

Laura Reigns As Homecoming Queen

3 Victories Place Senior Debaters In "Debate of Year"

Charles Lindsey and Doug Myers won their third straight "Debate of the Month," on December 8, in Lexington, by defeating Larue County High School. By winning three consecutive victories in the "Debate of the Month" series, Charley and Doug are eligible for the "Debate of the Year" in May. Their opponent for the "Debate of the Year" has not been decided.

Besides defeating Larue County, Charley and Doug defeated Sacred Heart High School in October, and Murray University High in the November debate.

Anniversary Tea Will Honor PTA

A Founders Day Tea is the planned program for the February PTA meeting. The purpose of the Tea will be to recognize the 71st anniversary of the National Parent-Teacher Association. The association was founded by Alice M. Birney and Phoebe A. Hearst in 1897 under the name of The National Congress of Mothers. The association's goals were to revise the harsh methods of teaching boys and girls in the home and at school. The newly organized group quickly spread throughout the United States, and soon included fathers and teachers as well. In 1925, the groups name was changed to the National Congress of Parents and Teachers. Today there are approximately 40,000 local Associations, including over 9 1/2 million persons.

The February PTA meeting will be presided by Mrs. Robert Terry and Mr. Garvis Douglas will present the devotion. The date and time of the meeting are indefinite.

Come To The Homecoming Dance

Open Letter To Students

We are just about to finish our first semester in this school year. It has been a good one for most of us. I worry about the few who did not realize the importance of education. In most cases these students could have passed but just don't realize the importance of a good education. I hope all of us here might be able to help some of these students in some way. To the students who did help — don't feel bad about asking for help. You have lots of teachers here at LOHS that can and would be glad to help you. Do not be ashamed to let people help you. All through life you will need someone's help.

Let's make 1968 the best year yet! Learn more, be nicer, show more respect, stay out of trouble, and be loyal to your school!

I would like to say thanks to all students who help make our school the best, and let's continue to work hard to keep it that way.

Glenn E. Dexter

Individuality-Is it for you?

Are you stifling your individuality? When you meet someone, do you build a wall to hide your individuality, because you don't want to be foolish, and you don't trust yourself enough to not muffle your chances? Everyone has a fear of rejection. But why can't you be yourself, for better or for worse?

Having once read that fear of being disliked makes you avoid real involvement with people, this makes you masquerade — be a fake. But you're safe because no one has penetrated your shell. How about that! But that isn't the objective is it? When you meet someone, don't you want to "communicate," find something in common like an attitude or a sense of humor? It's impossible when you wear a mask. Wouldn't you rather be disliked for what you are than liked for something you're not?

Be an individual. Dare to say what you feel, laugh when you feel like it, and start building your own personality. Why must making an impression stifle your individuality. You'll be making an impression if you step clear of the rut of "impersonating cliques."

The greatest reward of being an individual is the self-respect you acquire by being more open and warm. That is, if you have the courage to break away from the crowd.

Library Issues New Rules For The Rest Of The Year

The use of the library at Lone Oak is a privilege, and this privilege is being abused. The materials are being found torn and ragged. Students are losing and defacing books. Our library is for the convenience of the students. Some respect needs to be shown to keep the library open for students who need reference materials and books. The library also has new rules concerning how the library may be used.

New Library Rules

1. Students may use the library during their scheduled study halls. No library permission during classes.
2. If a student walks or drives, he may use the library at 8:00 or 2:30.
3. If a student has a two-week fine or overdue book, he will have no library privileges until these are paid.

Holiday Dinner Held By Staff At Diplomat Inn

With dimmed lights and ukelele music, the journalism students held their annual dinner party at the Diplomat Inn on December 20.

Dinner got under way with journalism members drifting in and out? Wayne Hendon tried to be Master of Ceremonies whenever he got the chance. During the meal, Mickey Tabor wandered into the kitchen for more rolls, and was kindly escorted out. After the meal, (which was delicious, by the way) presentation of the gifts began. Brenda Wurth and Kathie Bichon presented Mrs. Miller with a birthday cake from the editors. Her birthday was Thursday, December 21.

For some odd reason, both editors received bubble bath? They didn't know how to take this, but finally decided not to ask questions. Patty Legeay got some Play Doh so she could have something to do with her hands. Gennie Goode was presented with corn flakes to "tall up," and Mickey Tabor received "grow pills." Max Garland got a camera because he never seems to have one when we need pictures for the paper. Wayne Hendon received a GI Joe shaving kit and promptly entertained everyone

Valentine Customs Yesterday - Today

Years ago, people held many beliefs in connection with Valentines Day. One of the oldest beliefs said that birds choose their mates on February 14. An old English superstition warned that it was bad luck to bring snowdrops into the house before Valentine's Day if unmarried girls in the home hoped to be married before the end of the year.

Most Valentine's Day customs were concerned with romance or the choice of a mate. Single girls had many ways of learning the identity of their future husbands. Sometimes a girl wrote her boy-friends' names on bits of paper and rolled each name in a little piece of clay. Then she dropped the clay into water. The first scrap of paper to rise to the top was supposed to contain the name of her true valentine. Some unmarried girls pinned five bay leaves to their pillow on the eve of Valentine's Day. They pinned one leaf to the center of the pillow and one to each corner, and believed they would see their future husbands in their dreams if the charm worked.

In Derbyshire, England, young women circled the church 12 times at midnight and repeated the words "I sow hempseed, hempseed I sow, he that loves me best, come after me now." After that, their true valentine

Clublicity

The Clublicity this month will deal with the most recent meeting, which was held in December.

The Physical Science Club's last meeting was a study of the geology of this part of Kentucky, Southern Illinois, and Southeast Missouri. The speaker was Mr. Herdy Miller. He showed samples of rocks and minerals taken from various places in Kentucky and adjacent states.

The Drama Club this month put on a series of one-act plays that produced some very interesting results.

The Hi-Y discussed projects to raise money for sending representatives to the Kentucky Youth Assembly. They would like to send a large delegation.

The Library Club raised money for a gift given away at Senior Citizens Night. The club also sent poinsettias to Mrs. Helfer during the Christmas holidays.

Tri-Hi-Y's last meeting was involved in a project to send magazines to the Kentucky State Hospital.

You might have noticed a new addition to our home basketball games. Thanks to the FTA you can eat hot dogs at the ball games now.

The Music Club dedicated their last meeting to the Christmas spirit, by showing a Bell Telephone movie on the Christmas story.

The NFL announces that the following people are eligible for membership: Karen Baker, Jill Brooks, Brenda Hearell, Wayne Hendon, Keith Hodges, Mark

A Valentine Tale Of Weird Origin

RICKEY TABOR

Many people may wonder how Valentine's Day came about. Since I am the only one who knows the true answer to this question I feel it my duty to let you in on the secret.

Many years ago in a small village in Sweden there lived an old woman and her young daughter. Their only neighbor was an old man who had a handsome young boy as his only young son. These two young people were madly in love with each other. But the only thing that kept them from being married and living a happy life was their parents.

The parents loved their children and would not agree to part with them. They felt their love for their children was much greater than the love between their children. Thus they were never allowed to see each other except when they would sneak off.

After a few years, they decided they must do something to show their love for each other. They needed some memento to keep forever. This would have to show their everlasting love for each other. It would have to be something very dear to each of their hearts.

Snow — Who Needs It?

Ice skating, sleigh riding, and snowmen are all part of cold snowy weather. Yet it never fails to amaze me how it always seems to snow over the weekends!

I can remember the joyous mornings that I rose and found it had snowed all night. I got great joy at the thought of digging all three cars out of the driveway — or treading across solid sheets of ice to empty the garbage.

I suppose snowy weather has its advantages, though they seem to escape me right at the moment. I do feel, however, that among the crowd of broken posteriors and frost bitten fingers, there are those who enjoy the lasting pleasure of deep snow and frozen ponds.

Don't get me wrong. It's not that I don't like snow. It's just that I must still seat myself with caution after trudging unmercifully to the mailbox and back to the house.

As I sit here thinking of the parties I have missed, and how many times my car has been ditched because of snow, the only argument I have for snow is the few days we were out of school because of it.

A Friend Is Found By A Wistful Child

KATHIE BICHON

Down with Valentine's Day! Who needs it? After all it's just a day for people who love somebody, or have friends. Why should I be happy, when all I have is a broken down shack to live in, and a mother and father who are always away or drunk? I've seen some of the kids in my class get pretty cards, or even a box of candy, but I've never even been told "Happy Valentine's Day."

I guess I'll just sit here while all of the other kids exchange cards and smiles. But wait. Who's name was that I heard? Was it mine? That little girl is handing me something with my name on it. It's a card for me. It's really mine. I have a friend. A real friend.

Would You Believe?

- No one changed any classes?
- The seniors will ever graduate?
- You can't find anyone to buy chocolate candy from?
- The sophomores' favorite class is geometry?
- The student room?
- So many government students had to take driver's education?
- The freshmen can never think of anything to say?
- Everyone out of class has a reason?
- The juniors are shy?
- We could have a whole week of school?

They then decided that on February 14, they would fulfill their desires and make this very important exchange. On the night of February 14, each of them killed his parent and traded hearts. To this day, it is customary to trade hearts on February 14.

LONE OAK TRADITIONS IN THE ALMA MATER

Fun, excitement, learning, friends and a school song are all part of high school life at Lone Oak. The students are easy to find, and fun is always brewing. The excitement is being with people. The facts are presented and learning too, becomes a part of the day. Friends are around everywhere—not only classmates, but teachers, principals and workers. But a school song seems to bring all of this together to create a fond, warm glow in the hearts of each student.

The Alma Mater is a tradition at Lone Oak and many are not aware of the words and meaning of this song. The Oak 'K' staff is presenting each student and teacher a copy of our Alma Mater below. Perhaps since everyone now owns a copy of our song, singing it occasionally with pride and volume will help restore the togetherness and team work needed for Lone Oak to be "the best".

was supposed to appear. Some young ladies rose early on February 14, looked through their keyhole, and hoped to see two objects. If a girl saw only one object in her first peep through the keyhole, she supposedly had little chance of being married that year.

In some places, an unmarried girl would strike her forehead with a folded rose petal. If the petal cracked, the girl knew that her valentine loved her. When a girl married, she could no longer take part in romantic Valentine's Day customs.

Today's customs include exchanging cards, wishing for a sweetheart box of candy, and giving tokens of love—or a good natured "dig."

Alma Mater

Our strong band can ne're be broken,
Formed at Lone Oak High.
Far surpassing wealth unspoken,
Sealed by friendship's tie.

Memories leaflets close shall twine
Around our hearts, for aye,
And waft us back on life's broad track
To pleasures long gone by.

High school life at best is passing,
Gliding swiftly by.
Then let us pledge in word and deed
Our love for Lone Oak High.

CHORUS

Alma Mater, Alma Mater,
Deep graven in each heart,
Shall be found unwavering true
When we from life shall part.

Mrs. Pritchett Is Teacher of the Month

This issue's teacher of the month is Mrs. Elizabeth Pritchett.

Mrs. Pritchett's first year of teaching includes both senior English and French. She says she especially enjoys teaching this age group, and tries to understand their many pressures. She shows extra interest in Lone Oak by being this year's cheerleader sponsor.

After attending Christian College in Columbia, Tennessee for two years Mrs. Pritchett attended and graduated from the University of Kentucky with a Bachelor of Arts Degree in English.

In giving her opinion of the Lone Oak student body Mrs. Pritchett said she thought the student body creates a friendly atmosphere at Lone Oak. Her only criticism on the student body is that they waste too much valuable time.

Just Talkin'

On January 19, 1968, Patty Legeay, Marcie May, and Sammy Hargrove, three LOHS students, performed at the Kenbar Inn for a Presbyterian Youth Retreat. The three sang folk songs to the group and then led a sing-a-long session.

This year Lone Oak has had a better cafeteria than ever before. Louise Osborne, Inez Dunlap, Alma Wallace, Nila Downey, Jane Johnson, and Maybell Whitaker can be thanked for the improvement.

Steve Turner, Keith Watson, Ralph McElrath, Jerry Snyder, and Keith Wicker, all LOHS students, along with Bruce Penix of PJC and Greg Sinclair of Tilghman make up a new group called The Time Syndicate. The group has played at the Coffee House, and for several private parties.

Michael Doane and Jimmy Walters are top of the top salesmen for the Student Council's drive to sell ads to go on one side of new stadium cushions. The traditional Lone Oak emblem will be on the other side. The Council hopes to sell five hundred cushions.

Reports of how Goldie Ashcraft, senior, is getting along are hopeful. Goldie can eat now and is well enough to call his grandmother in Paducah. You can write to Goldie at the following address:
