Recipe of a Best Friend:

2 good friends
1 cup of fun

1 great sense of humor
1 dash of honesty

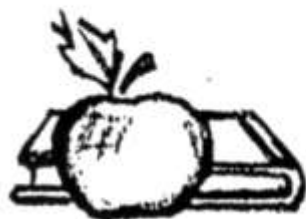

"My best friend is Tabitha King. Tabitha is my best friend because we always have fun together. She also has a great sense of humor. The one thing I like most about her is that I can tell her anything; she also encourages me to do my best in everything; and we are also very honest with each other. **Kathy Bement**

Would You Believe . . .

We asked some of our LOHS teachers what career they might have chosen if they had not become a teacher and would you believe . . .?

Mr. Griffith — “I would’ve been a Harley Davidson motorcycle mechanic.”

Coach McKamey — “I would have been a coal-miner.”

Mrs. Hayden — “If I weren’t in an art related career, I probably would have majored in psychology rather than education, or become a beach bum on a warm tropical island.”

Mrs. Harper — “I love what I do! Teaching is a very rewarding experience for me, but if I didn’t choose to be a teacher, I would have been a hair stylist. I decided on teaching (and I have never been sorry)! When I was much younger, I even thought about being a missionary and traveling to foreign countries to help others. Once I even thought ‘What if the Lord calls me to be a nun?’ I could never marry or have children — and then someone told me you had to be a Catholic. Since I’m a Methodist, I became a teacher, wife, & mother!!!

Mrs. Farmer — “If I were not working as a teacher, I would probably be working at Computerland, a computer franchise that my husband and I own. I might work in the accounting department or train business persons on how to use the computers they purchase from us.”

Mrs. Titsworth — “ I probably would have been a nurse.”

Mr. Cobb — “I would’ve been a wildlife biologist or an outdoor photographer.”

Mrs. Hosick — “I would’ve been a writer.”

Mr. Franklin — “I started college in pre-engineering with my sights set on becoming an electrical engineer. Low funds caused me to take a teaching job on an emergency teaching certificate. I fell in love with teaching and finished my degree in teaching rather than in electrical engineering. I still enjoy doing electrical work and do some house wiring during summer vacation. My thoughts occasionally drift back and wonder what it might have been like to have spent my working career as an electrical engineer.”

BEGINNING A WINNING TRADITION

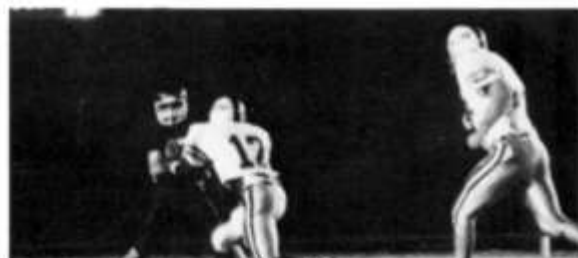

Lone Oak High School began its 1992 football season seeking just that. After giving control of the team to **Coach Tony Roth** and his Multiple I Option offense, the team recorded five wins and six losses due to outstanding play by many of his seniors.

The offense, powered by the arm of **Jeremy Anderson** and the fleet feet of **Charlon Clark**, gained nearly 2,500 yards and scored 164 points. Quarterback **Jeremy Anderson** passed for 320 yards and combined with receiver **SheRon Minter** for 202 yards and three touchdowns. Lone Oak's ground game proved even more lethal for opponents gaining 2,022 yards, led by senior tailback, **Charlon Clark**, who used his unique running style to snake his way to a thousand yard season.

The Lone Oak defense proved stingy, allowing only 163 points to be scored against them. **Chad Kinsey** led the way in tackles with 143. Lone Oak also did very well in gaining turnovers, recording ten fumble recoveries, three by **Chad Kinsey**. The swarming Lone Oak defensive backfield gave opposing quarterbacks fits, intercepting six passes, with **Jeremy Anderson** and **Charlon Clark** leading the way.

After the season, Lone Oak players received honor for their achievements. Linebacker **Chad Kinsey** was named to the "All Western Kentucky Conference" team along with Center **Garland Crawford**, Kicker **Rickie Powers**, Tailback **Charlon Clark**, Special Teamer **Greg Dobbins**, and Defensive back **Jeremy Anderson**. **Garland Crawford** received the "Richard Byrd" award for his outstanding play during the season, while **Chad Kinsey** was named "Coach on the Field." Finally, **Charlon Clark** was named to the "All State" team at defensive back.

The Flashes are fast becoming a force to be dealt with and if their outstanding play continues, this team will go far.

1) Chad Kinsey looks for a play. 2) Rickie Powers, Josh Moore, and Cliff Harper watch the scramble for the ball. 3) The sideline focuses on the game. 5) Coach Roth talks strategy with his offense. 6) Cliff Harper takes a break from the game. 7) Charlton Clark runs the distance for touchdown. 8) Jeremy Anderson blocks two defenders.

The 1992-93 boys soccer team finished with a 6-7 record overall, one game better than last year. Second year head coach Greg Vickrey said he'd have to agree with the team voting that **Chris Lacey** was the most valuable player overall.

Vickrey also commented, "I was proud that we improved by one game this year especially considering how young we were."

With many young players returning, the team is already looking forward to next year.

The team celebrates their win against Heath

IT'S A KICK

1992 kicked off the beginning of the first girl's soccer team at Lone Oak.

Twenty six girls turned out full of excitement, enthusiasm, and ready to learn. The team was coached by Mike Williams and Tony McGroarty.

Throughout the season the team improved their skills and learned to work as a team. Assistant Coach Williams said he felt that the season was very successful. "Our main goal this season was to set up the system . . .

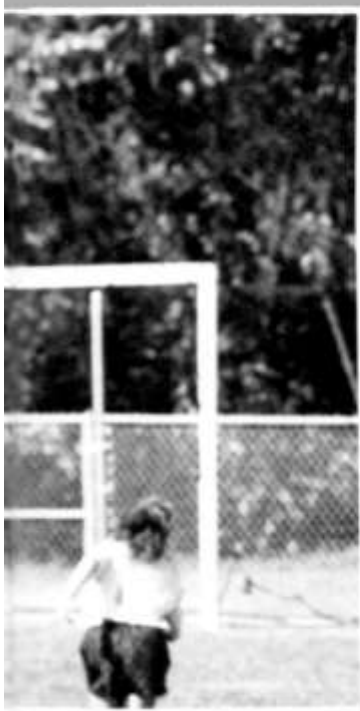

. . . The girls progressed with every game and practice," he said. **Caroline Steele** had the first goal of the season against St. Mary. The team finished with a 1-8-2 season with the ties against Heath. The win 4-3 was against Heath in the first round of the regional tournament.

Fifty-two years of continual Lone Oak pride and tradition.

The Oak K Staff and Advisor

The Oak K has been a tradition at LOHS for fifty-two years. It is a special symbol to everyone on the staff. From the time you begin writing until the moment the printers deliver it, chaotic things and personal gain happen. Through the wild stories, plus all of our BIG personalities we managed to achieve our goals. This has been my most wonderful year here, mainly because of the staff and Mrs. Campbell. Thank you. I love and will miss you all.

Students learn to use the Aldus Pagemaker to improve the professionalism of the paper.

It's hard to believe four years have finally come to a bittersweet end. *The Oak K* has been one of the best parts of my short high school years. I've accomplished professional and personal goals by implementing progressive changes for the newspaper. I could not have made those changes possible without the help of the staff and Mrs. Campbell. Thanks for all the work, support and most importantly, the friendships. Keep in touch and never forget the wonderful times. I love and will miss you all.

Career Opportunities at

Western Baptist Hospital

One thing that makes Western Baptist Hospital special is that we are progressive. Since the doors were first opened in 1953, we have grown from a small-town hospital to a regional referral center. We continually strive to offer more services and to update the services and technology we presently have. We realize that for our employees to meet the needs of our patients, we must offer the best possible opportunities and working environment.

As a provider of healthcare services beyond the traditional inpatient services, Western Baptist offers challenging career opportunities for today's nursing and allied healthcare professionals.
