' O' The Green

O Paddy dear! an' did ye hear the news thay's goin' round!
 The shamrock is by law forbid to grow on Irish ground!
 No more St. Patrick's day we'll keep, his color can't be seen,
 For there's a cruel law agin' the wearin' o' the green!
 I met wid Napper Tandy, and he took me by the hand,
 And he said, "How's poor Ould Ireland, and how does she stand?"
 She's the most disthressful country that iver yet was seen,
 For they're hangin' men and women there for wearin' o' the green.
 An' if the color we must wear is England's cruel red,
 Let it remind us of the blood that Ireland has shed;
 Then pull the shamrock from your hat, and throw it on the sod—
 And never fear, 'twill take root there, tho' under foot 'tis trod!
 When law can stop the blades of grass from growin' as they grow,
 And when the leaves in summertime their color dare not show,
 Then I will change the color too, I wear in my caubeen,
 But till that, plaze God, I'll stick to wearin' o' the green.
