Baseball

Without looking at their overall record, The Lone Oak Purple Flash Baseball team has had a pretty good season.

With a record of 10 wins and 9 losses, they're barely batting over .500. But the team is not completely dissatisfied. They've played some very hard teams and they did accomplish a personal goal of beating Paducah Tilghman twice.

The Purple Flash has also had to do some adjusting due to the loss of Mike Ceglinski. Some of these adjustments are coming through and fewer errors are being made. Learning not to beat themselves has been an important step this season.

Coach Mizell and Coach Morehead agreed, "We're not concerned about our record right now. We're looking more towards the upcoming tournaments."

Tennis

Once again, the Lone Oak Tennis Team has had nothing short of a perfect season.

The boys, with a record of seven wins and no losses, and the girls, with a record of six wins and no losses, both expect to do very well in the regional tournament. In the tournament the girls team will be looking towards Paducah Tilghman, while the boys will be looking to Murray High for their greatest competition.

Coach Larry Heflin will be sending two singles and two doubles teams for the boys and for the girls teams. Names have not been given to these spots yet, but there is a strong lean towards Robby Robertson and Nicki Edwards as two of the singles players and the teams of Jeremy Smith/Thys Mouw and Caroline Steele/Julie Grogan as two of the doubles teams.

"We've set our goals high, but I feel we can accomplish them," comments Heflin. The tennis team is looking to sweeping the tournament with both single's titles, both double's titles, and both team titles.

Softball

So far this year's softball team has been doing pretty well. As of April 29, they were 7 games over .500.

Head coach Phyllis Jones said that of her many good players that the two most valuable this year would be Angie Jones and Leslie Larrison.

When asked about their chances in the district tournament, Coach Jones said, "I feel that if the girls play well and their attitudes are good, we have as good a chance as any team in the district tournament."

If the team wins the districts this year, that will be the fifth title in a row for Lone Oak.

Editor's Commentary

I would like to utilize this space to extend special thanks to The Oak K staff members and especially Mrs. Campbell. The production of this paper wouldn't have been possible without your dedication, cooperation and diligence. Somehow this publication usually made deadlines, even with every odd against us. This year was truly a "trial and error" experiment.

A warm appreciation to the student body, faculty and administration. You gave the newspaper substance and support. Seeing people reading The Oak K and commenting on the articles really made the hard work worthwhile. Please continue patronizing the newspaper.

Good luck to the class of '92. May you set and accomplish an array of goals in the future years. Represent LOHS appropriately in the "real world." God bless you.

Kindest regards,
 Sarah Williamson

Junior Rotarian

by SCOTT COOVERT

The month of May has brought flowers and another Junior Rotarian. Macie Jones will be representing LOHS at all Paducah Rotary Club meetings as May's Junior Rotarian.

Jones is a member of Beta Club, Fellowship of Christian Athletes, Physical Science Club, Key Club, Students Against Driving Drunk, and Pep Club. She is also an Honor and Outstanding student. Jones' future plans include attending Samford University and majoring in pre-med or pharmacy.

Senior Foreign Exchange Student Rosa Castellanos happily tries on her graduation cap for size.

Honor cont.

years, Outstanding Student, Kentucky Youth Seminar, Youth Salute and Student Athlete Cheerleading.

Korte replied, "Although there have been several teachers who have influenced me in some way, the greatest influence on me was Mrs. Judy Bostrom. By pushing me to the limit in both third and fourth grades, she established a determination in me. Because she expected nothing less than my best, I learned to work hard and to not waste a single minute."

Some of Korte's best high

school memories are placing 12th in State Cheerleading Competition her freshmen year and activities such as Golden 100 and Girls State. One of her favorite memories is her senior year as a cheerleader because the closeness of the squad and the successful season made the year unforgettable.

Furlong plans to attend Murray State University and major in pre-med. Some of the activities she has been involved in during her high school career are Band, Concert Band, Pep Band, Biology Club, Physical

Science Club and Beta Club. Some of the honors she has received are being an honor student, Quad State Symphonic Band, Youth Salute and All-State Honor Band.

Some of the teachers who have influenced her are Mrs. Whitson and Mrs. Campbell, "because I feel they have more than adequately prepared me for the college atmosphere. They have also taught me to study harder and search further!!" Some of her best memories of high school were marching band contests and Prom '92.

Lynn plans to attend University of Kentucky and major in environmental engineering. Some of the activities she was involved in during high school were Tennis Team, Tennis Club, Pep Club, Beta Club, annual staff and Physical Science Club. Some of the honors she received are Honor and Outstanding student, "Most Likely to Succeed" and Youth Salute.

One of the teachers who have influenced her is Coach Heflin, "because he taught me that being the best is not as important as trying your hardest and being the best person you can be." Mrs. Whitson and Mr. Sensing have also had a great influence on her

throughout high school.

Lynn's favorite high school memories are the ones with her friends when "we all got together and just had fun!"

Peterson plans to attend University of Louisville and major in pre-med. Some of the activities he was involved in during high school were soccer, Beta Club, Band and Physical Science Club. Some of his honors were being an Honor Student, an Outstanding Student, Mentorship Program participant and Junior Rotarian.

Peterson commented, "Mr. Heflin, Mr. McGroarty and Mr. Sensing, because he motivated me to learn the almost insurmountable amount of information in chemistry and physics. His tests also help me motivate." Some of his best high school memories are all the trips and activities, like band, soccer and the physical science club's trip to Chicago.

The remaining honor graduates are Aimee Kakascik, Jamie McDaniel, Macie Jones, Mike Keeney, Todd Wagner, Keith Ballard, Wendy Mitchell, Christi Carroll, Jason Jones, Chrissy Whitelock, Erin Steadham, Leslie Larrison, Aaron Clarkson, Jill Davis, Tabitha Wright and Donald Carnie.

BATTLES

Life is an up hill battle that is fought.
 Fight, Fight, Fight the outcome still is nought.
 Blood, sweat and tears flow from the veins of humanity.
 Life has no grief, pity, sense, sorrow or sanity.
 Relentless innocence has gotten us where we are today.
 Preseverance in life will determine the roles we play.
 Either Captain, General, Private or Cook.
 The years behind remember well, the time thats now around you look.
 Pain will be seen and tears will be tasted.
 The years ahead don't let be wasted.
 Battles will be lost and spoils to others go.
 Do not hate those opposing you.
 Do not fear, you courage show.

Que sera, sera-"What will be, will be", Carpe Diem-"Sicze the Day"
 Phrases of life that help relieve the pain.
 To many of us live that way.
 So many questions, so little time to ask.

Why can't things be the way they use to?
 Why do they have to change?
 Why can't I have one more chance?
 Why can't things be the same?
 Only if I could have that special someone.
 Only if I could pass that certain test.
 I think I would be better off with eternal rest.
 All of us feel that way every now and then.
 Life is one big battle that is fought.
 Fight it right, play your role with pride.
 When your turn comes to you make a stand.
 Stand up straight, grab it with both your hands.
 Live life to the fullest, you only get one dance.
 Don't try to force it give it another chance.
 Life has a weird way of giving you what you need.
 You won't always get what you want.
 Life has a weird way of letting you make it with what you recieve.
