FASHIONS

By Sheron James

Since spring is just around the corner and tournament time has arrived there are many ways to change your wardrobe.

Blouses are very popular, mainly because it is a change from your daily ensemble. Embroidery set in tucks and ruffle-front blouses, going elegant in woven brocade are favored by straight skirts and wide belts.

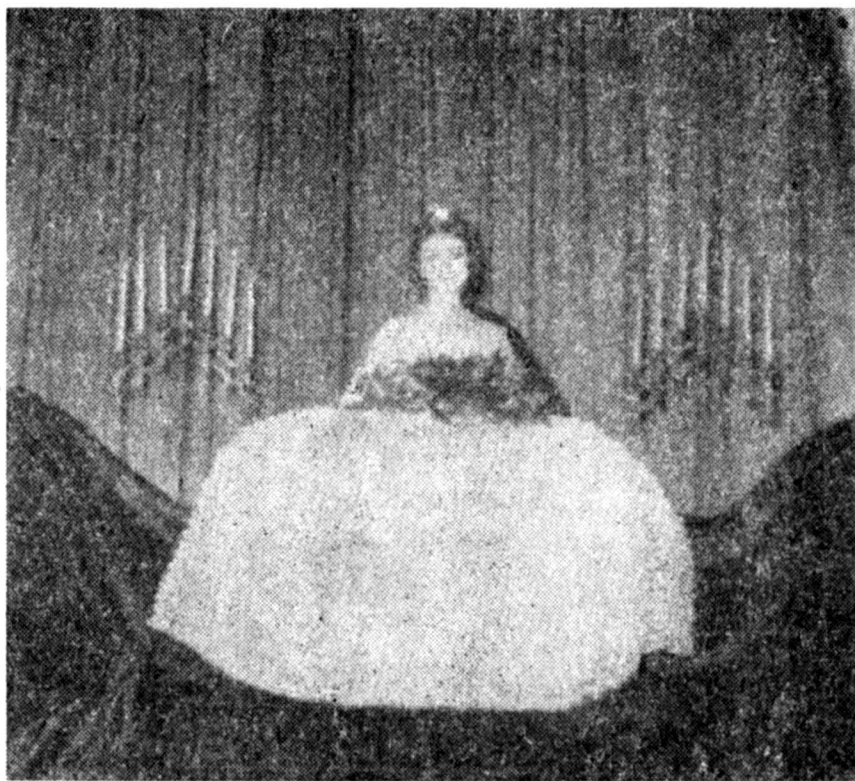

Gay colored or pastel sweaters will make you feel and look like Spring. Do not, as the weather begins to brighten, wear dark colored winter clothes or you will feel and look dull. Be bright with bright colored sweaters and skirts.

If you had rather go to a ballgame a little more dressed-up, a scooped-neck high-waist dress with a scalloped, back buttoned jacket; the look of a trapeze style overblouse. Three-piece look achieved with a dress in flowered and solid-color, with sleeveless jacket. A wool duet is a dress slim and collarless, its jacket lined with moire.

Another dressy style for ballgames is flowered, dark cottons. Divinely dressed-up, in nasturtium colors, with the lady-like news of fitted waists.

For shoe styles, dressy flats are perfect to set off either the skirt and sweater or blouse ensemble or the dress and jacket ensembles. If you are the type of person who likes low squash heels, they would favor the dress and jacket outfits.

Attention all girls! I asked you one month to let me know if there were any fashions you were especially interested in. I didn't get any response on what you would like to read about in the Fashion Column. If you have any ideas please see me about them.

QUEEN CORONATION

By Sue Puckett

The spectators at the Lone Oak-Reidland basketball game witnessed the coronation of the basketball queen, which was one of the most beautiful spectacles of the 1959-'60 school year.

LETTER FROM THE EDITOR

Dear Students:

I'm sure that all of us are very proud of our basketball team and for what they have done for our school. But I would especially like to thank them for the magnificent job that they have done. I think that each boy has represented our school very well, each boy has done his share on the team.

Most of the boys on the varsity team have played on the high school team since they were sophomores, they are now seniors. Everyone waited until this year for them to prove themselves and their record proves just how good they are.

The 'B' team boys, too, have done an excellent job. Their record for the season surpasses that of the varsity team.

All of these boys should be commended by each of us for everything that they have done for our school. They should be respected and looked up to by all of us.

Thank you, boys.

Sincerely yours,
Editor-in-Chief
Carol Clark

Chili Supper Success

Approximately 200 people enjoyed a delicious supper in the Lone Oak High School Cafeteria on February 18th. The meal consisted of a bowl of chili, crackers, a choice of cake or pie for dessert, and a soft drink or coffee.

The chili supper, sponsored by the Lone Oak Beta Club, was the result of careful planning and preparation on the part of the members, the members' mothers, the club sponsor, and the cafeteria workers.

The supper, originally scheduled to begin at six o'clock, was started about five o'clock because of the Tilghman-Lone Oak basketball game. Those who attended the supper satisfied their appetites and left ready to enjoy the game.

PAT'S PUN'S

Vickye: "Do you know how to drive a baby buggy?"
Jackie: "No, how?"
Vickye: "Tickle his feet."
Johnny: "Dad, I'm going to settle down and raise chickens."
Johnny's Father: "Better try owls, you are more familiar with their hours."

Post card received from her boy friend: "Haven't time to write a letter so will write a card. Can't say much on a card, so will close."

Tilghmanite father making out will: "To my son I leave three million dollars—and he's lucky I didn't cut him off entirely."

An iron worker was nonchalantly walking the beams high above the street on a new skyscraper, while the pneumatic hammers made a nerve-jangling racket, and the compressor below shook the whole steel structure. When he came down, a man who'd been watching him tapped his shoulder. "I was amazed at your calmness up there. How did you happen to go to work on a job like this?"

"Well," said the other, "I used to drive a school bus, but my nerves gave out."

Good News About Health Scholarships !

We've just heard of a wonderful project which is being financed by those coins we've been putting into March of Dimes containers. And, best of all, this project can help students in our school.

It's The National Foundation's Health Scholarship program, aimed at increasing the number of workers in the health professions—doctors, nurses, physical therapists, occupational therapists and medical social workers. This program offers anywhere from 5 to 25 scholarships per state—each of them totaling \$2,000 over a four-year period—to qualified high school and college students in each of the 50 states.

Interested seniors should check at once, because the deadline for filing application blanks is April 1. High school seniors are immediately eligible for scholarships in nursing, physical therapy and occupational therapy.

This National Foundation Health Scholarship program also brings good news to all freshmen, sophomores and juniors who would like to go into these professions, but who have hesitated about planning for college because of the lack of funds. We think it's a good idea to find out the scholastic requirements in the profession of your choice, and concentrate on meeting these requirements. Chances are, if you're really serious about entering, and if your grades are good, you'll be able to find financial help—even though you may not be eligible for a Health Scholarship.

Increasing the number of qualified workers in the health fields is a project vital to the future well-being of our country. As Basil O'Connor, President of The National Foundation, has said: "Out of the classrooms of today will come the Jonas Salks of tomorrow."

RECORD ONE OF BEST

Front row, left to right: Ernie Owen, Larry Davis, Ande Clark, and Larry Powers. Back row, left to right: Ike Huff, Tommy McIntosh, Bennie Brown, Kenneth Rushing, and Jack Gilbert.

In compiling a great record of 20 wins, with only 7 losses, these Lone Oak "A" team ballplayers have traveled some 2,000 miles and made 1,632 points up to District Tournament time.

We, here at Lone Oak, feel that we have a great team and hope some of our boys will continue their ball playing on some good college team.

Some of the greatest teamwork and sportsmanship of all times has been displayed by these young gentlemen both at home and on the road.

Coach Glen Dexter usually starts a game with Bennie Brown and Jack Gilbert as guards, Larry Powers and Ande Clark at forward and Ernie Owen at Pivot position and I must repeat the fact that these boys have performed wonderfully.

The Lone Oak cheering section has been led by five young ladies who are pictured below and are respected and well liked by all students and teachers alike.

Left to right: Becky Johnson, Winetta Wilkerson, Gale Kelley, Danette Littleton, and Laverne Kindred.

OUTSTANDING RECORD

Front row, left to right: Tommy Robertson, David Shelton, Larry Kaler, Kenneth Harper, and Troy Barkley. Second row, left to right: Houston Godfrey, Billy Hopwood, Charles Shields, and Johnny Overton. Back row, left to right: Ronnie Alexander, Jim Johnston, Taylor Phelps, Charles Dallas, and Coach Ken Wray.

The enviable record of 19 wins, with only 3 losses is held by the Lone Oak "B" Team who has compiled this record under the direction of Coach Ken Wray.

This team has played some outstanding games and have shown some of the greatest sportsmanship throughout this area. This team holds the record for the most points made in any one game with 72 points scored against Sedalia.

The three defeats suffered by this great team were by a total of only 12 points. The losses were at the hands of North Marshall, Reidland, and Paducah Tilghman.

The leaders of the cheering section for this team are:

Left to right: Kay Shields, Linda Cole, Judy Womble, Brenda Wynn, and Carolyn Douglas.

The flash have pretty well held up their average in the 1960 ball playing season. It was started in the 1959 season and has continued through the entire year. In the first part of the year, of 8 games attempted by the Oakers, they managed to win 6 of their games, thereby winning 75% of the games they played.

The second part of the season has been just as successful as the first part. The Lone Oak squad has maintained this average through the second half also. By winning twice as many games in the first half (16), and losing twice as many also (4), they have still retained their 75% average.

When things were looking bad at the start of the 1960 season, the Oakers saw they had to “get on the ball”. They did just this by winning the last 6 games of their 1960 season.

From seeing what these boys have done in their regular playing season, I see no reason for them not to win the state tournament.
