### Beginning Teachers Learn By Experience

There have only been four student teachers roaming the halls of LOHS. Mr. Leonard Neely is doing his student teaching under Mrs. North this six weeks. He is originally from Brookport and graduated from Metroplis High School. Business manager was his major at Murray State in which he graduated from in January. Since Mr. Neely is a country boy, he likes all sports along with hunting and fishing. When asked his opinion of LOHS, he replied, "I feel that I, myself, am gaining a learning experience as well as my students. I think that I'll miss Lone Oak when I leave." For future plans, Mr. Neely hopes to teach high school level in Western Kentucky.

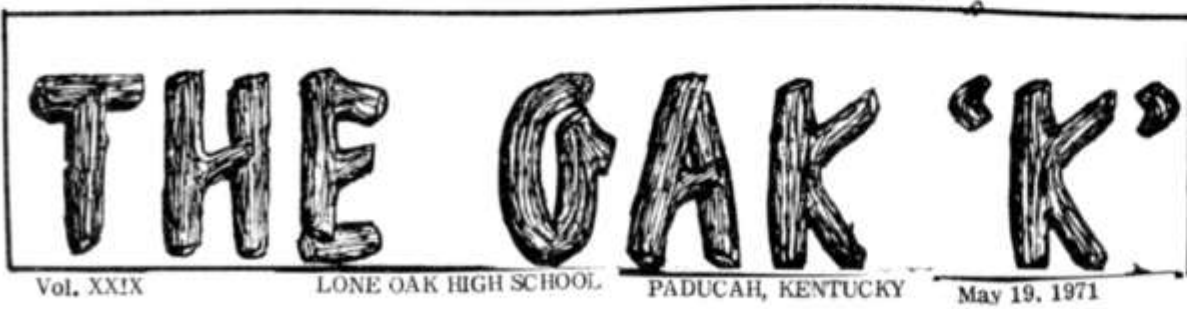

Miss Frances Simpson is being shared among two faculty members. She observes two English classes for Mrs. Brugger and teaches one class alone. Then she works in the library three house for Mrs. Helfer. After Mrs. Simpson finished Mayfield High she went to Murray State in which she will graduate from this June 5. She is now living in Mayfield

and plans to be a librarian, hopefully in Kentucky. At Murray she belonged to Alpha Beta Alpha, which is an under graduate fraternity for library science students. Some of her hobbies include antiquing, playing the piano and, of course, reading.

When Miss Simpson's impression of LOHS was questioned, she replied, "I like the students but you need a new building with more room. I'm glad to see that improvements are being made."

Miss Sherry Trevathan is a 1966 Paducah Tilghman graduate. She graduated from Murray State in 1970. Now, she is helping Mrs. Beckman by teaching the general biology classes. Miss Trevathan enjoys sewing and traveling as her hobbies. She's been up most of the East and West coast, including Old Mexico and Canada. She has big plans to be married and to teach in Georgia.

Miss Trevathan gave her opinion of LOHS and surprisingly stated that, "Lone Oak out does Tilghman 100%!" She explained that Lone Oak is a much more relaxed and friendlier school.

### May's Pedagogue is Biologist, Beckman

Mrs. Mary Beckman, Biology teacher, is the teacher of the month for May. Mrs. Beckman started teaching at Lone Oak in 1960, teaching General Science and then biology for the past six years.

Mrs. Beckman attended high school at Symsonia and then received her B. S. degree and M. A. degree in education from Murray State University. After graduation from college, she started working at Union Carbide where she met her husband Mr. Fred

Palmer Beckman who is from Nashville, Illinois.

Mrs. Beckman has 3 sons, Freddy, a junior, Kent, a freshman, and Phillip, who is in the sixth grade. Mrs. Beckman was cheerleader sponsor for 2 years and she sponsors the Biology Club. She loves Lone Oak and she loves teaching here. She's been to other schools but none quite like Lone Oak.

Mrs. Beckman says a nice new building would be a great asset to her needs and if Rodney graduates this year.

Few people would ever think of the problems caused by the student parking places. Each year every student that drives to school gets a new parking number. Also, each year these parking places are either stolen, swapped or mixed up somehow. Thus the "parking confusion" begins and the race is on!

When coming upon your very own parking place and finding another car in it, one frantically races for another empty space, preferably closer to the school. The next person to come along will naturally face the same crisis and furiously swipe another parking space. This crazy mixup will continue for the rest of the day. In drastic cases, students have even been caught parking their cars in the teachers' parking places or, worse yet, in front of the school! As a small warning, gang...THESE ARE NO-NO'S!!!

For beginners, your car might be towed away if it's parked in any place besides the student parking lot, or you might lose all of your best friends if you steal their parking places. The worst of all the penalty is having all student driving privileges taken away. They can and will do this if we, the students of LOHS, don't straighten up. So cool it, and keep your own parking place!

## For Father

Dear Sir:

I am not writing this in an attempt to force you to change your mind --you are entitled to your opinion--but I just want you to hear my thoughts on this subject.

Sir, times have changed since you were sixteen. It may have been only fifteen to twenty years ago; it may have been more. But we live in an age which is endowed with the fastest communications ever. Because of this much more knowledge is gathered each year. However, people have also changed. It's somewhat like this: When you throw a faster kind of fuel on a fire, the fire burns faster. You may not realize it, sir, but the daughter you are bringing up is very much different from the daughter your wife once was. Your daughter very likely knows as much as a freshman as your wife did when she was a senior, but almost as importantly, she knows as much about relating to people.

I realize, sir, that young people have problems today that the youth of your generation did not have. This can be expected--as I said, times have changed. But in us has been instilled the knowledge needed to cope with these problems.

I also realize that you have a right to be hesitant about letting your daughter go out with a boy at the age of fourteen. However, if you were to allow her to go out, it would demonstrate to me that you have faith in the things you have taught your daughter--things such as the kind of boys she should go out with, and how to act on a date. It would show her that you trust her and make her want to live up to the responsibility you have given her.

Sir, I realize that you are a great deal wiser than I and much more experienced. Since you are, I ask you respectfully to hear my ideas. I admit I may be biased in my views. You could be, too. But through communication, one generation, and another, can understand each other better.

After all sir, that's what life is about.

Respectfully yours,  
John Q. Donoho

# PANIC

Yvonne Martin

On that fair summer day  
when I breezed passed a large  
diesel,  
I came face to face with my  
death token!  
Another vehicle came to greet me..  
Head On!

A strength of panic  
sent my car swirving and  
skidding sideways; yet somehow  
I managed to miss that  
other car!

Life was beyond hope! As I sent  
my monstrous, uncontrollable  
car turning and flipping over  
the hillside!

Spinning in slow motion  
as if I were rolling on  
a clumsy cloud  
of nothing,

Falling so slowly...  
drifting forever.  
Time seemed endless...but it  
hit so hard!  
AND CRUMPLED  
and crumpled  
so cruelly!

The numb sense  
of death...  
Oh so strange...but  
so very real.

## Art Club Visits Famed Museum In Saint Louis

This year the St. Louis Art Museum was once again invaded by a throng of LOHS Art club members.

The trip to the museum began at 5:30 a.m. Wednesday morning April 21. During the trip various people attempted to resume their disturbed sleep. This resulted in sore necks and irritable tempers.

During the tours in the museum students were lectured on progress in art from the 18th century paintings to modern art. A twinkle contest was held during the picnic lunch. Jan Hulen was awarded a huge paper ribbon for first prize. Her twinkle cake was artistically decorated with whipped cream, jelly beans, sugar crystals, and cake coloring.

After lunch a lecture on French art was given. Students then had an hour and a half free time. Many of them visited galleries taking pictures, and most all returned exhausted to the bus, before their time was up.

The trip home was a time of relaxing until Rusty Herring got his foot caught under the bus seat in front of him. Desperate attempts of rescue were made from Vienna (about 30 miles from Lone Oak) to Paducah. Rusty's foot was released unharmed soon after crossing into Kentucky.

Arrival to LOHS was 8:30 p.m., the tired yet happy students went home to recall their experiences of the day.

Fate came knocking at my door,  
Smiling asking me, "Want more?"  
"No, I said, I've had enough."  
Smirking still, Fate said "That's tough!"

It settled a moment  
then a wind  
Carried to other places.  
Life is so.

## Bubble Gum Poetry

Diane Qualls

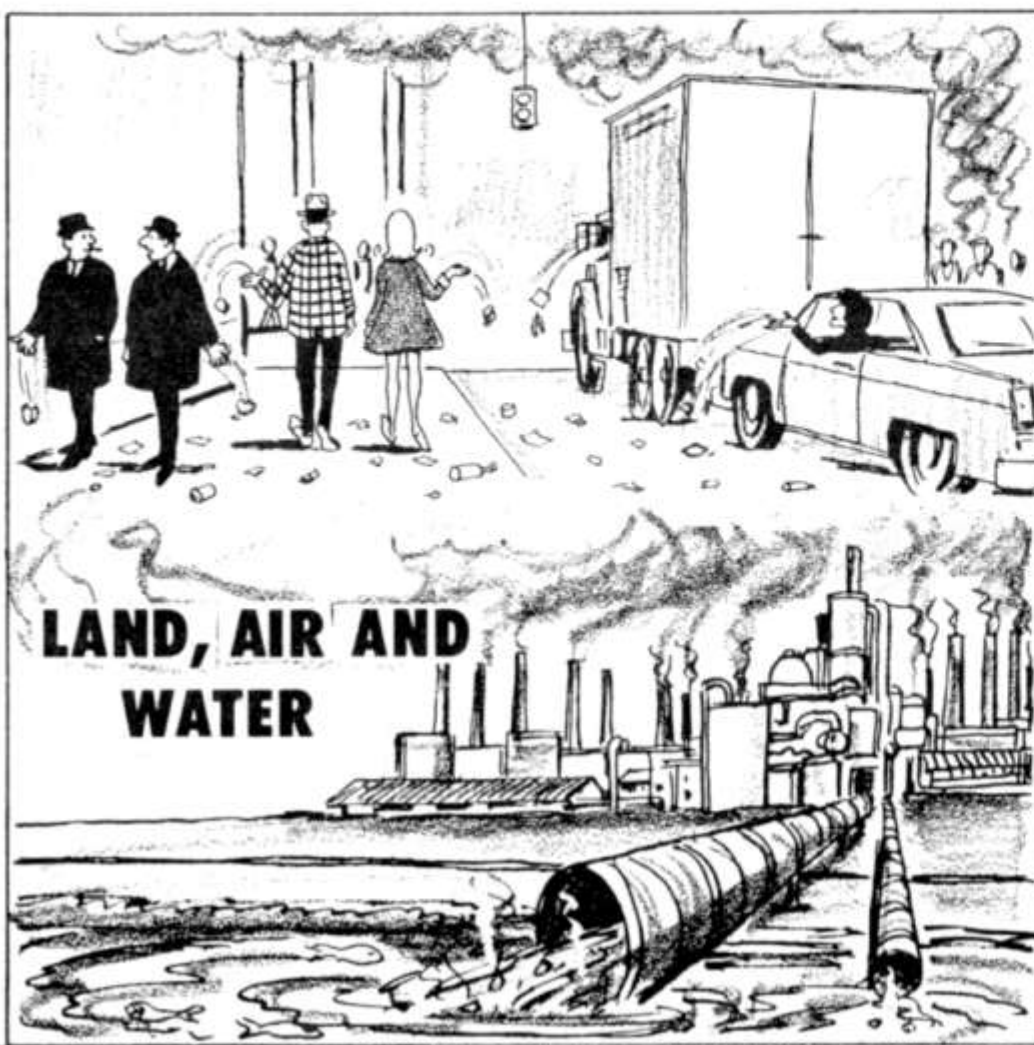

Jack and Jill went down the strais  
 To eat a little early.  
 Jack met "Zeke" and Jill wnet  
 "eke!"  
 While innards turned topsy turvey.

Jack be nimble,  
 Jack be quick,  
 Why haven't you done,  
 Your arithmetic?

Hey diddle diddle,  
 The cat and the guitar,  
 The singer sang a "blues" tune.  
 The pretty chick laughs,  
 To see such dance,  
 And the prom was over too soon.

Sing a song of school days,  
 of years that have gone by.  
 Graduating students,  
 Working to by.  
 When it was all over,  
 The girls began to sing.  
 Seems like only yesterday,  
 You first met the king.

The king was in the office,  
 Counting out the money.  
 The queen was in the classroom,  
 Doing her daily lairnin'.  
 The maid was in the hallway,  
 Sweeping up the dust.  
 And along come a cool cat,  
 Who made his bubble burst.

VOTED THE "GREATEST CUB EVER" BANKS PROBABLY WILL PLAY A RESERVE ROLE THIS YEAR. HE HAS HIT OVER 500 HOME RUNS IN A BRILLIANT CAREER...

The 1971 LOHS Baseball Season has turned out to be a successful one. Not only has this year been successful but next year should be even better! With only one senior on the team this year, next year's team should gain in experience and ability.

Some highlights of the 1971 season include Alan Sander's No-hitter fired against Fulton County. The No-hitter is a sign of Alan's abilities. He being only a freshman should improve a great deal more. The offense really has sparked this year with a 20 run performance off Farmington and 15 runs off Heath. Good luck Flash in the District Tournament!

## All Sports Banquet Honors All Athletes

The football honors this year will be for best offensive line, best defensive lineman, best offensive back, best defensive back, and the hustler's award. The freshman basketball awards will be for the best free-throw percentages, the best shooting percentages from the field, and the best rebound award. In the track department Mr. Norris will honor the best senior track man and the most valuable track man. Coach McKinney will give letter and letter jacket awards to the varsity players.
