COUNTY-WIDE SCHOOL FAIR TOMORROW

Calendar Girl

We have chosen Betty Reynolds as our Calendar Girl this month.

Betty is the daughter of Mr. and Mrs. Sampson Reynolds of 124 Nolan Drive. Her subjects are Bookkeeping, English, American History, and Home Ec. Her favorite subjects is Bookkeeping. She is seventeen years old, 5'5" tall and weighs 109 pounds. She is a member of The Southland Baptist Temple.

Appreciation

Have you ever thought about the true meaning of "appreciation"? If you have, you probably looked in the dictionary and found the definition was similar to the following: "The just valuation of worth or merit." After this investigation you probably decided you knew the meaning of the word, but there is a deeper meaning. This deeper meaning comes from the practical application of the word. There is no place more appropriate for this act than at school. It is a definite fact that if we derive a just valuation of the worth of our school and the teachers who are trying so very hard to help us, there is no alternative but to be more appreciative and strive to better our school.

TEACHER OF THE MONTH

By Sheron James

We have chosen Mr. Nevill McCracken as teacher of the month.

Mrs. McCracken is a new teacher and she's from Winchester but she taught Sophomore Academic English and was head of the Speech Department at Madisonville last year.

Mrs. McCracken says she likes teaching at Lone Oak just fine. She teaches two classes of Senior English, one French class, one Spanish I, and one Spanish II class. She had a poetry and extempore meet here Saturday, September 12. She says she wishes to get a Forensic League started here because she is State Head of the National Forensic League which is the national honor speech organization for high school students.

We want to welcome Mrs. McCracken to our school and we hope she will enjoy her year teaching here.

Welcome Students

By Carol Clark

We the students of Lone Oak High School Journalism Class welcome you back to school this year. If you are a new student here this year we hope you will come to think as much of our school as we do.

We hope everyone had a nice vacation, but now that we have come back to school, let's all work hard to learn all that we can this year.

Our school has really been improved this summer. While we were having fun many people have been working and worrying for us. Now let's show them how much we appreciate their work and concern that we get a good education by really working this year.

FHA NEWS

Miss Gale Kelley, President of the Paducah District of the Future Homemakers of America, attended the National FHA Convention in Chicago, State FHA Convention in Lexington, State Leadership Conference in Hardinsburg, Girls' State in Lexington, and she was counselor for Girls' Auxiliary Camp. Miss Kelley represented Kentucky in the National Style Show and also acted as national group leader for the discussion on "How Our Youth Can Initiate a Program in Our Community." At the state level, she served as leader on "FHA Highlights, The Way to Happier Living." At the State Leadership Conference Miss Kelley explained to the group ways we, as members, could promote good will through getting to know our neighbors at home and abroad. At Hardinsburg she was voted as a key camper. Miss Kelley will be performing double duties this year, since she is President of the District and Local FHA chapters.

The local officers for the year are as follows:

President — Gale Kelley
1st Vice President — Kay Hartwell
2nd Vice President — Dortha Dykes
Secretary — Patty Crosley
Treasurer — Fay Foster
Historian — Carolyn Clymer
Reporter — Sherron Slusmeyer
Parliamentarian — Betty Weitlauf
Home Room Mother — Mrs. W. D. Kelley

We are planning on many activities this year. October 1 will be the style show at Reidland High School. October 2 will be the county fair. This year's FHA booth is expected to be one of the best. October 3 will be FHA Officers Training School at Livingston County High School.

We would like to congratulate Rose Jett and Benna Settles for earning their State Homemaker's Degree. Miss Jett acted as leader at State FHA Convention, and Benna Settles sang in the all State Chorus.

Mrs. Goheen, our advisor, added laurels too, to our chapter. She was honored at Lexington for a Decade

STYLE SHOW TONIGHT

It's here again kids. You guessed it! The 3rd annual county-wide school fair begins tomorrow morning, October 2nd, at Carson Park.

F.F.A. News

By Fred Elliott

The F.F.A. is very active as usual. The officers, with the reliable advice of Mr. Goheen, are doing a fine job of leading the organization.

The chapter was represented at the State Fair by five members. These members participated in cattle judging, seed identification, and showmanship.

Student Enrollment

Lone Oak has quite a large enrollment for the 195-'60 term. There are 703 students in High School and Junior High.

441 is the number of 9th through 12th grade students. The 7th and 8th grades are 262 in number, over half of the High School enrollment. This means in a couple of years we will have pretty good sized freshman and sophomore classes, but since the first through 6th grades have moved out we should be able to take care of them.

Since a large number of students leave the campus for lunch and our cafeteria has a large capacity there will be no problem during lunch hour.

of Service, and at Hardinsburg, she was presented a pin for outstanding service she has given to the FHA organization.

The chapter welcomes Mrs. Nancy Crass of Murray, Ky., to the Home Economics Department.

We are looking forward for 1959-1960, when we strive to get each member to draw her "Life's Blue Print."

In our families we get both the practice and use of Faith.

If every home in every land had altars

Where families worship daily and where prayer

Is lifted up, and God's dear Word held sacred

With Christ a welcome guest beside them there,

The nations would not need to re-assemble

In further parley over future peace;

For enmity and strife would be forgotten,

And wars with their wild rumors all would cease.

The love of God is born at family altars,

Peace and goodwill to all mankind is part

Of any praying group's sincere devotion.

God, God made every household take to heart

The old earth's deepest need and rear their altars

Close by their own fireside, and peace, long sought

Will have the earth because of mankind heeding.

The vital lessons that the Master taught.

The fair actually begins with a style show to be held at Reidland High School tonight. Models (girls) from three local high schools, Reidland, Heath, and Lone Oak will participate. The models will be selected by the home economics teacher in their own schools. The clothes to be modeled will be furnished by stores from Mayfield and Paducah.

If you are not particularly interested in clothes, don't feel left out. Exhibits from all the county schools will be featured tomorrow at Floral Hall. Some of the features will be F.H.A., F.F.A., English, History, Math, and Science. Even though the exhibit you are particularly interested in hasn't been named, don't be disappointed for there will be many more features that haven't been mentioned.

Remember, YOUR school is represented, so why don't you support the COUNTY FAIR?

NEW COACH

We are proud to have Mr. Glenn Earl Dexter as head coach this year. At the present time he is residing on College Avenue.

Although Mr. Dexter isn't new at Lone Oak, this is his first year in this position. He is formerly assistant coach to Mr. Don Stevenson, whom he replaces.

The job with which he is challenged is a great task and responsibility, but there is no question of his being capable to bring glory to Lone Oak.

Mr. Dexter graduated from Lone Oak and Murray State. He is teaching General Business and Health this year.

Safe Driving

By Wilford Davenport

Are you a safe driver? If you are not you should be. When you are around a school do you drive fast to show everyone that is standing around that you are a wheel? You are not a wheel and nobody things you are. Did you ever really think what you would feel like and what you would do if you ran over someone and killed them. I think that we have been lucky so far at Lone Oak. Drive carefully and keep this luck of ours going. It will help to keep the school safer and it will help to build our good reputation.

New Bus Drivers

We would like to welcome three new bus drivers to Lone Oak this year.

Mrs. Jones who is a housewife and has three children. Her husband works at Calvert City as an electrician. They live on the Highland Church Road.

Collins Powell, previously in the grocery business lives on the Old Mayfield Road.

Courtney Fox, another of our new bus drivers, lives on Rout six. He was a painter before driving our bus.

Letter From The Editor

Carol Clark

How many of us really consider ourselves better than some other people? Just because you are a basketball player, a cheerleader, a class officer, a club officer, or hold any other position in the school that is of special importance; do you consider yourself better than someone else?

Are you snobbish because you wear better clothes than other people or you drive a better car, live in a better house, or can afford to go to the barber shop or beauty shop more often than someone else?

Maybe you make better grades than a lot of the other students do. Do you think yourself superior to them? Are you really?

Let's not make the mistake of judging someone by the position they hold, the amount of money they have, or the grades they make. Let's all try to be friends with every one and judge people by what they are inside, not how they appear outwardly to men.

A Step Up In Journalism

By Kenneth Rushing

The journalism department of Lone Oak High has taken a step forward in development this year by adding a course for the Juniors. This will enable them to develop a better paper next year. By creating new ideas this year, they will have more satisfaction from knowing that they have provided our school with a paper worth reading by hard work and experience as they grow in their knowledge of what journalism really is.

Let's Answer Truthfully

By Phyllis Edwards

Most of us have great plans when school first begins, but after a few weeks, some of us may last a month, we start slowing down and getting that, "I don't care attitude."

Sure we have to work in school, but we will have to work all our lives at something. School also brings on a lot of recreation and good times. If we all answer the question, "Do I Like School?" I think the answer would be "Yes," for those who have an interest in anything.

Let's show our appreciation for our school and our teachers. Let's make these school years the best in our lives.

Lone Oak Ousts Brookport 6-1

In the second game of the season one Oak beat Brookport by a score of 6 to 1 which was a different story than the first game. The boys played a much better game than they did in the opener.

Harper scored three runs, Copeland scored two, and Brown scored one run for the Lone Oak team.

NEW TEACHERS

Mr. Toletis Vincent is the eighth grade teacher. He went to Bremen High School and then to Georgetown College where he majored in Bible and History. Besides teaching here at Lone Oak, Mr. Vincent is pastor of the Blandville Baptist Church in Blandville.

Mr. Ken Wray is the assistant coach. Mr. Wray attended school in Wingo. He graduated from Murray State with a B.S. Degree in Physical Education and Agriculture. In both high school and college Mr. Wray has an impressive record in basketball.

Mrs. Lindsay is another one of our new teachers. She went to K. J. Clark Junoir High School in Alabama. She received her B.S. Degree in Math and Science from Auburn.

Mrs. Allena Cole is teaching commercial courses. She went to Ridgeway High School in Ridgeway, Illinois. From Murray State she received her B.S. Degree.

Mrs. Jeanette Kelley is our algebra teacher. She attended Kelly High School in Chicago, Illinois. She graduated from Arkansas State with a B.S. Degree in Chemistry and Math. She also has a Masters Degree in Secondary Education.

Miss Pat Watts is the freshman English teacher. She taught at Reidland High School last year. She graduated from Georgetown College with a B.A. Degree.

Mrs. Neville McCracken is the senior English and foreign languages teacher. Mrs. McCracken went to the University of Kentucky. From the university she received her Master of Arts Degree.

Mrs. Nancy Crass is the new home ec. teacher. She attended Hartford High School, Hartford, Kentucky. She then went to Murray State where she received a degree in Home Economics.

Mrs. Sheron Street is another of our eighth grade teachers. She went to Lone Oak High and upon graduating from here, she went to Murray. At Murray her major was in arts.

Mr. R. A. Di Silvestro is the senior English and American History teacher. He went to high school in Brunswick, New Jersey. He attended St. Francis College and Penn State College. From Penn State he received his A.B. Degree.

How About YOU Helping Out!!

By Carolyn Clymer

Are you helping your bus driver out this year? Or, are you being a nuisance?

Well, if you are, you shouldn't be! Our bus drivers this year are doing a wonderful job, we should all try to help them out.

Stop and consider him, the next time yo ustart to scream at someone across the aisle or throw a book at someone's head.

Surely we can all help him out by doing our part to keep order on the school buses.

How about you helping out?

Vo. Ag. And F.F.A. Officers

By Smitty Simons

The Lone Oak F.F.A. is the largest in the history of the school. The chapter consists of seventy-two members. Twenty-two of these are freshmen.

The chapter has installed these officers for 1959-'60:

President	Tommy McIntosh
Vice President	Roy Copeland
Secretary	Donald Brindley
Treasurer	Carrall Childress
Reporter	Smitty Simons
Sentinel	Bill Edd Grimes

The boys are working on the annual program of work and it will be the best program the chapter has carried out. All the committees have been chosen for 1959-'60 and are busily engaged making preparations for the year's events.

These boys attended the Kentucky State Fair in Louisville, Kentucky September 17-18 and participated in the following activities:

- I. Dairy Judging
 - 1. Roy Copeland
 - 2. Wilford Davenport
 - 3. Smitty Simons
- II. Dairy Showmanship
 - 1. Carrall Childress
- III. Seed Identification
 - 1. Bill Edd Grimes

The chapter provided two state farmers last year and will have three or four boys working to be State Farmers in 1960.

FASHIONS

By Sheron James

Formal date-dress trend for September is the discreetly covered-up look. The romantic and unexpected shading is the warm coffee-beige organzas and moires. I think the shoe styles are rather interesting because they go along with the dress in dyed to match satin.

In other shoe styles, the stacked heels, are wide and low. The shoe can be seen in suede, glove textured leather, brushed leather, and grained leather. For school the high excitement and handsome dash is something new—the car boot.

I think matched mates for school sets the pace for dyed-in-duplicate sweaters and skirts—a monotone look that's never monotonous. Sweaters come in fur-blend, lamb's wool, nylon, banlon, tycora, bulky knit, and helanca knit.

Your dashing new knits transform just plain skirts and sweaters into conversation piece ensembles. Patterns are textured or smooth.

The suits for this fall are very exciting and dashing. The dandy-mannered suits show gentleman origins in barely fitted cutaway jackets, broad notched collars.

Girls, you won't have to worry about getting cool on these extra cold nights because here for you are the bench-warmer coats which reach almost to the knees, while bundling you up nicely with furry pile linings. For the swashbuckling look you would want the generously cut cover-ups with furry textures.

Let's Study

By Beverly Hunt

Now that school has begun we have already started studying hard, or at least we should have started. At this age and time, we should have reached the conclusion that to succeed you must study. If success is wanted very badly, the chances are you will study.

So, if you haven't been doing your best in your studies, why not begin right now?

SCHOOL DAYS

By Betty Jo Weitlauf

Yes, those days are here again. Time to lay aside baseball, tennis, swimming, fishing, and all other summer activities and pick up your books and plunge into the business of gaining a higher level of education.

Just what these days will mean to you rest solely upon your shoulders. You can make this school year one of the best by applying yourself to learning and entering wholeheartedly into all school activities.

Many of you will do this and gain thereby, but others will not grasp these opportunities and will merely drift along. These students are a heartache to their parents and a headache to the teachers. We hope there are none of this kind.

School days are not all filled with hard work. There are so many social and sports activities that all students can have fun while learning. Then too, we enjoy a fellowship in the school that is found nowhere else. It's great to be again with boys and girls we haven't seen all summer. It is nice to meet new students and know more about the schools they are from.

The school board has provided us with a comfortable well equipped school. Our principal has worked hard to make ready everything needed for our convenience. So come on students let's make this the most enjoyable year for our principal, faculty and ourselves.

NEW SHOP

Due to the overcrowded conditions at Lone Oak last year the portion of the agriculture building designed for a machine and woodcraft shop was converted into class room. This year, however, the first six grades have moved to the new elementary school leaving that portion of the building vacant again. Since there is adquate space for a shop once more there will probably be a new shop started in the near future.

The faculty is in hopes that many qualified students will take advantage of this extra-curricular subject.

BIRTHDAY FOR SEPTEMBER

The people who had birthdays during the month of Sept. are as follows:

Billy Ritichie	Sept. 1
Mary Byrd	Sept. 1
Jo Ann Walls	Sept. 1
Sandy Moore	Sept. 3
Paula Kennerly	Sept. 7
David Collier	Sept. 7
Jackie Thompson	Sept. 9

Calling All Girls!

Busy getting your skirts and sweaters and the rest of your clothes organized for school?

Well, don't forget about your hair, girls.

Remember that "really nice" girl in your class. The year was nearly over before you discovered her good qualities. You'd been repelled by her straight, stringy hair or her dry, tight, fuzzy hair-do. She just hadn't looked "with it!"

If you want to get off to the right start, start right here in our beauty salon. With swift, sure steps we'll put you on the road to popularity with bright, shiny hair.

Everyone will be anxious to meet "that pretty girl who looks so polished."

Pick up the phone now and Dial 5-7193 for your appointment.

Lone Oak Romps
Brookport 14-1

In the second game with Brookport this season, Lone Oak swamped the Illinois team by a 14 to 1 score. The Lone Oak nine was in no trouble the whole game as can well be understood.

Copeland and Clark scored one run each. Andrews, Brown, Gilbert, Harper, Hodges, and Overton scored two each.

Lone Oak Downs
Heath 5-3

The Lone Oak nine beat Heath in the first game with them by a score of 5 to 3.

Copeland, Harper, McIntosh, Brown, and Gilbert all scored one run each.

Lone Oak Rolls
Past Redland 19-5

In the second game with Reidland, Lone Oak seemed to have little trouble with them as the score was a little lopsided with a 19 to 5 victory for Lone Oak.

Gilbert and Brown got three runs each for Lone Oak and Harper, Clark, Hodges, Huff, Copeland, and Overton all scored two each. McIntosh added one to his record.

Reidland got all five runs in the same inning off of Clark, the winning pitcher.

Honesty The
Best Policy

By Sylvia Rogers

Are you really honest at school all the time? If you are not, you are hurting no one but yourself. During that horrible 6 weeks test when the teacher leaves the room for a minute can you resist the temptation to secure an answer from your neighbor? Remember, your neighbor may not know as much as you do, so just to be sure, study a little, it certainly won't hurt you and will help you in the long run.

Wouldn't It Be Nice?

If we could combine the qualities of the following boys to make an IDEAL:

Eyes Bobby Anderson
Hair Smitty Simons
Nose Carrell Childress
Teeth Larry Powers
Physique Ike Huff
Walk John Bouland
Voice Danny Kelly
Height Sam Riley
Lips Eugene Littleton
Complexion Raymond Purcell
Hands Billy Yates
Personality Tommy McIntosh
Manners Ande Clark
Smile J. B. Champion

Reidland Defeats
Lone Oak 9-4

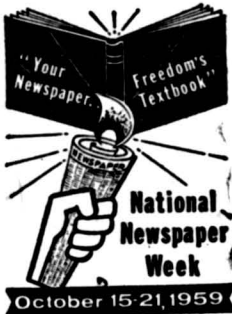

In Lone Oak's fall season baseball opener, we lost to the Reidland team by a 9 to 4 margin.

Copeland, Harper, Huff, and Johnson scored the four runs for Lone Oak.

Heath Turns Tables
On Lone Oak 7-2

In the sixth game of the fall season Lone Oak lost its second out of six, by the score of 7 to 2 to Heath.

Huff scored the only two runs scored for the Lone Oak team. This was the second game with Heath in the fall season. In the previous game Lone Oak won. This leaves us with a 4 won 2 lost record with two games remaining. Good luck boys, win both of them.

Can You Imagine

Donld Powers getting married?
Hilton singing with the Metropolitan Opera?
All boys falling for Connie Hines?
Ike Huff and Danette Littleton sitting through a class period without holding hands?
Sheron James and Elaine Hayes with flat-tops?
Tommy Holshouser with no mouth and ears?
Sherron Slusmeyer dating Mike Presley?
Carol Clark going with a boy 6' 5" ?
Sue Puckett not going steady?
Paul Pippin not getting his journalism assignments?
Chewing gum in Mr. Hall's class?
Seeing Ann Strong without Jack Osborne?
The downpour at Jan Nolte's pizza supper?
Roy Copeland making an 'A' in English?
Billy Herzog weighing 90 pounds?
Ike Huff and Hilton Hawes taking ballet lessons?
Raymond Purcell in the Beta Club?
Juniors selling magazines?
Anyone saying "Hey" to Mr. Crooks and getting by with it?
Mike Presley 6 feet tall?
Ike Huff working?

“SNOOPER”

What junior girls left the coke WKYB hop to go riding with some boys? How about it J.V. and D.Y.?

While taking a coast to coast flight in aviation training, what Lone Oak teacher went to sleep and almost ran over his wing man? Remember Mr. D.???

What about these Reynolds girls, boys? Do they bite??

Now who would go to the rest room to smoke during third period study hall? Could it be S.R.? ?

Who were the baton twirlers at the telethon Ike?

What is this we hear about you giving sugar to the customers at Carter's, Jack Gilbert??

Who did Kenneth Weatherspoon's girl friend go with Sunday afternoon and night after he left? Could you explain Vickye?

Where does Landra Hodges go when she leaves school sixth period to go to the dentist? Could it be Joe's house?

Sandie, what happens when you hold Gary Bryant's dog too long??

Is there a love affair between Jere Houser and Anna Harding?

We hear Patsy Green has trouble with her zippers during class??

Betty Reynolds, do you fight with Bob Steele when you date him???

Linda Moore, did you "steal" Tommy Holshouser's cigarettes?

Tony Harris how did you feel the night of Sylvia's birthday party???

Phyllis why did you hit Joe Pat the night of that party??

Oh! My Head

This scream of terror is heard throughout the school every hour. If you wonder way, just ask for a bottom locker next year.

After every class these unfortunate people have everything from books on their heads to their fingers shut in someone else's locker.

If you have had a bottom locker you know how it feels. So let's all be more considerate of others, and watch what we're doing that might injure others.

Lets Keep It Clean

By Melinda Brown

Lone Oak sparkles with a fresh new look. Why not keep it that way? What good does it do to clean a building and then mess it up again?

Some of the desks have been painted recently and already names have been carved in them, and the paint has been scratched off. The money and time spent have just been wasted. We are right back where we started.

The problem of littered rooms, halls and lockers is ever present. We could banish it forever if we just tried a little harder. Waste cans are placed so that no one will have to go more than a few steps to throw trash away.

When you are cleaning your locker, it would be a good idea to bring a large sack to put the trash in. Then all you would have to do would be dispose of the bag. It would take but little effort on everyone's part to keep this sparkle the year round.

Of The Month

Seniors	Kay Williams
	Ande Clark
Juniors	Donna Yates
	Danny Kelly
Sophomores	Judy Womble
	David Shelton
Freshman	Kay Shields
	Mike Purcell
Saying of the month ..	Daddy Rabbit
